ZEPPELIN BREAKS PRIOR RECORD

CHEMIST EXAMINED BY DEFENSE LAWYERS ON DRUG TESTIMONY

BELIEVE HOOVER IS FOR SUGAR SLIDING SCALE FOR TARIFF

Is Principal Issue Before Capital Leaders

WASHINGTON, Aug. 5.—Sugar has become the political issue of the day here, attracting the interest of President Hoover, senators of both parties, the new Democratic publicity agency and the countless lobbyists on hand to represent the various factions.

The president, returning from his week-end camping trip to the Shenandoah Valley with Chairman Smoot of the senate finance committee, whose sliding scale was proposed last week, brought a new angle into the sugar fight. While there was no official announcement of what Mr. Hoover thought of the scale, there were strong indications it is acceptable to him. Therefore, it may be adopted by Smoot's committee as a substitute for the flat three cents a pound rate in the house bill.

Mr. Hoover and Smoot found another new angle of the fight had been opened in their absence when Senator Borah of Idaho, let it be known he was considering a tariff bounty plan as a substitute for both the Smoot one to three cent rate and the house flat duty. The influential Republican orator of the last campaign is favorably considering a proposition to lower the present tariff rate on sugar and in place of such protection to offer American producers a bounty from the treasury of two cents a pound on all sugar produced within the continental United States.

Borah's plan would cost about $50,000,000 yearly from the treasury, which might or might not be made up by the low tariff rate, but he says it would be far cheaper for the consumers than either the Smoot scale or the higher house duty.

The mere suggestion that Borah had some such proposition in mind brought him encouragement from several sources, including the American Association of Carbonated Beverage Bottlers which has been protesting against the house duty.

Snook Advises With Counsel; To Fight Confession

COURT ROOM, Columbus, O., Aug. 5.—The Snook-Hix murder trial took on the semblance of a laboratory today as cross-examination of C. S. Long, chemist, was continued by attorneys for Dr. James Howard Snook, formerly Ohio State University professor accused of the murder of Theora Hix.

Microscopes were ranged on the state counsel table; packages of mysterious appearance were brought in; books on chemistry and kindred subjects were stacked around and jaw-breaking, scientific terms were whistling thrugh the court room to the evident bewilderment of the audience.

Long, on Saturday, had testified he had found by chemical analysis that stains on Snook's automobile, gloves, clothing, hammer and knife were human blood and that two supposedly powerful sex-exciting drugs were found in the stomach of Miss Hix. He was under cross-examination today.

Long's testimony today sounded like a college examination in analytical chemistry. He was required to describe tests he made, name the "volatile poisons," the alkoloids and cite authorities for what he said.

Two technical advisors on chemistry sat at the defense counsel table coaching the lawyers, and the state, not to be outdone, had an assistant from Long's laboratory at its table.

Long had his text books with him and cited passages and volumes to support the message he employed.

Dr. Snook, leaning back in his beach chair, also gave the lawyers the benefit of his scientific knowledge. He and Attorney Max Seyfert were in conference constantly.

Tests of the potency of the drugs said to have been found in Theora's stomach, on dogs at the city pound, testified to on Saturday, again were described.

Before the drugs were administered "the dog was shy, demure and quiet," Long repeated.

"After the administration of the drug the dog's disposition changed," he went on, "It also lost control of its hind quarters and couldn't walk straight."

The questioning ran seemingly far afield at times. Once it digressed to establish there is no hair on cucumber seeds. Then there was much time used discussing how much of a specific drug there is in a normal blister beetle.

Vigorous opposition to the introduction of the alleged confession of Dr. Snook was planned by attorneys for Snook today.

Not only will they oppose introduction of the written confession on the grounds that it was obtained through third degree methods and is not voluntary, but also will they object to the evidence of two newspapermen to whom Snook is said to have re-

Wins Italian Post

Years spent as minister to the Netherlands and Argentina form a background of experience for John W. Garrett, Baltimore banker, named United States ambassador to Italy, to succeed Henry P. Fletcher. If acceptable to Italy he will go to Rome as soon as Fletcher's resignation becomes effective.

CHICAGO TONG WAR SHATTERS TRUCE OF YEAR

One Chinese Dead, Second Hurt In Outbreak

CHICAGO, Aug. 5.—Nine squads of police patrolled Chicago's Chinatown today guarding against further outbreaks in a new Tong war which already has resulted in the murder of one Chinese and the probable fatal wounding of another.

A truce of more than a year between the On Leong and Hip Sing Tongs was shattered yesterday when guns blazed almost simultaneously in the Chinese quarters of Chicago, Newark and Boston. Two were wounded in the eastern cities.

Yee Sun, a Chicago member of the Hip Sings, was slain when he ventured into On Leong territory. He fell with three bullets in his body almost at the door of On Leong headquarters. The killer, living up to Tong traditions, dropped his pistol beside his victim as he fled. Joe Tuck, On Leong member, held as the slayer, protested his innocence.

Sun had been shot dead but a few hours when Kar Leon Wong, also a Hip Sing follower, was shot three times as he walked down a passage-way to his living quarters. A gun was found a few feet from where he lay.

Wong's nephew, Wong Toy, was arrested and taken to the wounded man's bedside, but Wong refused to identify him as his assailant.

Frank Moy, "mayor" of China town, and Tom Lee, president of the On Leong Merchants' Association, oluntarily went to Deputy Police Commissioner John A. Stege and told him a new Tong war was in progress.

The On Leongs in Chicago number 2,000 while the Hip Sings have only 300 members, President Lee of the On Leongs declared.

FRANK HOE DIES

COLUMBUS, O., Aug. 5.—Frank W. Hoe, 64, prominent capital city business man who helped found the Wesleyan Foundation of Ohio, an organization designed to keep college students in touch with the church, died yesterday at his summer home in Topinabee, Michigan, after an illness of four years. Hoe was president of the Kiser and Hoo Canning Co., and vice-president of the Park Savings and Loan Co., here.

MOSES SELECTED TO LEAD REPUBLICANS TO SENATE VICTORY

High-Tariff Views May Be Opposed In Farm Belt

WASHINGTON, Aug. 5. — A problem has been created for some low tariff farm belt senators by the selection of Senator George H. Moses, of New Hampshire as chairman of the Republican senatorial campaign committee, because of his high tariff views.

Senator Moses is regarded around Washington as the champion "wise-cracker" of the senate and his talents in that direction probably will be put to full use in the fight next year over control of the senate when thirty-three senate seats are to be filled.

However useful Senator Moses may prove to Republicans generally in this respect, some complications may arise in the cases of a number of senators from agricultural states over the tariff issue which is expected to dominate the congressional elections.

The night before his selection as Republican senatorial campaign chairman was announced, Senator Moses expressed himself regarding the efforts of the senate finance committee to scale down some of the high tariffs in the Hawley bill as follows:

"A growing feeling of resentment is felt throughout the east over what is understood to be the committee's actions that is boosting the duties of agricultural products, the things we have to buy and eat, and taking the duties off those things we must sell to buy things to eat."

This is the reverse of the position taken by senators such as Borah of Idaho, Capper of Kansas, Couzens of Michigan, McMaster of South Dakota, McNary of Oregon, Norris of Nebraska, and Schall of Minnesota in whose campaigns, except where they fail of renomination, Senator Moses will be expected to lend assistance.

Moses is regarded as a shrewd political strategist and he is expected to be able to connect with funds which will be of considerable aid to hard-pressed senators. He frankly speaks, however, for the industrial east and agrarian senators may not care to have him speak on the tariff in their states, unless he writes himself a speech in different view from any he ever has made on the tariff.

DROPS 9,600 FEET FOR NEW RECORD

CINCINNATI, O., Aug. 5.—A new world's record for delayed parachute jumps was claimed today by Rex Harker, 23, of East Liverpool, O., who dropped 9600 feet Sunday before opening his parachute.

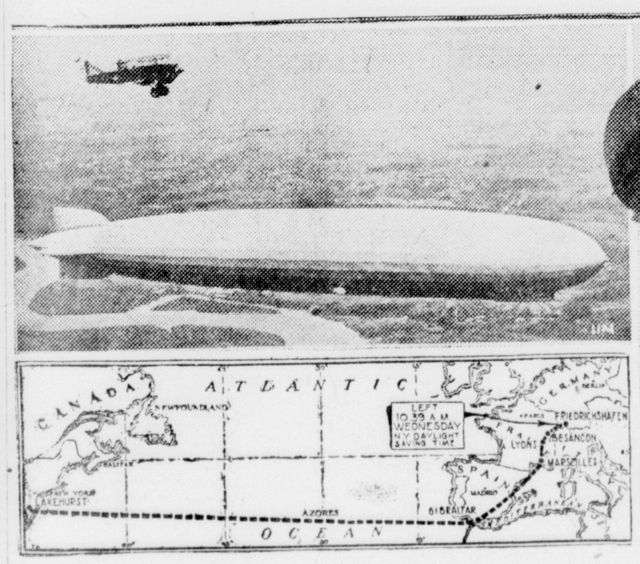

Young Harper jumped from a plane at an altitude of 11,800 feet and pulled the cord at 2200 feet. He said that while the rapid descend made breathing difficult, he suffered no ill effects.

The jump was officially witnessed by G. G. Manson, army parachute supervisor at Wright Field, Dayton. It eclipsed by 2,000 feet a similar leap made by Gene Rock, at South Bend Ind., two weeks ago.

CHILD IS DROWNED

BARBERTON, O., Aug. 5.—Ardelle Vanatta, 6, was drowned Sunday afternoon in West Reservoir, near here. His companion, Billy Busky, was rescued from the lake by a fisherman. The boys' canoe overturned.

GRAF ZEPPELIN CUTS FLYING TIME

Its former record for a trans-Atlantic passage was cut more than seventeen hours when the Graf Zeppelin, above, landed Sunday. Dr. Hugo Eckener, its commander, is shown on the right and a diagram below shows the route of the big dirigible.

RECOVER TEN BODIES AFTER BOATS COLLIDE

OSTEND, Belgium, Aug. 5.—Ten bodies had been recovered today, many persons were still missing and several recovering from injuries as the result of a collision of two launches off the seawall here yesterday, within 100 feet of thousands of persons.

The famous watering place of Ostend, filled with vacationists, many of them Americans, was aghast at the tragedy.

The forty-three-foot motor launch "OX-CXO 9," bearing tourists and Sunday vacationists, mostly Belgian and English, to the number variously reported at from fifty to 100, was struck amidship by a sixty-five-foot pleasure boat and was almost cut in two a hundred feet from the dock where both vessels had started out with passengers for one hour sea trips.

Both halves of the stricken boat sank immediately while the water was filled with struggling humanity. Many of the passengers are believed to have been trapped in the cabins from which it was impossible for them to escape.

One woman victim died in the hospital today. Witnesses said fifty-five passengers were aboard the launches. Among the dead were a father, mother and daughter from Charlerio.

FOURTEEN OHIOANS KILLED IN WEEK-END TRAFFIC CRASHES

By The United Press

The apparently inevitable toll of traffic and other fatalities was recorded in Ohio over the week-end, a survey by the United Press today revealed.

Fourteen dead had been listed at an early hour, with remote sections of the state unheard from.

Arthur Loesch was killed at Bay Village, near Cleveland when he drove his car into a Lakeshore interurban.

Dr. Horace D. Taggart, 78, one of Akron's oldest practicing physicians, was fatally injured when he was struck by an automobile.

James Campbell, 24, negro, was killed near Newark when his car upset.

Mr. and Mrs. Lenzie Smith of Glouster, were fatally injured when they were run down near Athens. Four men are held in connection with their deaths.

William Ajut, 27, of New Ensington, Pa., was killed by an automobile near Perrysburg.

Two boys were drowned while swimming in the Scioto at Columbus. They were Jack Hellard, 12, and Earl Key, 10.

Other fatalities included Paul E. Kussmail, 32, an ex-service man who died at Zanesville from injuries received in a gasoline explosion at New Philo; Mrs. Grace Blessing, 20, bride of a year, killed when thrown from a horse at Wampler Lake, near Toledo; Ira Schell, 70, crushed by an elevator at Toledo; Arnold Michael, 65, of Cleves, killed in fall from bridge at Cincinnati; Mrs. Louisa Workman, Cincinnati, died from burns when clothing caught fire; Charles Alexander, 5, crushed to death when a forty-foot log rolled from lumber pile near which he was playing; Wallace Heckathorn, 27, New Castle, Pa., and Martha McBride, Warren, killed in accidents near Youngstown.

ACCUSE GENERAL OF MURDER OF CHINESE PRINCE AT RESORT

Deposed War Lord, Indicted; Blame Jealousy

LONDON, Aug. 5.—General Tsung-Chang, deposed war lord of Shantung Province, North China, has been indicted for the murder of young Hsien Kai-Su, according to Tokio dispatches today to the Exchange Telegraph Company.

Hsien, a member of the Manchu house which for centuries ruled Imperial China, was found Friday near General Chang's mansion at Beppu, a health resort on the island of Kiushiu, suffering from a bullet wound. He died shortly afterwards.

In spite of persistent denials by the former war lord, the police suspected from the beginning that the Manchu prince, the seventeenth son of the uncle of the emperor of Japan, was slain by the man who until recently ruled Shantung with ruthless despotism.

It was suspected that Chang's ire, easily stirred, was aroused over Hsien's probable friendliness with one of Chang's innumerable wives.

The suspicion of police was fed by reports from Peiping that Chang was wanted there for many murders before his flight to Japan before the victorious Nationalist armies.

ALLEGED BOX CAR ROBBER IS KILLED

TOLEDO, O., Aug. 5.—An unidentified man was killed today and another man was arrested by Sergeant Gronau of the Toledo terminal railroad detective department when the officer found a group of men robbing a freight car.

Gronau attempted to imprison the men in the car but they jumped to the track and ran.

The detective caught one of the men and fired several shots at the retreating band as they dashed for safety. One of the shots took effect, killing one of the bandits.

PYLE IS TARGET

LOS ANGELES, Aug. 5.—Complaints charging violation of the state labor laws will be filed against C. C. Pyle today unless he pays $1,000 said to be due employes in connection with his 1929 footrace from New York to Los Angeles, according to City Prosecutor Lloyd Nix.

ENDS SUCCESSFUL VOYAGE; PREPARES FOR RETURN CRUISE

Cuts Seventeen Hours From Previous Crossing Time

NAVAL AIR STATION, Lakehurst, N. J., Aug. 5.—Refueling the Graf Zeppelin for her round - the - world flight began today about fourteen hours after her arrival here on a non-stop flight from Friedrichshafen, Germany. She is scheduled to leave Wednesday.

Ninety-four hours and twenty minutes was the dirigible's flying time from the take-off in Germany until she was pulled to the ground here like a lassoed steer at 8:50 p. m., EST, Sunday. It was not until 12:50 a. m., today that a harassed ground crew was able to overcome a gusty wind to place the Zeppelin in the security of the hangar. Most of the intervening time she had been moored to the smaller of two masts on the landing field.

The Graf brought a mixed burden of passengers, a stowaway, a chimpanzee, a gorilla, one grand piano and 600 canary birds.

Dr. Hugo Eckener, commanding the Graf, bettered the time of his journey last October by seventeen hours and twenty-six minutes. It was on that tempestuous trip that winds ripped the Graf's fabric and threatened her with disaster. The journey just ended was without accident, Eckener said on arrival here.

Like paying guests at a circus, the crowds which thronged the field for hours awaiting the Graf's arrival left before the best part of the show, which began when the Graf was unhooked from the mooring mast and headed for the hangar.

Four hundred and twelve grunting sailors tugged at many-ended hawsers. Flat beams from field lights cast the shadows of six foot men 100 yards along the level sand waste.

Fifty yards would be covered without difficulty when a gust of high wind would strain the ropes for control of the envelope. Sharp, clipped orders in the lighter-than-air man's gargon always guided the ground crew to victory but with the loss of time and distance.

Down the wind and around the hangar the Zeppelin was hauled and shouldered. Time after time her nose was pointed for the hangar only to be swung aside by air currents. A mobile railway wind direction and speed gauge revealed moments when the rush for the hangar might succeed.

Added interest arose from the fact that a mishap might ignite the inflammable hydrogen with which the Zeppelin is filled, blowing the spectators, the ground crew and much of the air station into nowhere.

Throughout the hangar operation Captain Ernest Lehmann, Eckener's second in command, remained silent in the Graf's control cabin. By his presence there he accepted responsibility for whatever might happen to his ship while being housed by his American hosts.

Finally the Graf was shoved home, dwarfing the Los Angeles by the immensity of her 776 feet of swelling bulk. Plans to begin

FORMER BIG LEAGUE BALL PLAYER UNDER ARREST FOR MURDER

"Red" Crane, Former Red, Kills Man, And Wounds Girl

HARRISBURG, Pa., Aug. 5.—Samuel "Red" Crane, former major league baseball player, is under arrest in connection with the fatal shooting of Jack Oren, 28, who was Crane's rival for the affections of a girl.

Miss Della Lyter, 28, the girl, was wounded when, according to police, Crane fired five shots at her and Oren. Police said Crane entered a cafe yesterday and became enraged with jealousy when he saw Oren and Miss Lyter sitting together at one of the tables. He fired five shots, two of which hit Oren and two striking Miss Lyter, according to detectives. Oren died a few hours later.

After the shooting Crane surrendered at city hall, telling police:

"I'm told I shot somebody."

Detectives said Crane apparently had been drinking.

Miss Lyter was said to be in a serious condition.

Crane, whose home is in New Cumberland, Pa., has played baseball in several cities. He broke in with the Greensboro, N. C., club in 1912, going from there to the Philadelphia Athletics. He was farmed out to Baltimore for seasoning and after several years there he was obtained by Washington, subsequently playing with Brooklyn and Cincinnati.

For three years Crane, an infielder, was with Seattle of the Pacific Coast League, managing the club one year. For the last two years he has been the property of the Buffalo club of the International League and was a hold-out from that club this season.

TWO BOYS DROWN

COLUMBUS, O., Aug. 5.—The Scioto River was dragged today for the bodies of two boys who drowned here yesterday while wading. Jack Melvin Hellard, 12, tried to save Earl Key, 10, when he stepped off a ledge into deep water and disappeared below the surface. Hellard tried to wade into the stream far enough to reach his buddy. He reached for the boy and both went down.

PLAY TO MILLION

CHICAGO, Aug. 5.—Enjoying their greatest season, the Chicago Cubs passed their 1,000,000 mark in attendance yesterday.

Since they still have one-third of their home games to play, Cubs' officials are confident they will set a new major league attendance mark of approximately 1,500,000.

BLAME WORKMAN FOR BOMB OUTRAGE

CLEVELAND, O., Aug. 5.—Police here today advanced the idea that the partly completed Warner Storage Co., warehouse was bombed and damaged to the extent of $5,000 yesterday by men who had warned P. N. Wilcox, building contractor, to stop construction if he wanted "to keep out of trouble." Wilcox, it is said, had employed non-union workmen. The dynamite bomb split one of the building's walls, weakened the others and tore a hole in the concrete floor.

EARNS $800,000

CHICAGO, Aug. 5.—The Arlington Park race track showed a profit of $800,000 for the twenty-nine days of racing, just closed there, it was announced today by the American National Jockey Club.

The amount was said to be the largest ever earned by any track in a similar length of time.

CHILD IS KILLED

STEUBENVILLE, O., Aug. 5.—John Evanko, 19, Cleveland, was held in Jefferson County jail today pending an inquest of a car accident which killed James Holsinger, 4, of Eckhart Mines, Md., and injured two others in the same car.

The autos collided near East Springfield.

HOLD AUTOIST IN DEATH OF COUPLE

ATHENS, O., Aug. 5.—Officials today investigated an accident in which Mr. and Mrs. Lenzie Smith, Glouster, were killed late Saturday. Harley Leffler, Columbus, confessed to authorities he drove the car that failed to stop after striking the Smiths.

Three other men were in the Leffler car at the time of the mishap. They are held today with Leffler. They are: Carl Leffler, Homer Leffler and George McClelland, all of near Glouster. The Smiths had been strolling along the highway.

ALLIANCE AIRPORT DEDICATED SUNDAY

ALLIANCE, O., Aug. 5.—The new Alliance Airport was added today to the growing list of fine Ohio landing fields.

The new port was officially dedicated Sunday with an air circus before a crowd of 15,000 persons.

Clear weather, contrasting with the storm of the previous day which caused delay of the dedication one day, marked the celebration.

Large tri-motored transports and scores of smaller ships from all parts of the state came for the event.

ATTEND RITES FOR CLERIC'S MOTHER

CLEVELAND, O., Aug. 5.—Led by Bishop Joseph Schrembs, a large delegation of priests of the Cleveland Diocese will assemble in Youngstown tomorrow for the funeral of Mrs. Sara Mooney, mother of Archbishop Edward A. Mooney, Apostolic delegate to India.

Mrs. Mooney died Saturday after a long illness. She was eighty-six. She had been a resident of Youngstown for many years.

YOUR FAIR

SAME OLD FAIR? NO—many new buildings have been added that have changed its appearance to make it a place to be proud of.

SAME OLD FAIR GROUND? NO—you own them now. Your Fair Board, composed of members you elect from year to year to run your fair, has seen fit to purchase these grounds for $15,500. It has also seen fit to erect a new grandstand at a cost of $14,000; a new art hall costing $3,500; toilet facilities, $500. Of the above amount there remains an indebtedness of only $8,000, which means that the Fair Board has paid off $25,500 in the last four or five years. Since the above account was made a new judges' stand has been erected at a cost of $300. This new addition is in keeping with the grand stand that was erected in 1927. Your Fair Board deserves credit and I hope you will tell the members so by your presence at the 1929 fair.

Signed,

J. ROBERT BRYSON, Sec'y.

STOWAWAY WINS NO FAME

Youthful Baker Who Stole Passage On Zeppelin Will Be Punished

LAKEHURST, N. J., Aug. 5.—Seventeen-year-old Albert Buschkia would have been kneading dough today in a German bakery, but for his trusty bicycle and a coil of rope which enabled him to stow away on the trans-Atlantic dirigible Graf Zeppelin.

Albert has been ordered to Gloucester immigration station, Philadelphia, to be sent home, but before summary sentence was passed on him here he told Immigration Commissioner James L. Hughes all about it.

In the words of Dr. Hugo Eckener, Graf Zeppelin commander, Albert "had an ingenious idea."

Eckener explained: "This stowaway of ours was a foolish youth with romatic ideas who wanted to ride in an airship. The benighted young man got his bad ideas from your famous American stowaway. (Arthur Shrieber, who secreted himself aboard the French Yellow Bird before its recent trans-Atlantic flight.

"But our stowaway had an ingenious idea. He hid in the roof and leaped to the top of the Graf Zeppelin as we started. We locked him in a special room so he would not commit further nonsense. He will be punished in Germany to discourage the stowaway habit."

Albert told Hughes he had ridden from his home in Dueseldorf, Westphalia, on his bicycle and had procured a coil of rope after looking over the layout at Friedrichshafen. Then he waited until after the Zeppelin started out of her shelter half leaping and half sliding, he managed to alight on a strut instead of plunging through the fabric.

Had Albert missed the strut, Eckener said the flight would have been off. Passengers who discussed the case also expressed anger at the youth who endangered the ship. To prevent him obtaining publicity, Albert's name was not made public by passengers or crew of the Zeppelin.

SEVEN KILLED IN EXPLOSION ABOARD OHIO RIVER OIL BARGE

LOUISVILLE, Ky., Aug. 5.—The tiny village of Kosmosdale, on the Kentucky shore of the Ohio river below here, was in morning today for seven of its citizens who were killed Saturday evening in an explosion aboard an oil barge.

The mangled body of the seventh victim, Frank Reader, 27, of Rosewood, Ind., was recovered by divers Sunday night. The others killed were Murry Jockal, 23, Westpoint, Ky., Leslie Underwood, 22, Louisville, Edward O. Jupin, 43, West Point, Cleve Skeeters, 45, Meadowlawn, Ky., Allen Sauer, 46, Louisville, and William Wilberding, 29, Louisville.

The barge was owned by the Kosmosdale Portland Cement Co. The blast, its cause as yet undetermined, wrecked the awkward appearing craft and hurled two of the victims onto the shore and the remainder into the water.

Coroner Roy L. Carter began an investigation of the tragedy today. An inquest will be held today and joint funeral services will be held for the victims tomorrow.

CHICAGO TONG WAR SHATTERS TRUCE OF YEAR

One Chinese Dead, Second Hurt In Outbreak

CHICAGO, Aug. 5.—Nine squads of police patrolled Chicago's Chinatown today guarding against further outbreaks in a new Tong war which already has resulted in the murder of one Chinese and the probable fatal wounding of another.

A truce of more than a year between the On Leong and Hip Sing Tongs was shattered yesterday when guns blazed almost simultaneously in the Chinese quarters of Chicago, Newark and Boston. Two were wounded in the eastern cities.

Yee Sun, a Chicago member of the Hip Sings, was slain when he ventured into On Leong territory. He fell with three bullets in his body almost at the door of On Leong headquarters. The killer, living up to Tong traditions, dropped his pistol beside his victim as he fled. Joe Tuck, On Leong member, held as the slayer, protested his innocence.

Sun had been shot dead but a few hours when Kar Leon Wong, also a Hip Sing follower, was shot three times as he walked down a passage-way to his living quarters. A gun was found a few feet from where he lay.

Wong's nephew, Wong Toy, was arrested and taken to the wounded man's bedside, but Wong refused to identify him as his assailant.

Frank Moy, "mayor" of China town, and Tom Lee, president of the On Leong Merchants' Association, oluntarily went to Deputy Police Commissioner John A. Stege and told him a new Tong war was in progress.

The On Leongs in Chicago number 2,000 while the Hip Sings have only 300 members, President Lee of the On Leongs declared.

FRANK HOE DIES

COLUMBUS, O., Aug. 5.—Frank W. Hoe, 64, prominent capital city business man who helped found the Wesleyan Foundation of Ohio, an organization designed to keep college students in touch with the church, died yesterday at his summer home in Topinabee, Michigan, after an illness of four years. Hoe was president of the Kiser and Hoe Canning Co., and vice-president of the Park Savings and Loan Co., here.

MOSES SELECTED TO LEAD REPUBLICANS TO SENATE VICTORY

High-Tariff Views May Be Opposed In Farm Belt

WASHINGTON, Aug. 5. — A problem has been created for some low tariff farm belt senators by the selection of Senator George H. Moses, of New Hampshire as chairman of the Republican senatorial campaign committee, because of his high tariff views.

Senator Moses is regarded around Washington as the champion "wise-cracker" of the senate and his talents in that direction probably will be put to full use in the fight next year over control of the senate when thirty-three senate seats are to be filled.

However useful Senator Moses may prove to Republicans generally in this respect, some complications may arise in the cases of a number of senators from agricultural states over the tariff issue which is expected to dominate the congressional elections.

The night before his selection as Republican senatorial campaign chairman was announced, Senator Moses expressed himself regarding the efforts of the senate finance committee to scale down some of the high tariffs in the Hawley bill as follows:

"A growing feeling of resentment is felt throughout the east over what is understood to be the committee's actions that is boosting the duties of agricultural products, the things we have to buy and eat, and taking the duties off those things we must sell to buy things to eat."

This is the reverse of the position taken by senators such as Borah of Idaho, Capper of Kansas, Couzens of Michigan, McMaster of South Dakota, McNary of Oregon, Norris of Nebraska, and Schall of Minnesota in whose campaigns, except where they fail of renomination, Senator Moses will be expected to lend assistance.

Moses is regarded as a shrewd political strategist and he is expected to be able to connect with funds which will be of considerable aid to hard-pressed senators. He frankly speaks, however, for the industrial east and agrarian senators may not care to have him speak on the tariff in their states, unless he writes himself a speech in different view from any he ever has made on the tariff.

DROPS 9,600 FEET FOR NEW RECORD

CINCINNATI, O., Aug. 5.—A new world's record for delayed parachute jumps was claimed today by Rex Harker, 23, of East Liverpool, O., who dropped 9600 feet Sunday before opening his parachute.

Young Harper jumped from a plane at an altitude of 11,800 feet and pulled the cord at 2200 feet. He said that while the rapid descend made breathing difficult, he suffered no ill effects.

The jump was officially witnessed by G. G. Manson, army parachute supervisor at Wright Field, Dayton. It eclipsed by 2,000 feet a similar leap made by Gene Rock, at South Bend Ind., two weeks ago.

CHILD IS DROWNED

BARBERTON, O., Aug. 5.—Ardelle Vanatta, 6, was drowned Sunday afternoon in West Reservoir, near here. His companion, Billy Busky, was rescued from the lake by a fisherman. The boys' canoe overturned.

STOWAWAY WINS NO FAME

Youthful Baker Who Stole Passage On Zeppelin Will Be Punished

LAKEHURST, N. J., Aug. 5.—Seventeen-year-old Albert Buschkia would have been kneading dough today in a German bakery, but for his trusty bicycle and a coil of rope which enabled him to stow away on the trans-Atlantic dirigible Graf Zeppelin.

Albert has been ordered to Gloucester immigration station, Philadelphia, to be sent home, but before summary sentence was passed on him here he told Immigration Commissioner James L. Hughes all about it.

In the words of Dr. Hugo Eckener, Graf Zeppelin commander, Albert "had an ingenious idea."

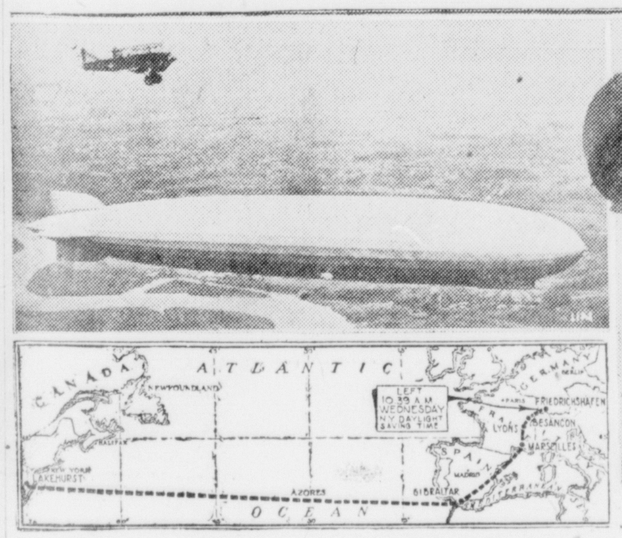

Eckener explained: "This stowaway of curs was a foolish youth with romatic ideas who wanted to ride in an airship. The benighted young man got his bad ideas from your famous American stowaway. (Arthur Shrieber, who secreted himself aboard the French Yellow Bird before its recent trans-Atlantic flight.

"But our stowaway had an ingenious idea. He hid in the roof and leaped to the top of the Graf Zeppelin as we started. We locked him in a special room so he would not commit further nonsense. He will be punished in Germany to discourage the stowaway habit."

Albert told Hughes he had ridden from his home in Dueseldorf, Westphalia, on his bicycle and had procured a coil of rope after looking over the layout at Friedrichshafen. Then he waited until after the Zeppelin started out of her shelter half leaping and half sliding, he managed to alight on a strut instead of plunging through the fabric.

Had Albert missed the strut, Eckener said the flight would have been off. Passengers who discussed the case also expressed anger at the youth who endangered the ship. To prevent him obtaining publicity, Albert's name was not made public by passengers or crew of the Zeppelin.

GRAF ZEPPELIN CUTS FLYING TIME

Its former record for a trans-Atlantic passage was cut more than seventeen hours when the Graf Zeppelin, above, landed Sunday. Dr. Hugo Eckener, its commander, is shown on the right and a diagram below shows the route of the big dirigible.

RECOVER TEN BODIES AFTER BOATS COLLIDE

OSTEND, Belgium, Aug. 5.—Ten bodies had been recovered today, many persons were still missing and several recovering from injuries as the result of a collision of two launches off the seawall here yesterday, within 100 feet of thousands of persons.

The famous watering place of Ostend, filled with vacationists, many of them Americans, was aghast at the tragedy.

The forty-three-foot motor launch "OX-CXO 9," bearing tourists and Sunday vacationists, mostly Belgian and English, to the number variously reported at from fifty to 100, was struck amidship by a sixty-five-foot pleasure boat and was almost cut in two a hundred feet from the dock where both vessels had started out with passengers for one hour sea trips.

Both halves of the stricken boat sank immediately while the wafer was filled with struggling humanity. Many of the passengers are believed to have been trapped in the cabins from which it was impossible for them to escape.

One woman victim died in the hospital today. Witnesses said fifty-five passengers were aboard the launches. Among the dead were a father, mother and daughter from Charlerio.

FOURTEEN OHIOANS KILLED IN WEEK-END TRAFFIC CRASHES

By The United Press

The apparently inevitable toll of traffic and other fatalities was recorded in Ohio over the week-end, a survey by the United Press today revealed.

Fourteen dead had been listed at an early hour, with remote sections of the state unheard from.

Arthur Loesch was killed at Bay Village, near Cleveland when he drove his car into a Lakeshore interurban.

Dr. Horace D. Taggart, 78, one of Akron's oldest practicing physicians, was fatally injured when he was struck by an automobile.

James Campbell, 24, negro, was killed near Newark when his car upset.

Mr. and Mrs. Lenzie Smith of Glouster, were fatally injured when they were run down near Athens. Four men are held in connection with their deaths.

William Ajut, 27, of New Enshitory, Pa., was killed by an automobile near Perrysburg.

Two boys were drowned while swimming in the Scioto at Columbus. They were Jack Hellard, 12, and Earl Key, 10.

Other fatalities included Paul E. Kussmail, 32, an ex-service man who died at Zanesville from injuries received in a gasoline explosion at New Philo; Mrs. Grace Blessing, 20, bride of a year, killed when thrown from a horse at Wampler Lake, near Toledo; Ira Schell, 70, crushed by an elevator at Toledo; Arnold Michael, 65, of Cleves, killed in fall from bridge at Cincinnati; Mrs. Louisa Workman, Cincinnati, died from burns when clothing caught fire; Charles Alexander, 5, crushed to death when a forty-foot log rolled from lumber pile near which he was playing; Wallace Heckathorn, 27, New Castle, Pa., and Martha McBride, Warren, killed in accidents near Youngstown.

ALLEGED BOX CAR ROBBER IS KILLED

TOLEDO, O., Aug. 5.—An unidentified man was killed today and another man was arrested by Sergeant Gronau of the Toledo terminal railroad detective department when the officer found a group of men robbing a freight car.

Gronau attempted to imprison the men in the car but they jumped to the track and ran.

The detective caught one of the men and fired several shots at the retreating band as they dashed for safety. One of the shots took effect, killing one of the bandits.

PYLE IS TARGET

LOS ANGELES, Aug. 5.—Complaints charging violation of the state labor laws will be filed against C. C. Pyle today unless he pays $1,000 said to be due employes in connection with his 1929 footrace from New York to Los Angeles, according to City Prosecutor Lloyd Nix.

ACCUSE GENERAL OF MURDER OF CHINESE PRINCE AT RESORT

Deposed War Lord, Indicted; Blame Jealousy

LONDON, Aug. 5.—General Tsung-Chang, deposed war lord of Shantung Province, North China, has been indicted for the murder of young Hsien Kai-Su, according to Tokio dispatches today to the Exchange Telegraph Company.

Hsien, a member of the Manchu house which for centuries ruled Imperial China, was found Friday near General Chang's mansion at Beppu, a health resort on the island of Klushiu, suffering from a bullet wound. He died shortly afterwards.

In spite of persistent denials by the former war lord, the police suspected from the beginning that the Manchu prince, the seventeenth son of the uncle of the emperor of Japan, was slain by the man who until recently ruled Shantung with ruthless despotism.

It was suspected that Chang's ire, easily stirred, was aroused over Hsien's probable friendliness with one of Chang's innumerable wives.

The suspicion of police was fed by reports from Peiping that Chang was wanted there for many murders before his flight to Japan before the victorious Nationalist armies.

ENDS SUCCESSFUL VOYAGE; PREPARES FOR RETURN CRUISE

Cuts Seventeen Hours From Previous Crossing Time

NAVAL AIR STATION, Lakehurst, N. J., Aug. 5.—Refueling the Graf Zeppelin for her round - the - world flight began today about fourteen hours after her arrival here on a non-stop flight from Friedrichshafen, Germany. She is scheduled to leave Wednesday.

Ninety-four hours and twenty minutes was the dirigible's flying time from the take-off in Germany until she was pulled to the ground here like a lassoed steer at 8:50 p. m., EST, Sunday. It was not until 12:50 a. m., today that a harassed ground crew was able to overcome a gusty wind to place the Zeppelin in the security of the hangar. Most of the intervening time she had been moored to the smaller of two masts on the landing field.

The Graf brought a mixed burden of passengers, a stowaway, a chimpanzee, a gorilla, one grand piano and 600 canary birds.

Dr. Hugo Eckener, commanding the Graf, bettered the time of his journey last October by seventeen hours and twenty-six minutes. It was on that tempestuous trip that winds ripped the Graf's fabric and threatened her with disaster. The journey just ended was without accident, Eckener said on arrival here.

Like paying guests at a circus, the crowds which thronged the field for hours awaiting the Graf's arrival left before the best part of the show, which began when the Graf was unhooked from the mooring mast and headed for the hangar.

Four hundred and twelve grunting sailors tugged at many-ended hawsers. Flat beams from field lights cast the shadows of six foot men 100 yards along the level sand waste.

Fifty yards would be covered without difficulty when a gust of high wind would strain the ropes for control of the envelope. Sharp, clipped orders in the lighter-than-air man's gargon always guided the ground crew to victory but with the loss of time and distance.

Down the wind and around the hangar the Zeppelin was hauled and shouldered. Time after time her nose was pointed for the hangar only to be swung aside by air currents. A mobile railway wind direction and speed gauge revealed moments when the rush for the hangar might succeed.

Added interest arose from the fact that a mishap might ignite the inflammable hydrogen with which the Zeppelin is filled, blowing the spectators, the ground crew and much of the air station into nowhere.

Throughout the hangar operation Captain Ernest Lehmann, Eckener's second in command, remained silent in the Graf's control cabin. By his presence there he accepted responsibility for whatever might happen to his ship while being housed by his American hosts.

Finally the Graf was shoved home, dwarfing the Los Angeles by the immensity of her 776 feet of swelling bulk. Plans to begin

FORMER BIG LEAGUE BALL PLAYER UNDER ARREST FOR MURDER

"Red" Crane, Former Red, Kills Man, And Wounds Girl

HARRISBURG, Pa., Aug. 5.—Samuel "Red" Crane, former major league baseball player, is under arrest in connection with the fatal shooting of Jack Oren, 28, who was Crane's rival for the affections of a girl.

Miss Della Lyter, 28, the girl, was wounded when, according to police, Crane fired five shots at her and Oren. Police said Crane entered a cafe yesterday and became enraged with jealousy when he saw Oren and Miss Lyter sitting together at one of the tables. He fired five shots, two of which hit Oren and two striking Miss Lyter, according to detectives. Oren died a few hours later.

After the shooting Crane surrendered at city hall, telling police:

"I'm told I shot somebody."

Detectives said Crane apparently had been drinking.

Miss Lyter was said to be in a serious condition.

Crane, whose home is in New Cumberland, Pa., has played baseball in several cities. He broke in with the Greensboro, N. C., club in 1912, going from there to the Philadelphia Athletics. He was farmed out to Baltimore for seasoning and after several years there he was obtained by Washington, subsequently playing with Brooklyn and Cincinnati.

For three years Crane, an infielder, was with Seattle of the Pacific Coast League, managing the club one year. For the last two years he has been the property of the Buffalo club of the International League and was a hold-out from that club this season.

TWO BOYS DROWN

COLUMBUS, O., Aug. 5.—The Scioto River was dragged today for the bodies of two boys who drowned here yesterday while wading. Jack Melvin Hellard, 12, tried to save Earl Key, 10, when he stepped off a ledge into deep water and disappeared below the surface. Hellard tried to wade into the stream far enough to reach his buddy. He reached for the boy and both went down.

PLAY TO MILLION

CHICAGO, Aug. 5.—Enjoying their greatest season, the Chicago Cubs passed their 1,000,000 mark in attendance yesterday.

Since they still have one-third of their home games to play, Cubs' officials are confident they will set a new major league atendance mark of approximately 1,500,000.

SEVEN KILLED IN EXPLOSION ABOARD OHIO RIVER OIL BARGE

LOUISVILLE, Ky., Aug. 5.—The tiny village of Kosmosdale, on the Kentucky shore of the Ohio river below here, was in moruning today for seven of its citizens who were killed Saturday evening in an explosion aboard an oil barge.

The mangled body of the seventh victim, Frank Reader, 37, of Rosewood, Ind., was recovered by divers Sunday night. The others killed were Murry Jockal, 23, Westpoint, Ky., Leslie Underwood, 22, Louisville, Edward O. Jupin, 43, West Point, Cleve Skeeters, 45, Meadowlawn, Ky., Allen Sauer, 46, Louisville, and William Wilberding, 29, Louisville.

The barge was owned by the Kosmosdale Portland Cement Co. The blast, its cause as yet undetermined, wrecked the awkward appearing craft and hurled two of the victims onto the shore and the remainder into the water.

Coroner Roy L. Carter began an investigation of the tragedy today. An inquest will be held today and joint funeral services will be held for the victims tomorrow.

BLAME WORKMAN FOR BOMB OUTRAGE

CLEVELAND, O., Aug. 5.—Police here today advanced the idea that the partly completed Warner Storage Co., warehouse was bombed and damaged to the extent of $5,000 yesterday by men who had warned P. N. Wilcox, building contractor, to stop construction if he wanted "to keep out of trouble." Wilcox, it is said, had employed non-union workmen. The dynamite bomb split one of the building's walls, weakened the others and tore a hole in the concrete floor.

EARNS $800,000

CHICAGO, Aug. 5.—The Arlington Park race track showed a profit of $800,000 for the twenty-nine days of racing, just closed there, it was announced today by the American National Jockey Club.

The amount was said to be the largest ever earned by any track in a similar length of time.

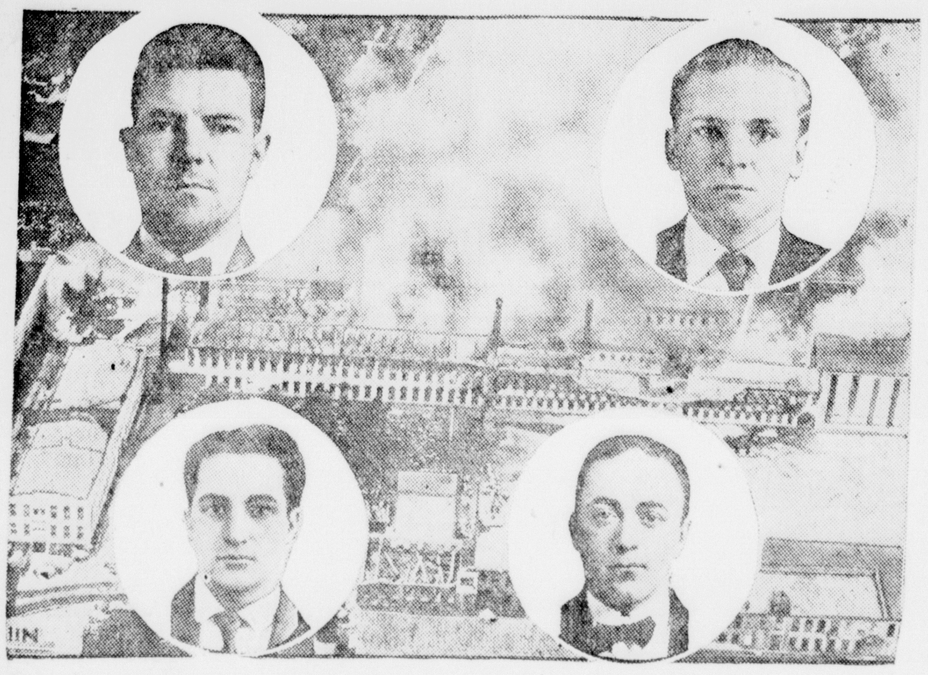

CHILD IS KILLED

STEUBENVILLE, O., Aug. 5.—John Evanko, 19, Cleveland, was held in Jefferson County jail today pending an inquest of a car accident which killed James Holsinger, 4, of Eckhart Mines, Md., and injured two others in the same car.

The autos collided near East Springfield.

Guards Increased Against More Outbreaks

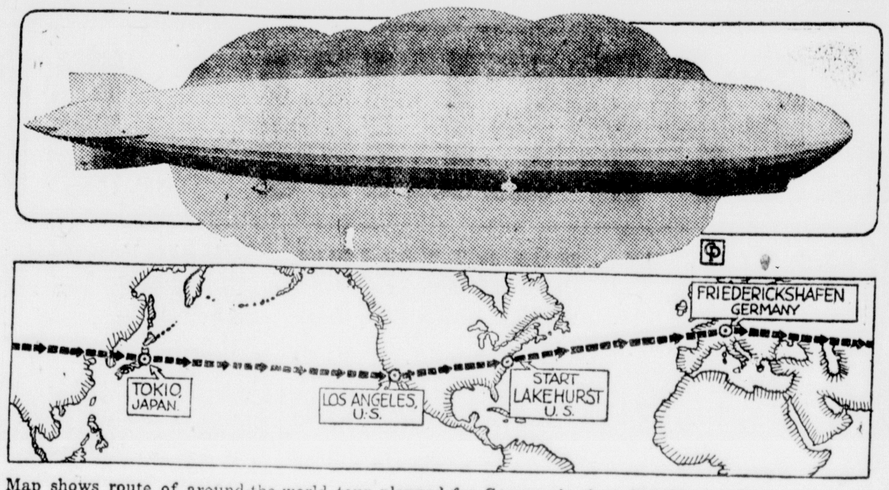

Every prison in New York state has added to its quota of guards since the recent attempted wholesale jail delivery at Auburn prison. The picture above shows the smoking buildings of the prison which were fired by the convicts in their efforts to break the resistance of the authorities. Arthur Barry, top left, serving 25 years for robbery; Steve Pawlik, top right; Joseph Caprico, below left, of Rochester, N. Y., in for 20 years, and George Small, below right, of New York, are the four who succeeded in making good their escape.

Orange Blossoms for Her Soon?

Time and time again during the last year the name of Miss Caroline Bishop was connected with that of Gene Tunney in varied reports of their engagement. There never was anything to it. Now Caroline has picked herself a more obscure person to be her husband in the person of Martin Stelling, Jr., of San Francisco, Cal. They will be married shortly.

AROUND THE WORLD ROUTE PLANNED FOR ZEPPELIN

Map shows route of around-the-world tour planned for Germany's giant dirigible Graf Zeppelin, above starting from Lakehurst, N. J., and returning there.

RUSSIA TO NEW YORK VIA ALASKA IS SOVIET AIM

A flight by Russian aviators from Moscow to New York via Alaska is planned for August by the Soviet airway commission. The flight would cover approximately 12,500 miles. Above, the plane and the crew: Semen Shestakov is chief pilot, Boris Steringov navigator, Philip Bolotov second pilot, and Dmitry Fufaev, mechanic.

Real Life Dramatics at Customs Office

Col. H. H. Rogers (center) was snapped yesterday in the act of telling Customs Inspector Murphy that he had no right to detain Mrs. Rogers's baggage. Mrs. Rogers, of course, backed the Colonel's argument. And, in the end, Collector Elting did too. Even her dog took part in the argument.. The Standard Oil millionaire married the former Mrs. Basil Miles in Paris a few days ago after his first wife—the mother of Millicent Rogers Salm Ramos—obtained a Holland divorce. Society is conjecturing how Southampton will receive the new Mrs. Rogers, as the first wife was very popular there.

Injury Proves Fatal

Charming Bride - Elect Presented To Xenians

MISS Luciel Hughey, Columbus, charming bride-elect of Mr. Edwin Reutinger, Chicago, former Xenian, was formally presented to Xenia friends of the bridegroom at a delightful bridge reception Saturday afternoon at the home of the bridegroom's mother, Mrs. Clara G. Reutinger, W. Market St.

Mrs. Reutinger and her daughters, Mrs. Howell Huston and Mrs. James McCurran were hostesses at the affair honoring Miss Hughey, whose marriage to Mr. Reutinger will take place Wednesday at Columbus. There were guests for seven tables of bridge, invited for 2:30 o'clock and a reception for the bride-elect followed at 4:30 o'clock.

Miss Sarah Hooven, Dayton, was awarded high score prize at bridge, Mrs. Raymond Snodgrass, Boston, Mass., former Xenian, being winner of second prize and Miss Jane Grau, Columbus, third prize. Miss Hughey was presented a lovely guest prize. Dainty refreshments were served at the reception hour.

Out of town guests included: Miss Hughey, Mrs. Guy Bullock, Mrs. George Grau, and daughter, Miss Jane Grau, Mrs. Jacob Huffman, Mrs. Ernest Reutinger, Mrs. Clark Griener and daughters, Misses Virginia and Ann Griener and Mrs. Carrie Hughey, mother of the bride-elect all of Columbus; Mrs. Edward Baesman, Cincinnati, Mrs. J. C. Hooven and daughter, Miss Sarah Hooven, Dayton; Mrs. J. C. Huston and Mrs. Harry Martin, Springfield.

ANNOUNCES COMING MARRIAGE AT PARTY

Mrs. Torrence Garlough, Yellow Springs, delightfully entertained a group of girls at her home Wednesday evening. Games furnished entertainment for the evening and after a peanut scramble, Mrs. Harley Rinker received a toy airplane for finding the most peanuts. Upon looking in the airplane, she found the following announcement card: "Ada Mae Snyder and Clarence Cross, Oct. 26, 1929."

Miss Snyder, who resides at 1829 Walnut Terrace, Springfield, is the daughter of Mr. James Snyder.

Mr. Cross is the son of Mr. and Mrs. Charles Cross, Greenfield and makes his home on S. Wittenberg Ave., Springfield.

The hostess served a delightful refreshment course at the close of the games.

MRS. R. O. WEAD GIVEN FAREWELL

For the pleasure of Mrs. Ralph O. Wead, who is leaving soon with her family to make their home in Columbus, members of the Sunday School class of the First Presbyterian Church of which she is teacher, gave a lovely farewell party at the home of Mrs. Harry Keirman, W. Second St., Friday evening.

Garden flowers were used about the house for decorations. Games and contests were in play throughout the evening after which a light refreshment course was served.

Mrs. Wead was presented a lovely gift from members of the class.

Mr. Harry Donovan, W. Second St., who underwent an operation at the McClellan Hospital two weeks ago, will be removed to his home Tuesday.

Mr. and Mrs. Lewis Gregg, who have been spending several weeks at Rockport, Texas, returned home Sunday evening.

Mrs. Ada Regan, Mrs. Loudenback, and Miss Elsie Powers, Lima will arrive here Wednesday to spend a few days with Mrs. Elizabeth Whittington, W. Main St.

The Dorcas Class of the First Lutheran Church will meet at the home of Mrs. Edward Nichols, New Burlington Pike, Tuesday evening.

Miss Pauline Wilson, N. Detroit St., left Saturday to spend this week with her uncle and aunt, Mr. and Mrs. Earl Glass, Jamestown.

Mr. and Mrs. Pearl Riley and Mr. and Mrs. Wilbur Wilson, N. Detroit St., spent the week end at Russells Point.

Miss Helen Leitch, Sabina, is spending this week here as the guest of Miss Mary Ashbaugh, Hill St.

The Ladies Aid Society of the First Lutheran Church will hold its regular monthly meeting at Shawnee Park Wednesday August 14. The meeting will be in the form of a picnic, supper following the meeting which will be held at 3 o'clock.

Mrs. W. J. Smith, Washington C. H., who has been visiting in Chicago for a few days, is expected to arrive in Xenia Monday evening to spend some time as the house guest of Mrs. J. A. DeHaven, W. Market St.

Mr. John Perkins, law student, returned to Xenia Saturday night from Cincinnati, where he submitted to a secocnd operation to the left ankle Friday night. The operation was performed at the Jewish Hospital.

Mrs. Roy Myers and daughter, Evelyn, Fayette St., returned home Sunday, after spending a month with Mrs. Myers' mother at Serpent Mound Park.

Miss Mary K. Sutton, N. Detroit St., returned home Saturday from a two weeks' vacation at Orchard Island Hotel, Indian Lake. Miss Sutton's mother accompanied her. Prior to going to Indian Lake Miss Sutton enjoyed a delightful trip through central Kentucky, with Miss Nell P. Bradford, Lexington.

Mrs. Mary Mendenhall, near Hillsboro, is visiting her sisters Mrs. Hattie Van Kirk and Mrs. Margaret Cunningham, this city, for a few days.

Mr. and Mrs. J. C. Denham and daughter Dorothy, Spring St., spent Sunday with Mr. and Mrs. Edward Davidson, Leesburg.

Mr. and Mrs. Bayless Thompson, Mr. and Mrs. J. A. North, Mr. and Mrs. J. E. Daly, and Mr. and Mrs. Harry Fisher, who have been on a two weeks' camping trip at Presque Isle, Grand Lake, Mich., returned home Sunday.

Miss Lucile Beatty, N. Detroit St., will be hostess to members of Alpha Theta Chapter, Delta Theta Tau Sorority at the Iron Lantern, Monday evening. All members are urged to be present.

Mrs. Margaret Jacobs, Maysville, Ky., is the guest of her son and daughter-in-law, Mr. and Mrs. W. E. Jacobs, S. Detroit St.

Mrs. S. S. Early, Wilmington Pike, who has been seriously ill at her home for some time is showing some improvement.

Miss Clara McCalmont, N. Galloway St., returned home Saturday after spending some time as major councillor at the Girl Scout Camp at Middletown.

Miss Jean Whittington, Van Wert, is spending this week here with Miss Martha Watkins, Washington St.

Mrs. George Baldner and three children, N. King St., and Mrs. Baldner's mother, Mrs. Rose Zeiner, Jamestown, are spending a week at Russells Point.

The Rev. H. B. McElree, W. Market St., who underwent a serious operation at the McClellan Hospital last week, is improving nicely.

Misses Frances and Virginia Brown, daughters of the Rev. R. E. Brown, former pastor of the First Baptist Church, this city, are visiting at the home of Mr. and Mrs. F. E. Anderson, N. King St., for a few days.

Mrs. Harry Donovan, W. Second St., has as her house guests this week, her neice and nephew, little Ruth Ryan and Phillip Ryan, of Columbus.

Mrs. H. H. Jones, Cleveland, is spending a week in Xenia as the guest of her parents, the Rev. and Mrs. W. N. Shank, W. Market St.

Mr. and Mrs. Foster Clemmer and family, N. Galloway St., and Mr. and Mrs. Otto Hornick, E. Third St., returned home Saturday after spending a week at Waterbury Resort, Indian Lake.

Mr. and Mrs. Samson Hilderbrand, Trumbull St., are the parents of a daughter, born Saturday. They have not named the infant.

Mrs. Newton Shough (Agnes Hornick) South Charleston, daughter of Mr. and Mrs. Otto Hornick, E. Third St., is a patient at Espey Hospital here where she is undergoing treatmnts for a nervous breakdown.

Citron Yellow

Citron yellow georgette is used for the blouse and lining of this three-piece costume from Redfern. The circular skirt is in black crepe de chine.

FIFTY ATTEND BATSON REUNION

Mrs. Johnson Stroup was elected president and Mrs. Harley Batson secretary and treasurer of the organization at the annual Batson reunion held at the home of Mr. and Mrs. Orlando Batson, Monroe St., Sunday. The next meeting will be held at the home of Mr. and Mrs. Edward Brown, Greenfield, the first Sunday in August, 1930. There were about fifty members present.

Those present were: Mr. and Mrs. Harry Batson and family, of Midland; Mr. and Mrs. Harley Batson and son Richard, Wilmington; Mr. and Mrs. Alva Batson and family, Mt. Pisburg; Mr. Walter Batson, Akron; Miss Mary Chamberland, West Carrollton, Miss Mattie Batson, Columbus; Mr. and Mrs. Sprouce, Columbus; Mr. and Mrs. George Jamison and family, Loveland; Mr. and Mrs. Roy Stroup and family, Springfield; Mr. and Mrs. Fred Bennett, Wilmington; Mrs. Edward Brown and daughter Clara Belle, Greenfield; Mrs. Josephine Batson and son, Washington C. H.; Mr. and Mrs. Johnson Stroup, Mr. and Mrs. Eph Sprigg, Mrs. Jennie Batson, Mr. Orlando Barnes, Mr. Frank Bottorff and family and Mr. Clifford Spriggs, Xenia.

Mr. and Mrs. Robert Watt and daughter Peggy, Fort Wayne, Ind., spent the week end here as the guests of Mr. and Mrs. Fleming Watt, W. Second St.

Miss Vera McCabe, Maple St., had as her house guest over the week end, Miss Mary Frances Ryan, of Dayton.

Young English Girl Has Won Writing Fame

By LILIAN CAMPBELL

MISS PHOEBE Fenwick Gaye is an English girl, only 22, but she has written what is generally conceded to be one of the most brilliant novels of the year.

It is titled "Vivandiere," and is about the time of Napoleon Bonaparte.

It is Miss Gaye's first book and was first reviewed in the English Nation.

Phoebe Fenwick Gaye

Virginia Woman Named Dean.

Miss Ona R. Wagner of Roanoke, Va., was recently appointed as dean of women at Heidelberg college, Tiffin, O. She was formerly dean of women at Virginia College for Women, Roanoke. Miss Wagner succeeds Miss Mary I. Park, dean of women at Heidelberg for the past twenty-four years. Miss Park will remain at the college as professor of philosophy.

Heads International Nurses' Association

Miss Nina D. Gage, New York, is president of the International Council of Nurses, of which nurse associations of nineteen countries are constituent members.

The economic status of the trained nurse, improved standards of nurses' education, community problems concerning maternity care and mental hygiene are among the important topics discussed at the recent congress of the council held at Montreal, Canada.

Nurse associations from Sweden, Korea, Japan, Greece and the Philippines applied for membership at the congress. Miss Lilian Wu, president of the nurses' association in China and superintendent of nurses, Red Cross General hospital, Shanghai, presided at one of the sessions. Miss Wu is the first Chinese nurse to become superintendent of a registered school of nursing entirely under Chinese management. She is a graduate of Johns Hopkins hospital school of nursing, Baltimore, Md.

Starts Canning Factory

In 1925 a young Philippine lady, Miss Isobel de Santos, decided that something should be done about the shameful waste of tropical fruits on the native islands. Since they couldn't be shipped fresh to other countries, and because all of them could not possibly be consumed during the season, the only remaining thing to do was to attempt to can them.

That was the beginning of the first packing plant on the Philippine islands.

Recently Miss De Santos made a tour of the canning districts of the United States studying American methods of canning.

BARNEY ATHLETICS DEFEAT JAMESTOWN

The Dayton Barney Athletic Club baseball team required eleven innings to defeat the Jamestown Independents by a score of 4 to 3 Sunday afternoon on the Jamestown diamond. Snellinger allowed only three hits up to the ninth but weakened in that round and Hammaher finished the game on the mound for the Dayton nine without allowing further scoring.

Farm Notes

COMBINED HARVESTER DOES WORK OF FIVE

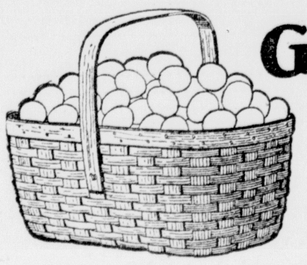

One man-hour was required to cut, thresh, sack and load an acre of grain with a combined harvester, work which required five man-hours with a tractor-drawn binder and stationary thresher, according to J. H. Sitterley, assistant in the rural economics department of the Ohio Agricultural Experiment Station, who has made a study of the "combine" in Ohio.

The combine harvester-threshers have been used in the western states for years but not until 1926 were they introduced into Ohio. In 1928 there were eighty-seven combine harvesters in Ohio, nearly all in grain producing areas of the western half of the state. Following the harvest of 1928, Mr. Sitterley interviewed seventy-five of the owners of these machines.

These owners harvested 14,371 acres last year, or an average of 192 acres per machine. The rate of harvesting varied from one-half to three and one-half acres per hour. The average was 1.7 acres per hour. A crew of two men was all that was required to cut and thresh the grain with the combine. By the ordinary binder and thresher a crew of four or five men was needed to cut and shock the grain and eleven to thirteen to thresh it. The total cost per acre of the harvesting operations with binder and thresher was a little less than twice as great as with the combine harvester.

Most of the owners interviewed by Mr. Sitterley were satisfied with the combine and believe that it will be a success in Ohio. The following were given as advantages of the combine. It lowers harvesting costs, reduces harvest labor both in time and men, makes the farmer independent of exchange labor, picks up down grain better than a binder, and reduces cost and number of harvest meals. Among the disadvantages were loss of grain, large investment, difficulty in handling green material and uncertainty of the weather.

Charming Bride - Elect Presented To Xenians

MISS Luciel Hughey, Columbus, charming bride-elect of Mr. Edwin Reutinger, Chicago, former Xenian, was formally presented to Xenia friends of the bridegroom at a delightful bridge reception Saturday afternoon at the home of the bridegroom's mother, Mrs. Clara G. Reutinger, W. Market St.

Mrs. Reutinger and her daughters, Mrs. Howell Huston and Mrs. James McCurran were hostesses at the fair honoring Miss Hughey, whose marriage to Mr. Reutinger will take place Wednesday at Columbus. There were guests for seven tables of bridge, invited for 2:30 o'clock and a reception for the bride-elect followed at 4:30 o'clock.

Miss Sarah Hooven, Dayton, was awarded high score prize at bridge, Mrs. Raymond Snodgrass, Boston, Mass., former Xenian, being winner of second prize and Miss Jane Grau, Columbus, third prize. Miss Hughey was presented a lovely guest prize. Dainty refreshments were served at the reception hour.

Out of town guests included: Miss Hughey, Mrs. Guy Bullock, Mrs. George Grau, and daughter, Miss Jane Grau, Mrs. Jacob Huffman, Mrs. Ernest Reutinger, Mrs. Clark Griener and daughters, Misses Virginia and Ann Griener and Mrs. Carrie Hughey, mother of the bride-elect all of Columbus; Mrs. Edward Baesman, Cincinnati, Mrs. J. C. Hooven and daughter, Miss Sarah Hooven, Dayton; Mrs. J. C. Huston and Mrs. Harry Martin, Springfield.

ANNOUNCES COMING MARRIAGE AT PARTY

Mrs. Torrence Garlough, Yellow Springs, delightfully entertained a group of girls at her home Wednesday evening. Games furnished entertainment for the evening and after a peanut scramble, Mrs. Harley Rinker received a toy airplane for finding the most peanuts. Upon looking in the airplane, she found the following announcement card: "Ada Mae Snyder and Clarence Cross, Oct. 26, 1929."

Miss Snyder, who resides at 1829 Walnut Terrace, Springfield, is the daughter of Mr. James Snyder.

Mr. Cross is the son of Mr. and Mrs. Charles Cross, Greenfield and makes his home on S. Wittenberg Ave., Springfield.

The hostess served a delightful refreshment course at the close of the games.

MRS. R. O. WEAD GIVEN FAREWELL

For the pleasure of Mrs. Ralph O. Wead, who is leaving soon with her family to make their home in Columbus, members of the Sunday School class of the First Presbyterian Church of which she is teacher, gave a lovely farewell party at the home of Mrs. Harry Keirman, W. Second St., Friday evening.

Garden flowers were used about the house for decorations. Games and contests were in play throughout the evening after which a light refreshment course was served.

Mrs. Wead was presented a lovely gift from members of the class.

Mr. Harry Donovan, W. Second St., who underwent an operation at the McClellan Hospital two weeks ago, will be removed to his home Tuesday.

Mr. and Mrs. Lewis Gregg, who have been spending several weeks at Rockport, Texas, returned home Sunday evening.

Mrs. Ada Regan, Mrs. Loudenback, and Miss Elsie Powers, Lima will arrive here Wednesday to spend a few days with Mrs. Elizabeth Whittington, W. Main St.

The Dorcas Class of the First Lutheran Church will meet at the home of Mrs. Edward Nichols, New Burlington Pike, Tuesday evening.

Miss Pauline Wilson, N. Detroit St., left Saturday to spend this week with her uncle and aunt, Mr. and Mrs. Earl Glass, Jamestown.

Mr. and Mrs. Pearl Riley and Mr. and Mrs. Wilbur Wilson, N. Detroit St., spent the week end at Russells Point.

Miss Helen Leitch, Sabina, is spending this week here as the guest of Miss Mary Ashbaugh, Hill St.

The Ladies Aid Society of the First Lutheran Church will hold its regular monthly meeting at Shawnee Park Wednesday August 14. The meeting will be in the form of a picnic, supper following the meeting which will be held at 3 o'clock.

Mrs. W. J. Smith, Washington C. H., who has been visiting in Chicago for a few days, is expected to arrive in Xenia Monday evening to spend some time as the house guest of Mrs. J. A. DeHaven, W. Market St.

Mr. John Perkins, law student, returned to Xenia Saturday night from Cincinnati, where he submitted to a secoend operation to the left ankle Friday night. The operation was performed at the Jewish Hospital.

Mrs. Roy Myers and daughter, Evelyn, Fayette St., returned home Sunday, after spending a month with Mrs. Myers' mother at Serpent Mound Park.

Miss Mary K. Sutton, N. Detroit St., returned home Saturday from a two weeks' vacation at Orchard Island Hotel, Indian Lake. Miss Sutton's mother accompanied her. Prior to going to Indian Lake Miss Sutton enjoyed a delightful trip through central Kentucky, with Miss Nell P. Bradford, Lexington.

Mrs. Mary Mendenhall, near Hillsboro, is visiting her sisters Mrs. Hattie Van Kirk and Mrs. Margaret Cunningham, this city, for a few days.

Mr. and Mrs. J. C. Denham and daughter Dorothy, Spring St., spent Sunday with Mr. and Mrs. Edward Davidson, Leesburg.

Mr. and Mrs. Bayless Thompson, Mr. and Mrs. J. A. North, Mr. and Mrs. J. E. Daly, and Mr. and Mrs. Harry Fisher, who have been on a two weeks' camping trip at Presque Isle, Grand Lake, Mich., returned home Sunday.

Miss Lucile Beatty, N. Detroit St., will be hostess to members of Alpha Theta Chapter, Delta Theta Tau Sorority at the Iron Lantern, Monday evening. All members are urged to be present.

Mrs. Margaret Jacobs, Maysville, Ky., is the guest of her son and daughter-in-law, Mr. and Mrs. W. E. Jacobs, S. Detroit St.

Mrs. S. S. Early, Wilmington Pike, who has been seriously ill at her home for some time is showing some improvement.

Miss Clara McCalmont, N. Galloway St., returned home Saturday after spending some time as major councillor at the Girl Scout Camp at Middletown.

Miss Jean Whittington, Van Wert, is spending this week here with Miss Martha Watkins, Washington St.

Mrs. George Baldner and three children, N. King St., and Mrs. Baldner's mother, Mrs. Rose Zeiner, Jamestown, are spending a week at Russells Point.

The Rev. H. B. McElree, W. Market St., who underwent a serious operation at the McClellan Hospital last week, is improving nicely.

Misses Frances and Virginia Brown, daughters of the Rev. R. E. Brown, former pastor of the First Baptist Church, this city, are visiting at the home of Mr. and Mrs. F. E. Anderson, N. King St., for a few days.

Mrs. Harry Donovan, W. Second St., has as her house guests this week, her neice and nephew, little Ruth Ryan and Phillip Ryan, of Columbus.

Mrs. H. H. Jones, Cleveland, is spending a week in Xenia as the guest of her parents, the Rev. and Mrs. W. N. Shank, W. Market St.

Mr. and Mrs. Foster Clemmer and family, N. Galloway St., and Mr. and Mrs. Otto Hornick, E. Third St., returned home Saturday after spending a week at Waterbury Resort, Indian Lake.

Mr. and Mrs. Samson Hilderbrand, Trumbull St., are the parents of a daughter, born Saturday. They have not named the infant.

Mrs. Newton Shough (Agnes Hornick) South Charleston, daughter of Mr. and Mrs. Otto Hornick, E. Third St., is a patient at Espey Hospital here where she is undergoing treatmnts for a nervous breakdown.

BIBLE THOUGHT FOR TODAY

THE HEART AND ITS TREASURE — Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through and steal: For where your treasure is, there will your heart be also. Matthew 6:19, 20, 21.

BIG LINERS AND "PARITY"

Certain American naval officals and congressmen are worried, according to a recent dispatch from Washington, because the appearance of fast new ocean liners like the Bremen will upset that naval "parity" for which this country has been striving so hard.

The reason lies in the fact that the modern passenger liner is admirably adapted for conversion into a cruiser. The speed of a ship like the Bremen is nearly as great as that of any cruiser afloat. Her cargo holds and extensive double bottoms would enable her to carry enough fuel to last for many weeks. Her construction is so solid that she could easily mount a number of six-inch guns, and she is equipped for carrying and launching airplanes.

Ships of this type, say the naval experts, would be as valuable in wartime as the 10,000-ton cruisers. But the United States has none of them, while nations overseas, already possessing quite a few, are about to follow Germany's lead and build more.

There is no question that the liner makes a good commerce raider. The exploits of some of the German liners in the World War are still fresh in public memory. Yet this outcry from Washington, coming just as President Hoover and Premier MacDonald have succeeded in putting Anglo-American relations on a friendly basis, is rather dismal stuff.

The whole Hoover-MacDnoald program depends basically on the mental attitudes of the people of the two countries. It is not just a matter of cancelling certain ship-building contracts and scrapping a few cruisers. If it is to succeed, the Americans and the English must make up their minds that they are not going to go to war with each other, ever. They must resolve that they are to be friends from this time on. If they do not, there is no sense whatever in reducing armaments or trying to make the two fleets equal.

Now a state of mind like that cannot be attained in the presence of a constant suspicion. If our superpatriots

The United States and Canada have managed to get along for a century with a completely unfortified frontier, simply by taking it for granted that they are never going to fight one another. The United States and the British empire can do the same thing—if they try hard enough.

But the job will never be done if suspicion and distrust are not killed.

Bo-Broadway

By JOSEPH VAN RAALTE

NEW YORK—A New York firm of chemists received in the last month hundreds of mail order requests from all parts of the United States and Canada, for a certain cell salt, widely employed in cases of mental disorder.

An investigation revealed that an editorial writer on a cheap monthly magazine devoted exclusively to flaming love yarns had advised the use of the remedy to readers suffering from any sort of mental or nervous twist.

The best place in the world to advertise a nostrum for sick brains is a cheap magazine that specializes in Love.

An over-dose of the erotic and you have the neurotic — at least that's what the Docs at the Bughouse say.

NOT A NATIVE IN IT

The "Little Show" at the Music Box, muddiest revue in town, depends largely for its success on the suave interpretations of its cast of ultra-sophisticates. And there isn't a single person importantly concerned in the presentation who is a native of Gotham. They hail from Bawston, Jersey City, Iowa City, Memphis—all over th, lot.

Clifton Webb and Libby Holman, who figure in the notorious "Moanin' Low" interlude, as stark naked exposition of primitive what not as Broadway has witnessed in many a long year, hail respectively from Indianapolis and Cincinnati.

One of the producers is the product of a tank town in Missouri, and his partner is a native of Moline, Ill.

And the saps who support the show are not delicatessen-eating subway-riding, East-side, West-side N'yawkers. They're th punch from Bark Hum, spending a brief vacation in the metropolis.

NOT LIKE EARL!

Earl Carroll has a bathtub scene in his "Sketch Book" revue.

That isn't like Earl. Whether or not your heart thumps for him—if you think of him at all—you have to give him credit for originality. That's why the bathtub scene is all wet.

After the exhibition he made of himself on his journey to Atlanta penitentiary—so long as he wants to inject the subject of bathtubs—he might fittingly adorn the stage of his theatre with a hospital cot and a few tear towels.

We're willin' to forget it, of course. But every time he brings the subject up, we're just naturally goin' to get nawsty! Eh, wot?

SUBWAY GIRLS

The best looking girls in New York are to be found in the ranks of those who travel in the subway morning and evening, to and from work. The average subway guard in the course of one day's labor rubs elbows with more downright pulperfect female pulchritude than Flo. Ziegfeld, the Glorifier, encounters in a year.

Park Avenue can never compete with the Subway in the matter of beauty. Prancing the polished mahogany all night, having the French maid fetch cocoa to the side of your Simmons somewhere around noon, and lying back in a boudoir cap perusing a stack of dunning letters from fashionable tradesmen has a very discouraging effect, in the long run, on Milady's epidermis.

Having to set up every morning and hustle out to work is the best little complexion eraser on earth.

If you don't believe it, ask the best millionaire who married his stenog.

STREET SCENE

The married female poker hound hurrying home from the afternoon game to provide Pop with a Bo-loney Banquet . . A stray butterfly from Central Park dipping and flitting in the melancholy sunlight of an August afternoon on Maiden Lane . . Hen aiters out of work loitering on the curb in the neighborhood of The Palace, shoulders back, head erect, trying to keep the Fear of Tomorrow out of their eyes . . The Natural Born Failure in the well-brushed serge and last year's tighters sloping to the corner of an open trolley car perusing a pamphlet, "How To Increase Your Salary $2,000 a Year."

THE WAY of the WORLD

By GROVE PATTERSON

GOING AT 75

The news informs us that George Eastman, kodak maker, who has given away $75,000,000, put in a regular day's work on his seventy-fifth birthday. Perhaps the main reason he was able to give away $75,000,000 and wanted to do it is that he is the kind of man who wants to do a day's work on his seventy-fifth birthday. Somehow one is forced to the conclusion that there must be some connection between hard work and great riches.

THE TOUCHY TARIFF

Don't say you're not interested in the tariff. It's a delicate piece of business and very important. The lower house of congress, trying to please various interests here and there and keep itself belovd among the home folks, votes increases up and down the line of products with not enough regard for justice and fair play. European nations get excited. They criticise, and it is natural they should. This is serious. We must not let a careless over-eager, over-partisan congress spoil the quality of our international relationships. Thus we shall lose immeasurably more than we could ever gain by a fancy, one-sided tariff.

Fortunately the senate seems to be awake to the seriousness of the situation. Those senators who do the thinking for the rest will try and frame a just tariff—one not so rough as to destroy the friendship of foreign business men.

UNION

Roger Babson, business expert sees possibilities in church union and co-operation far beyond anything operative at present. Although the spirit of tolerance and co-operation among churches has grown in late years the development of the possibilities of such union has only begun. The practical unit is the Council of Churches in every city. Business men who are also interested in the church can see the possibilities of employment problems, and various other practical developments for churches which can, and some day will, be worked out by a central body.

Who's Who and Timely Views

TRANSFER PROPOSED TO STATE CONTROL OF SURFACE RIGHTS IN PUBLIC DOMAIN

By RAY LYMAN WILBUR
Secretary of the Interior

Ray Lyman Wilbur was born at Boonesboro, Ia., April 13, 1875. He is a graduate of Stanford university and Cooper Medical college, later studying abroad. He holds honorary degrees from several universities. From 1900 to 1903 he was assistant professor in physiology at Stanford university, and professor in medicine there from 1909 to 1916, being dean of the school for five years. Since 1916 he has been president of Stanford. He was made secretary of the interior by President Hoover last March. In 1917 he was chief of the conservation division, U. S. Food Administration in Washington. He is a member of various societies and medical organizations.

The "water-conscious" citizens of western states are more competent than the federal government to devise measures for water conservation upon which their very life depends. I have proposed a new public land policy which would transfer to the states the control of the surface rights of public lands not included in national parks, monuments and forests.

We now have scattered settlements all over the western part of the United States based on better farming, better selected seeds, and irrigation. Those who depend upon the regular rains of the summer have no conception of irrigation and its peculiar responsibilities.

Great civilizations have matured and some of them have died in the arid regions of the old world and some are now on the way in the new. It demands communal living and thinking and peaceful conditions, for people to join in together to finance and maintain large water distributing systems.

Even the control of the flow of water from a single ditch demands rigid co-operation and fair play. It is to this that I ascribe the responsiveness of the people of such states as are here represented to forward looking progressive measures for the common good, if they are properly tempered to the high initiative and sense of personal responsibility characteristic of our citizens.

It is important for us to face the present situation squarely. The safety and survival of the human race depends upon its control of chlorophyl—the green coloring matter of plants. This substance, in the presence of water and sunlight and with the materials derived from the soil, manufactures starch and other food substances for the growth of plants. From these plants we derive foods, cotton, wool, wood and rubber and by feeding animals with them we get more food, hides and a large amount of animal service. In fact, without the milk manufactured from plants by cows and goats, we would be unable to raise many of our own human babies.

Longer skirts, higher waistlines are quoted even in sportswear for fall.

Wool separate blouses are introductions of the manufacturer for fall.

Sheer silk hose are more fashionable than the bare-legged fashion at fashionable resorts.

BELIEVE I T OR NOT!

How To Achieve Beauty

By MME. HELENA RUBINSTEIN

Every summer a restless group of women begins to consider again the question of long and short hair. For the past several summers the important problem was whether to bob or not, for those whose hair was still long. And most of them ended by bobbing. Short hair is so comfortable and convenient in the warm weather!

Perhaps that is why this summer the problem is a new one. To grow or not to grow out? That is the question now. Most of the younger set is wearing its hair dignifiedly long. Most of the older women who have bodded are keeping their extremely smart and youthful bobs. But there are groups of women "in between" these two types who incline toward the long-haired group. Where the young set and the college girl lead, they follow. Or perhaps some of them have wearied of short hair and look forward to a change.

For these I can advise no better plan than to let heir hair grow this summer. Hair grows quickly in warm weather and it is much, much easier to affect an informal type of coiffure such as the growing bob necessitates during the informal, outdoor season than when the more formal occasions of fall and winter begin. By all means, if you wish to have long hair this year, let your hair grow now. After three months of summer growth it will be, if not long, at least docile and easy to dress in the fall. Then it will not be too warm to wear the "switch" that is so necessary to hide or to complete a growing-out coiffure.

A permanent wave is one happy solution to the growing bob. Have the ends curled, not waved cut straight, and they will be more manageable as the hair grows. Most women find that letting the sides grow and keeping the hair at the back of the neck trimmed closely is a satisfactory procedure. In this way the side hair can be drawn over the back when it is long enough to hide an awkwardly growing shingle.

Personally, I feel that the most graceful way to let bobbed hair grow is to keep it even in length all around. Curl the ends and keep the side hair tucked behind the ears until all the hair is long enough to dress in some more becoming fashion.

Behind the Scenes In Washington

By CHARLES P. STEWART

WASHINGTON—Senator Watson of Indiana and other G. O. P. experts guessed right, just before the Kansas City convention.

They guessed that Mr. Hoover was no real Republican.

Today we have Senator King of Utah proposing a congressional "vote of confidence" in President Hoover's non-cruiser-building program — and Senator King is a mighty good Democrat.

How come that it is a Democrat who speaks up for Mr. Hoover?

It rather tears out Senator Watson's freely expressed pre-convention opinion that there is no telling as to Mr. Hoover's Republicanism.

National lawmakers are quite scarce in Washington just now. Senators Watson, King and a few others merely happening to be here in connection with the tariff preliminaries—but as they begin to return to the capital for the reopening of the senate session August 19, and the reassembling of the representatives September 22, prospects are that the country will behold a very peculiar line-up.

So far as his peace plans are concerned, all signs are that the president will get the bulk of his support from the Democrats and insurgent Republicans, or, as Senator Fess of Ohio calls them, the "pseudos"—meaning "counterfeits."

The regular G. O. P. forces will not be on the other side to the last man, but that is where Mr. Hoover will find most of his opposition.

The president's cruiser policy is pretty sure to be upheld, but the White House almost certainly will have to have Democratic help to uphold it—at any rate, in the senate, which is less afraid of Mr. Hoover than the representatives.

It is not even such safe betting on the representatives.

Speaker Longworth and Congressman Tilson of Connecticut, the lower house's majority leader, are strenuous "big navy men." Both of them once fought President Coolidge on a cruiser question. They may defy President Hoover on the same question. If they do, they are apt to take a good many G. O. P. votes with them.

Supposing that the Republican regulars considered Mr. Hoover wrong on the cruiser issue alone, it would not so much matter.

They are broad-minded enough to admit that a man may disagree with them on a minor political question or two without forfeiting his right to continue wearing the G. O. P. label.

There are hints, however, that Mr. Hoover is heterodox on too many subjects to be disregarded—too important subjects, too. For instance, if he has his doubts of the protective tariff principle's heavenly origin, it practically classes him with the "pseudos"—or "counterfeits."

Let the regular G. O. P. organization arrive at the definite conclusion that President Hoover is essentially a progressive and he will lose a lot of old guard flowers. No mistake about it.

He will not lose them all, but he will lose a substantial bloc of them.

This would be serious for Mr. Hoover—but—for every regular Republican supporter he sloughs off, the chances are that the White House tenant will pick up a Democratic supporter or so.

Talk of the necessity for a party realignment has been in the air for a long time.

Everybody knows that plenty of so-called Republicans properly belong in the Democratic ranks, and that an equal number of so-called Democrats in reality are Republicans.

It would be funny if Mr. Hoover's attitude were to result in shuffling them all together—and then a new deal.

Only one thing is the matter with such a supposition:

To Republicans, a great many of Mr. Hoover's ideas look Democratic. Yet if the Democrats adopted him, to them a great many of his ideas would be sure to look Republican.

The fact is, President Hoover is an independent.

HOUSEHOLD HINTS

By MRS. MARY MORTON

MENU HINTS

Muskmelon Oatmeal with Milk
Raisin Toast Fresh Jelly
Coffee or Substitute

LUNCHEON

Lettuce with Favorite Dressing
Radishes with Bread and Butter
Banana Pudding with Cream Milk

DINNER

Beef Pie Spinach Vegetable Salad
Apple-Raisin Pie Tea

This menu was planned for two people. We Americans usually serve so many different dishes at a meal that we cannot do justice to any one. So I have suggested radishes and bread and butter as the principal dish, because I can easily make a meal on those two things and seldom have a chance. Of course the variety served usually is necessary to give the body the balanced diet needed.

Today's Recipes

Beef Pie—Line a baking dish with a good pie crust or biscuit dough. Put in a layer of pieces of cold cooked beef, chopped cold boiled potatoes and a small bit of onion. Continue this until dish is filled, then pour over a cold gravy, made of beef broth slightly thickened with flour, cover with crust and bake.

Banana Pudding—One pint of milk, one and one-half tablespoon cornstarch, two tablespoons sugar, yolk of one egg, save white for meringue. Cook this until the consistency of pie filling. Let cool. Place four graham crackers on a baking tin. Spread with filling, slice bananas over this, then spread another layer of filling, then place crackers on each one, repeat, then a third cracker, repeating the filling and banana again. Spread with the white of egg sweetened and beaten to a stiff froth. Brown meringue in oven. Serve cold.

Apple-Raisin Pie—Line a pie pan with a good crust. Slice six large apples thin into this crust. Sprinkle with brown sugar and dot lightly with butter. Drop a few raisins over this and spread on top crust. Bake and serve warm.

Suggestions

Decorative Screens

Screens of decorative hand blocked linen skillfully placed will add the necessary note of color to the most drab and unpromising room, or the gay insouciance will lend sophistication to the most indifferent of bedrooms. To hide the service entrance from the kitchen, to set apart the improvised kitchenette in a one-room studio or merely to add attractive interest to a room, they are one of the newest ideas in household accessories. They can be purchased or even simply made at home of either beaverboard or thin slabs of wood covered with the linen and drawn into place by brass headed nail studs. Fancy paper of Japanese and Chinese make of wallpaper of distinctive design may be used.

THE REDUCER'S FAVORITE MELBA TOAST

(Mrs. Mary Morton's Daily Tested Recipe)—Melba toast is properly bread cut as thin as possible and toasted in a slow oven. It should be a light brown, not over done so that it is dark in color. As it is so thin the slow drying out in the oven usually makes it curl up a little. It is said to have been so named because the first time it was always had this type of toast made for her in a New York restaurant.

Diet and Health

By LULU HUNT PETERS, M. D.
Author of "Diet and Health" and "Diet for Children"

Practical Urinalysis (Part 1)

Please don't think from my title that I am going to try to make you a laboratory expert by correspondence. That is impossible. But there are some things that I believe you should know about the normal and the abnormal urines. In fact, I know you should, from the numerous letters showing that you are worried over your kidney others which show you are not worrying enough to send you to a physician. Hence, I have decided to give you this little physiology lesson.

Definition. Urine is the excretion of the kidneys. It is 95 per cent water and 5 per cent dissolved waste solids. The water is the waste water composed of that which is taken in as food and drink and that which is formed in the tissues from the complete oxidation of foods.

Normally, one-half of the solids of the urine is urea, the final waste product of fully three-quarters of the protein taken as food, and of the protein waste of the tissue cells. The other half consists of other organic substances and inorganic salts.

The larger part of the inorganic salts is sodium chloride, common table salt, and the amount naturally depends upon how much is taken in the food. Usually the average amount excreted is two or three teaspoonfuls daily. (Excess salt eating can injure the kidneys).

General Appearance. The normal urine should be clear when voided. After standing a short time, some alterations occur, especially if concentrated. There is a flocculent deposit near the bottom, composed of the normal mucus and cellular elements from the mucous membrane. (This is more marked in the urine of women.) If the urine becomes chilled after standing, there may be also deposited some orange, pink or white salts (urates), which are normal constituents. They can be easily dissolved by reheating. In the concentrated urines there may be some uric acid crystals. These are reddish or yellowish in color (they will not dissolve by heating). A small amount of these may also be normal. They are protein waste, as in the urea.

Urines become cloudy on standing, especially in warm weather, from the rapid multiplication of the bacteria which get in them, both during the passage from the bladder and afterwards, and from the deposit of salts.

Normal Amount. The secretion of an average of 1½ quarts or so of water in a day (24 hours) shows that the kidneys are functioning adequately. **A good water output of the kidney is the best first evidence of its functional capacity.** (Tice).

Oliguria. A lessened secretion of urine is known as oliguria. This may be normal for a short period of time, as when the skin, lungs, and intestines, which also aid in getting rid of the waste water, are more than usually active, as they are in active exercise, sweating times in summer, hot baths or diarrhea. When too little liquids are taken, there is also a lessened amount. A lessened secretion makes the urine more concentrated and more acid, and over any period of time is irritating and may cause an inflammation of the whole urinary system (kidneys, ureters, bladder and urethra); besides, it may cause precipitaion of its salts and favor stone formation. You can see from this that it is highly important to drink sufficient water and to have a balanced diet. Much more water should be taken when the skin is more active, as in summer. A lessened secretion may be abnormal, as in certain forms of heart and kidney disease.

Polyuria. A marked increase of the urine is known as polyuria. This may be normal, as when large amounts of water and watery foods are taken (in the winter, when there is less perspiration, there is usually an increase in the urine).

Abnormal Polyuria. There is a very marked polyuria in diabetes, the grade depending upon the degree of the disease. (This is accompanied by a very great increase in the thirst and other symptoms.)

Editor's notes: Dr. Peters cannot diagnose, nor give personal advice. Your questions, if of general interest, will be answered in the column, in turn. Requests for articles must be accompanied by a fully self-addressed, stamped envelope and 2 cents in coin for each article, to cover cost of printing and handling. For the pamphlet on reducing and gaining, 10 cents in coin, with fully self-addressed, stamped envelope, must be enclosed. Address Dr. Peters, in care of this paper.

Living and Loving

By MRS. VIRGINIA LEE

There is something awe inspiring in what human beings will suffer when they love. Or maybe it isn't love, but fear of the unknown which will come if they break bonds and start out on their own. Fear of loneliness which will be harder to bear than tyranny.

And maybe there is in each of us an unacknowledged admiration and dependence on a person who takes the upper hand even if he or she bullies us, and makes us secretly like the treatment because we feel flattered that a person we regard as a strong character should care enough for us to be jealous.

"DEAR VIRGINIA LEE: I am 48 and have a clean, attractive home which we own, equipped with radio, music, electricity, everything modern convenience, but not happiness—no happiness at all. My husband is my second. I have carefully reared four children of his by a former wife and raised them to manhood. They are married. They cannot come home, as their fathr claims I think more of them than of him.

"My home is clean and I am careful to be clean and neat in my appearance, but each night my husband leaves home before seven and returns about 11. He comes in two or three times each evening for a minute to see that I have not gone out. If he finds that I have been out during the day he quarrels at night.

"He says a woman's place is in the home. I am so lonely during the long, long evenings, as I would be afraid to have a woman neighbor come in to visit. He is on the street constantly and has a new auto I seldom see. I am miserable, yet I love him. I have money of my own. Should I stay here?"

"PERPLEXED."

Of course the proper way to treat such a bully, Perplexed, is to say to him:

"Now, look here. I'm a grown woman and not a slave. I'm going where I please when I please, and if you don't like it I'll take my playthings and go where I can make a home of my own and have friends come to see me."

And then do just that thing. All bullies are cowards at heart you know, and if you called his bluff and he found you gone, what could he do? He couldn't quarrel by himself.

You don't have to be tyrannized over if you don't want to be, you know. There are plenty of lonely men in the world who would appreciate a companionable woman and a clean, comfortable home.

Maybe, 'way down so deep in your consciousness that you are not conscious of it, you like his treatment, think it is flattering. Many women would. Or it may be that your sense of responsibility toward him keeps you true to him.

Peter's Adventures

By MRS. FLORENCE SMITH VINCENT

AWAY WITH THE GREEN-EYED MONSTER!

No siree! Peter could scarcely believe his own ears. A song in his praise. He felt he'd done nothing that anyone else might not have done—to deserve it. But he was given no chance to say so.

"Hail, hail, hail!" buzzed the bees, when they had come to the end of their song of welcome, and they didn't come to the end until they had sung the same verse over and over and over.

Finally, as the last note died into silence, the tiny trumpet sounded again. As if by magic the bees separated and massed themselves in two groups on either side of a long aisle that ran down the center of the banquet hall. Way down at the very end of this aisle Peter saw the Queen.

Surrounded by her courtiers, Her Majesty was talking in an undertone to the trumpeter who just at that moment, and evidently at his Queen's command, started up the aisle toward Peter.

Dawdler had not spoken all the time all this was taking place—in fact he had not noticed Peter at all after calling the boy's attention to the Bees' sing-song buzz of welcome. The boy feared Dawdler was very cross indeed, so he turned to Whizz to ask that fellow what it was all about, when Dawdler found his tongue.

"Well, old sport, why don't you say something?" Dawdler demanded. "Didn't I tell you that you'd be welcome in the banquet hall? What do you think about it, now? I must say at first I was rather surprised for, of course, I thought it was I for whom the Queen waited. And I found it was you after all. I do think Her Majesty might have sent me word about this to-do. However she didn't and that's that! I don't stand in so well with her as I thought, maybe. But let's forget me and talk about you. I am a bit conceited, I fear, but after all, handsome and gay and popular as I am—or always have been on other days except this—how can I help it. But really I'm not so bad as Pete painted my own picture." Dawdler, his gay-free self again, patted Peter's arm. "Away with jealousy, the green-eyed monster."

"If the Queen has forgotten me I am glad she has remembered you. If there's no reward of honor coming to Dawdler for the services he had rendered, at least it's a real joy to know that you are walking off with the laurels. You deserve everything you're receiving and a great deal more. Here's my leg on it!"

Peter was delighted that his friend had returned to him and it was a hearty old shake he exchanged with Dawdler.

"Who's a good sport now?" he whispered. And at Peter's words Dawdler beamed upon the boy. Whizz gave his bee chuckle.

"Thank goodness, all's right again between you two," said he. "Look! The trumpeter's approaching. What next, I wonder!"

Next. "The Path to Glory."

BIBLE THOUGHT FOR TODAY

THE HEART AND ITS TREASURE — Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through and steal: For where your treasure is, there will your heart be also. Matthew 6:19, 20, 21.

BIG LINERS AND "PARITY"

Certain American naval officals and congressmen are worried, according to a recent dispatch from Washington, because the appearance of fast new ocean liners like the Bremen will upset that naval "parity" for which this country has been striving so hard.

The reason lies in the fact that the modern passenger liner is admirably adapted for conversion into a cruiser. The speed of a ship like the Bremen is nearly as great as that of any cruiser afloat. Her cargo holds and extensive double bottoms would enable her to carry enough fuel to last for many weeks. Her construction is so solid that she could easily mount a number of six-inch guns, and she is equipped for carrying and launching airplanes.

Ships of this type, say the naval experts, would be as valuable in wartime as the 10,000-ton cruisers. But the United States has none of them, while nations overseas, already possessing quite a few, are about to follow Germany's lead and build more.

There is no question that the liner makes a good commerce raider. The exploits of some of the German liners in the World War are still fresh in public memory. Yet this outcry from Washington, coming just as President Hoover and Premier MacDonald have succeeded in putting Anglo-American relations on a friendly basis, is rather dismal stuff.

The whole Hoover-MacDnoald program depends basically on the mental attitudes of the people of the two countries. It is not just a matter of cancelling certain ship-building contracts and scrapping a few cruisers. If it is to succeed, the Americans and the English must make up their minds that they are not going to go to war with each other, ever. They must resolve that they are to be friends from this time on. If they do not, there is no sense whatever in reducing armaments or trying to make the two fleets equal.

Now a state of mind like that cannot be attained in the presence of a constant suspicion. If our superpatriots

The United States and Canada have managed to get along for a century with a completely unfortified frontier, simply by taking it for granted that they are never going to fight one another. The United States and the British empire can do the same thing—if they try hard enough.

But the job will never be done if suspicion and distrust are not killed.

Bo-Broadway

By JOSEPH VAN RAALTE

NEW YORK—A New York firm of chemists received in the last month hundreds of mail order requests from all parts of the United States and Canada, for a certain cell salt, widely employed in cases of mental disorder.

An investigation revealed that an editorial writer on a cheap monthly magazine devoted exclusively to flaming love yarns had advised the use of the remedy to readers suffering from any sort of mental or nervous twist.

The best place in the world to advertise a nostrum for sick brains is a cheap magazine that specializes in Love.

An over-dose of the erotic and you have the neurotic — at least that's what the Docs at the Bughouse say.

NOT A NATIVE IN IT

The "Little Show" at the Music Box, muddiest revue in town, depends largely for its success on the suave interpretations of its cast of ultra-sophisticates. And there isn't a single person importantly concerned in the presentation who is a native of Gotham. They hail from Bawston, Joisey City, Texico City, Memphis—all over the lot.

Clifton Webb and Libby Holman, who figure in the notorious "Moanin' Low" interlude, as stark and exposition of primitive what not as Broadway has witnessed in many a long year, hail respectively from Indianapolis and Cincinnati.

One of the producers is the product of a tank town in Missouri, and his partner is a native of Moline, Ill.

And the saps who support the show are not delicatessen-eating, subway-riding, East-side, West-side N'yawkers. They're the bunch from Back Hum, spending a brief vacation in the metropolis.

NOT LIKE EARL!

Earl Carroll has a bathtub scene in his "Sketch Book" revue.

That isn't like Earl. Whether or not your heart thumps for him—if you think of him at all—you have to give him credit for originality. That's why the bathtub scene is all wet.

After the exhibition he made of himself on his journey to Atlanta penitentiary—so long as he wants to inject the subject of bathtubs—he might fittingly adorn the stage of his theatre with a hospital cot and a few tear towels.

We're willin' to forget it, of course. But every time he brings the subject up, we're just naturally goin' to get nawsty! Eh, wot?

SUBWAY GIRLS

The best looking girls in New York are to be found in the ranks of those who travel in the subway morning and evening, to and from work. The average subway guard in the course of one day's labor rubs elbows with more downright pluperfect female pulchritude than Flo. Ziegfeld, the Glorifier, encounters in a year.

Park Avenue can never compete with the Subway in the matter of beauty. Prancing the polished mahogany all night, having the French maid fetch cocoa to the side of your Simmons somewhere around noon, and lying back in a boudoir cap perusing a stack of dunning letters from fashionable tradesmen has a very discouraging effect, in the long run, on Milady's epidermis.

Having to get up every morning and hustle out to work is the best little complexion coaxer on earth.

If you don't believe it, ask the last millionaire who married his steno.

STREET SCENE

The married female poker hound hurrying home from the afternoon game to provide Pop with a Bologney Banquet . . A stray butterfly from Central Park dipping and flitting in the melancholy sunlight of an August afternoon on Mazda Lane . . Ham actors out of work lounging on the curb in the neighborhood of The Palace, shoulders back, head erect, trying to keep the Fear of Tomorrow out of their eyes . . The Natural Born Failure in the well-brushed serge and last year's leghorn clinging to the end seat of an open trolley car perusing a pamphlet: "How To Increase Your Salary $5,000 a Year."

THE WAY of the WORLD

By GROVE PATTERSON

GOING AT 75

The news informs us that George Eastman, kodak maker, who has given away $75,000,000, put in a regular day's work on his seventy-fifth birthday. Perhaps the main reason he was able to give away $75,000,000 and wanted to do it is that he is the kind of man who wants to do a day's work on his seventy-fifth birthday. Somehow one is forced to the conclusion that there must be some connection between hard work and great riches.

THE TOUCHY TARIFF

Don't say you're not interested in the tariff. It's a delicate piece of business and very important. The lower house of congress, trying to please various interests here and there and keep itself beloved among the home folks, votes increases up and down the line of products with not enough regard for justice and fair play. European nations get excited. They criticise, and it is natural they should. This is serious. We must not let a carcross over-eager, over-partisan congress spoil the quality of our international relationships. Thus we shall lose immeasurably more than we could ever gain by a fancy, one-sided tariff.

Fortunately the senate seems to be awake to the seriousness of the situation. Those senators who do the thinking for the rest will try and frame a just tariff—one not so rough as to destroy the friendship of foreign business men.

UNION

Roger Babson, business expert sees possibilities in church union and co-operation far beyond anything operative at present. Although the spirit of tolerance and co-operation among churches has grown in late years the development of the possibilities of such union has only begun. The practical unit is the Council of Churches in every city. Business men who are also interested in the church can see the possibilities of employment problems, and various other practical developments for churches which can, and some day will, be worked out by a central body.

TRANSFER PROPOSED TO STATE CONTROL OF SURFACE RIGHTS IN PUBLIC DOMAIN

By RAY LYMAN WILBUR
Secretary of the Interior

Ray Lyman Wilbur was born at Boonesboro, Ia., April 13, 1875. He is a graduate of Stanford university and Cooper Medical college, later studying abroad. He holds honorary degrees from several universities. From 1900 to 1903 he was assistant professor in physiology at Stanford university, and professor in medicine there from 1909 to 1916, being dean of the school for five years. Since 1916 he has been president of Stanford. He was made secretary of the interior by President Hoover last March. In 1917 he was chief of the conservation division, U. S. Food Administration in Washington. He is a member of various societies and medical organizations.

The "water-conscious" citizens of western states are more competent than the federal government to devise measures for water conservation upon which their very life depends. I have proposed a new public land policy which would transfer to the states the control of the surface rights of public lands not included in national parks, monuments and forests.

We now have scattered settlements all over the western part of the United States based on better farming, better selected seeds, and irrigation. Those who depend upon the regular rains of the summer have no conception of irrigation and its peculiar responsibilities.

Great civilizations have matured and some of them have died in the arid regions of the old world and some are now on the way in the new. It demands communal living and thinking and peaceful conditions, for people to join in together to finance and maintain large water distributing systems.

Even the control of the flow of water from a single ditch demands rigid co-operation and fair play. It is to this that I ascribe the responsiveness of the people of such states as are here represented to forward looking progressive measures for the common good, if they are properly tempered to the high initiative and sense of personal responsibility characteristic of our citizens.

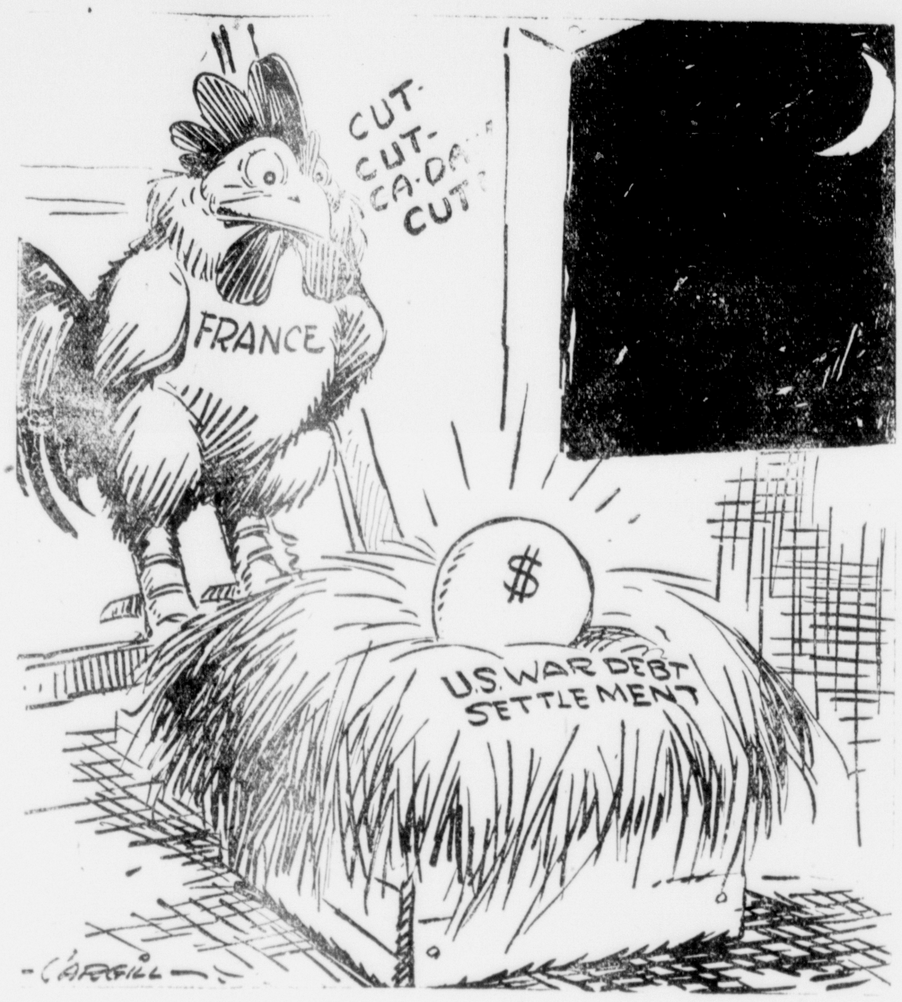

It is important for us to face the present situation squarely. The safety and survival of the human race depends upon its control of chlorophyl—the green coloring matter of plants. This substance, in the presence of water and sunlight and with the materials derived from the soil, manufactures starch and other food substances for the growth of plants. From these plants we derive foods, cotton, wool, wood and rubber and by feeding animals with them we get more food, hides and a large amount of animal service. In fact, without the milk manufactured from plants by cows and goats, we would be unable to raise many of our own human babies.

Longer skirts, higher waistlines are quoted even in sportswear for fall.

Wool separate blouses are innovations of the manufacturer for fall.

Socks over silk hose are more fashionable than the bare-legged fashion at fashionable resorts.

BELIEVE IT OR NOT!

How To Achieve Beauty

By MME. HELENA RUBINSTEIN

Every summer a restless group of women begins to consider again the question of long and short hair. For the past several summers the important problem was whether to bob or not, for those whose hair was still long. And most of them ended by bobbing. Short hair is so comfortable and convenient in the warm weather!

Perhaps that is why this summer the problem is a new one. To grow or not to grow out? That is the question now. Most of the younger set is wearing its hair dignifiedly long. Most of the older women who have bodded are keeping their extremely smart and youthful bobs. But there are groups of women "in between" these two types who incline toward the long-haired group. Where the young set and the college girl lead, they follow. Or perhaps some of them have wearied of short hair and look forward to a change.

For these I can advise no better plan than to let their hair grow this summer. Hair grows quickly in warm weather and it is much, much easier to affect an informal type of coiffure such as the growing bob necessitates during the informal, outdoor season than when the more formal occasions of fall and winter begin. By all means, if you wish to have long hair this year, let your hair grow now. After three months of summer growth it will be, if not long, at least docile and easy to dress in the fall. Then it will not be too warm to wear the "switch" that is so necessary to hide or to complete a growing-out coiffure.

A permanent wave is one happy solution to the growing bob. Have the ends curled, not waved out straight, and they will be more manageable as the hair grows. Most women find that letting the sides grow and keeping the hair at the back of the neck trimmed closely is a satisfactory procedure. In this way the side hair can be drawn over the back when it is long enough to hide an awkwardly growing shingle.

Personally, I feel that the most graceful way to let bobbed hair grow is to keep it even in length all around. Curl the ends and keep the side hair tucked behind the ears until all the hair is long enough to dress in some more becoming fashion.

Behind the Scenes In Washington

By CHARLES P. STEWART

WASHINGTON—Senator Watson of Indiana and other G. O. P. experts guessed right, just before the Kansas City convention.

They guessed that Mr. Hoover was no real Republican.

Today we have Senator King of Utah proposing a congressional "vote of confidence" in President Hoover's non-cruiser-building program — and Senator King is a mighty good Democrat.

How come that it is a Democrat who speaks up for Mr. Hoover?

It rather tears out Senator Watson's freely expressed pre-convention opinion that there is no telling, as to Mr. Hoover's Republicanism.

National lawmakers are quite scarce in Washington just now, Senators Watson, King and a few others merely happening to be here in connection with the tariff preliminaries—but as they begin to return to the capital for the reopening of the senate session August 19, and the reassembling of the representatives September 22, prospects are that the country will behold a very peculiar line-up.

So far as his peace plans are concerned, all signs are that the president will get the bulk of his support from the Democrats and insurgent Republicans, or, as Senator Fess of Ohio calls them, the "pseudos"—meaning "counterfeits."

The regular G. O. P. forces will not be on the other side to the last man, but that is where Mr. Hoover will find most of his opposition.

The president's cruiser policy is pretty sure to be upheld, but the White House almost certainly will have to have Democratic help to uphold it—at any rate, in the senate, which is less afraid of Mr. Hoover than the representatives.

It is not even such safe betting on the representatives.

Speaker Longsworth and Congressman Tilson of Connecticut, the lower house's majority leader, are strenuous "big navy men." Both of them once fought President Coolidge on a cruiser question. They may defy President Hoover on the same question. If they do, they are apt to take a good many G. O. P. votes with them.

Supposing that the Republican regulars considered Mr. Hoover wrong on the cruiser issue alone, it would not so much matter.

They are broad-minded enough to admit that a man may disagree with them on a minor political question or two without forfeiting his right to continue wearing the G. O. P. label.

There are hints, however, that Mr. Hoover is heterodox on too many subjects to be disregarded—too important subjects, too. For instance, if he has his doubts of the protective tariff principle's heavenly origin, it practically classes him with the "pseudos"—or "counterfeits."

Let the regular G. O. P. organization arrive at the definite conclusion that President Hoover is essentially a progressive and he will lose a lot of old guard Republicans. No mistake about it.

He will not lose them all, but he will lose a substantial bloc of them.

This would be serious for Mr. Hoover—but—for every regular Republican supporter he sloughs off, the chances are that the White House tenant will pick up a Democratic supporter or so.

Talk of the necessity for a party realignment has been in the air for a long time.

Everybody knows that plenty of so-called Republicans properly belong in the Democratic ranks, and that an equal number of so-called Democrats in reality are Republicans.

It would be funny if Mr. Hoover's attitude were to result in shuffling them all together—and then a new deal.

Only one thing is the matter with such a supposition:

To Republicans, a great many of Mr. Hoover's ideas look Democratic. Yet if the Democrats adopted him, to them a great many of his ideas would be sure to look Republican.

The fact is, President Hoover is an independent.

HOUSEHOLD HINTS

By MRS. MARY MORTON

MENU HINTS

Muskmelon Oatmeal with Milk
Raisin Toast Fresh Jelly
Coffee or Substitute

LUNCHEON

Lettuce with Favorite Dressing
Radishes with Bread and Butter
Banana Pudding with Cream Milk

DINNER

Beef Pie Spinach Vegetable Salad
Apple-Raisin Pie Tea

This menu was planned for two people. We Americans usually serve so many different dishes at a meal that we cannot do justice to any one. So I have suggested radishes and bread and butter as the principal dish, because I can easily make a meal on those two things and seldom have a chance. Of course the variety served usually is necessary to give the body the balanced diet needed.

Today's Recipes

Beef Pie—Line a baking dish with a good pie crust or biscuit dough. Put in a layer of pieces of cold cooked beef, chopped cold boiled potatoes and a small bit of onion. Continue this until dish is filled, then pour over a cold gravy, made of beef broth slightly thickened with flour, cover with crust and bake.

Banana Pudding—One pint of milk, one and one-half tablespoon cornstarch, two tablespoons sugar, yolk of one egg, save white for meringue. Cook this until the consistency of pie filling. Let cool. Place four graham crackers on a baking tin. Spread with filling, slice bananas over this, then spread another layer of filling, then place crackers on each one, repeat, then a third cracker, repeating the filling and banana again. Spread with the white of egg sweetened and beaten to a stiff froth. Brown meringue in oven. Serve cold.

Apple-Raisin Pie—Line a pie pan with a good crust. Slice six large apples thin into this crust. Sprinkle with brown sugar and dot lightly with butter. Drop a few raisins over this and spread on top crust. Bake and serve warm.

Suggestions

Decorative Screens

Screens of decorative hand blocked linen skillfully placed will add the necessary note of color to the most drab and unpromising room, or the gay insouciance will lend sophistication to the most indifferent of bedrooms. To hide the service entrance from the kitchen, to set apart the improvised kitchenette in a one-room studio or merely to add attractive interest to a room, they are one of the newest ideas in household accessories. They can be purchased or even simply made at home of either beaverboard or thin slabs of wood covered with the linen and drawn into place by brass headed nail studs. Fancy paper of Japanese and Chinese make of wallpaper of distinctive design may be used.

THE REDUCER'S FAVORITE MELBA TOAST

(Mrs. Mary Morton's Daily Tested Recipe)—Melba toast is properly bread cut as thin as possible and toasted in a slow oven. It should be a light brown, not over done so that it is dark in color. As it is so thin the slow drying out in the oven usually makes it curl up a little. It is said to have been so named because the great Melba always had this type of toast made for her in a New York restaurant.

Diet and Health

By LULU HUNT PETERS, M. D.
Author of "Diet and Health" and "Diet for Children"

Practical Urinalysis (Part 1)

Please don't think from my title that I am going to try to make you a laboratory expert by correspondence. That is impossible. But there are some things that I believe you should know about the normal and the abnormal urines. In fact, I know you should, from the numerous letters showing that you are worried over your kidney others which show you are not worrying enough to send you to a physician. Hence, I have decided to give you this little physiology lesson.

Definition. Urine is the excretion of the kidneys. It is 95 per cent water and 5 per cent dissolved waste solids. The water is the waste water composed of that which is taken in as food and drink and that which is formed in the tissues from the complete oxidation of foods.

Normally, one-half of the solids of the urine is urea, the final waste product of fully three-quarters of the protein taken as food, and of the protein waste of the tissue cells. The other half consists of other organic substances and inorganic salts.

The larger part of the inorganic salts is sodium chloride, common table salt, and the amount naturally depends upon how much is taken in the food. Usually the average amount excreted is two or three teaspoonfuls daily. (Excess salt eating can injure the kidneys).

General Appearance. The normal urine should be clear when voided. After standing a short time, some alterations occur, especially if concentrated. There is a flocculent deposit near the bottom, composed of the normal mucus and cellular elements from the mucous membrane. (This is more marked in the urine of women.) If the urine becomes chilled after standing, there may be also deposited some orange, pink or white salts (urates), which are normal constituents. They can be easily dissolved by reheating. In the concentrated urines there may be some uric acid crystals. These are reddish or yellowish in color (they will not dissolve by heating). A small amount of these may also be normal. They are protein waste, as in the urea.

Urines become cloudy on standing, especially in warm weather, from the rapid multiplication of the bacteria which get in them, both during the passage from the bladder and afterwards, and from the deposit of salts.

Normal Amount. The secretion of an average of 1½ quarts or so of water in a day (24 hours) shows that the kidneys are functioning adequately. **A good water output of the kidney is the best first evidence of its functional capacity.** (Tice).

Oliguria. A lessened secretion of urine is known as oliguria. This may be normal for a short period of time, as when the skin, lungs, and intestines, which also aid in getting rid of the waste water, are more than usually active, as they are in active exercise, sweating times in summer, hot baths or diarrhea. When too little liquids are taken, there is also a lessened amount. A lessened secretion makes the urine more concentrated and more acid, and over any period of time is irritating and may cause an inflammation of the whole urinary system (kidneys, ureters, bladder and urethra); besides, it may cause precipitaion of its salts and favor stone formation. You can see from this that it is highly important to drink sufficient water and to have a balanced diet. Much more water should be taken when the skin is more active, as in summer. A lessened secretion may be abnormal, as in certain forms of heart and kidney disease.

Polyuria. A marked increase of the urine is known as polyuria. This may be normal, as when large amounts of water and watery foods are taken (in the winter, when there is less perspiration, there is usually an increase in the urine).

Abnormal Polyuria. There is a very marked polyuria in diabetes, the grade depending upon the degree of the disease. (This is accompanied by a very great increase in the thirst and other symptoms.)

Editor's notes: Dr. Peters cannot diagnose, nor give personal advice. Your questions, if of general interest, will be answered in the column, in turn. Requests for articles must be accompanied by a fully self-addressed, stamped envelope and 2 cents in coin for each article, to cover cost of printing and handling. For the pamphlet on reducing and gaining, 10 cents in coin, with fully self-addressed, stamped envelope, must be enclosed. Address Dr. Peters, in care of this paper.

Living and Loving

By MRS. VIRGINIA LEE

There is something awe inspiring in what human beings will suffer when they love. Or maybe it isn't love, but fear of the unknown which will come if they break bonds and start out on their own. Fear of loneliness which will be harder to bear than tyranny.

And maybe there is in each of us an unacknowledged admiration and dependence on a person who takes the upper hand even if he or she bullies us, and makes us secretly like the treatment because we feel flattered that a person we regard as a strong character should care enough for us to be jealous.

"DEAR VIRGINIA LEE: I am 48 and have a clean, attractive home which we own, equipped with radio, music, electricity, everything modern convenience, but not happiness—no happiness at all. My husband is my second. I have carefully reared four children of his by a former wife and raised them to manhood. They are married. They cannot come home, as their fathr claims I think more of them than of him.

"My home is clean and I am careful to be clean and neat in my appearance, but each night my husband leaves home before seven and returns about 11. He comes in two or three times each evening for a minute to see that I have not gone out. If he finds that I have been out during the day he quarrels at night.

"He says a woman's place is in the home. I am so lonely during the long, long evenings, as I would be afraid to have a woman neighbor come in to visit. He is on the street constantly and has a new auto I seldom see. I am miserable, yet I love him. I have money of my own. Should I stay here?"

"PERPLEXED."

Of course the proper way to treat such a bully, Perplexed, is to say to him:

"Now, look here, I'm a grown woman and not a slave. I'm going where I please when I please, and if you don't like it I'll take my playthings and go where I can make a home of my own and have friends come to see me."

And then do just that thing. All bullies are cowards at heart you know, and if you called his bluff and he found you gone, what could he do? He couldn't quarrel by himself.

You don't have to be tyrannized over if you don't want to be, you know. There are plenty of lonely men in the world who would appreciate a companionable woman and a clean, comfortable home.

Maybe, 'way down so deep in your consciousness that you are not conscious of it, you like his treatment, think it is flattering. Many women would. Or it may be that your sense of responsibility toward him keeps you true to him.

Peter's Adventures

By MRS. FLORENCE SMITH VINCENT

AWAY WITH THE GREEN-EYED MONSTER!

No siree! Peter could scarcely believe his own ears. A song in his praise. He felt he'd done nothing that anyone else might not have done—to deserve it. But he was given no chance to say so.

"Hail, hail, hail!" buzzed the bees, when they had come to the end of their song of welcome, and they didn't come to the end until they had sung the same verse over and over and over.

Finally, as the last note died into silence, the tiny trumpet sounded again. As if by magic the bees separated and massed themselves in two groups on either side of a long aisle that ran down the center of the banquet hall. Way down at the very end of this aisle Peter saw the Queen.

Surrounded by her courtiers, Her Majesty was talking in an undertone to the trumpeter who just at that moment, and evidently at his Queen's command, started up the aisle toward Peter.

Dawdler had not spoken all the time all this was taking place—in fact he had not noticed Peter at all after calling the boy's attention to the Bees' sing-song buzz of welcome. The boy feared Dawdler was very cross indeed, so he turned to Whizz to ask that fellow what it was all about, when Dawdler found his tongue.

"Well, old sport, why don't you say something?" Dawdler demanded. "Didn't I tell you that you'd be welcome in the banquet hall? What do you think about it, now? I must say at first I was rather surprised for, of course, I thought it was I for whom the Queen waited. And I found it was you after all. I do think Her Majesty might have sent me word about this to-do. However she didn't and that's that! I don't stand in so well with her as I thought, maybe. But let's forget me and talk about you. I am a bit conceited, I fear, but after all, handsome and gay and popular as I am—or always have been on other days except this—how can I help it. But really I'm not so bad as I've painted my own picture." Dawdler, his gay-free self again, patted Peter's arm. "Away with jealousy, the green-eyed monster."

"If the Queen has forgotten me I am glad she has remembered you. If there's no reward of honor coming to Dawdler for the services he had rendered, at least it's a real joy to know that you are walking off with the laurels. You deserve everything you're receiving and a great deal more. Here's my leg on it!"

Peter was delighted that his friend had returned to him and it was a hearty old shake he exchanged with Dawdler.

"Who's a good sport now?" he whispered. And at Peter's words Dawdler beamed upon the boy. Whizz gave his bee chuckle.

"Thank goodness, all's right again between you two," said he. "Look! The trumpeter's approaching. What next, I wonder!"

Next. "The Path to Glory."

SPORT SNAP SHOTS

FRAMED by Phil

The fair and race meeting on the boards at the Xenia fairgrounds Wednesday, Thursday and Friday this week will be the opening of the famous Southwestern Ohio Shortship Fair Circuit and the Greene County Fair Board never before offered such a rich and attractive racing program.

The 1929 county fair is offering stake and purse events of $400, $500 and $600 value, considered above the average of the ordinary county fair race meeting and the meet this year should attract lovers of harness racing sport from all sections of Southern and Western Ohio.

There are many reasons concurring that should make the three-day meeting unusually brilliant this week. For example there are a number of famous horses straight from grand circuit tracks nominated for the events and then again the local track is exceedingly fast. In fact it is one of the fastest half-mile tracks in this part of the state.

* * *

A field of twelve unusually fast horses is listed for the free-for-all race, valued at $400, the second of three races that will comprise the closing program Friday of the harness meet at the fair.

Probably the most outstanding horse nominated for this race is Counterpart, so. h., by John A., entered by that noted grand circuit driver H. M. Parshall, Urbana. Recently this pacer entered the spotlight by winning a $25,000 purse at Kalamazoo, Mich. Another star performer eligible for this race is Julia June, entered by Dr. E. P. Clement, Elyria, O., vice-president of the Harness Horse Association. Julia June recently established a mark of something like 2:01 3-4 and has been burning up various tracks.

Considerable local interest is also felt in the fact the famous trotter, Missing Wonder has been named by William Irwin, Lebanon, to start in the 2:14 trot, worth $400, scheduled as the opening event on Thursday's racing card.

* * *

The Reds, just at present, are riding on the crest of a wave of prosperity that has carried the team from the National League dungeon to a tie with the Brooklyn Dodgers for fifth place, all within a space of ten days or less.

Cincinnati has lately been getting high class pitching and just enough hitting to win with increasing frequency.

With Jakie May either walking or fanning Phillie batters, the Reds closed their home stay by trouncing the slugging last-placers 7 to 1 Sunday.

Cincinnati will now be on the road for three weeks, playing Eastern teams and its next appearance at home will be August 25 when the rampaging Chicago Cubs appear for a double-header.

If the old ballyhoo counts for anything, a record-breaking crowd will be on hand to see the fireworks August 25. The Reds and Cubs have a feud all their own this season, dating back a few weeks when Hack Wilson, home run merchant of the Cubs, laid a couple of Red players low, and fans are smacking their lips in anticipation of a return bout on the occasion of Chicago's appearance at Cincinnati.

Probably, however, nothing out of the ordinary will happen. Anyway, a huge crowd will be on hand in order not to miss anything in the way of battling not confined to the playing field.

MAY FACE THIRD LIQUOR CHARGE

A charge of third offense of possessing liquor may be filed against John Mickle, Little St., arrested late Saturday night in a raid on his home in which police reported confiscating two half-pints of liquor.

Police say that Mickle had only completed the payment of $6 balance due on an old fine Saturday night. Later in the evening a complaint was received at Police Headquarters and Mickle's home was raided by Patrolmen Charles Thompson, J. E. Craig and George Robinson.

PAIR ACCUSED

Affidavits charging them with intoxication may be filed against Ed Miller and Russell Fox, 18, arrested by police over the week-end. They were released with orders to appear before Mayor Karl R. Babb Monday night.

EAST END NEWS

Miss Mattie Barnum, 68, died at her home on E. Second St., at 4 o'clock Sunday afternoon after a short illness.

She had been a resident of this city for the last forty years, and was a member of the Zion Baptist Church.

Miss Barnum is survived by one son, Willy Williams, Chicago; one sister, Mrs. Maggie Smith, Springfield, and one brother Stanfort Barnum. She is also survived by several nieces. One niece Mrs. Bertha Jameson has taken care of her for some time.

Funeral services will be held at the Johnson Funeral Home Wednesday afternoon at 2 o'clock with burial in Cherry Grove Cemetery.

RESERVES WHITE WASH VISITORS 4-0 AS MAXTON PITCHES ABLY

Behind the effective pitching of their ace hurler, Maxton, the Reserve nine displayed a sufficient batting punch to score four runs and subdue the crack Harshmanville team, 4 to 0 in a fast and well-played game Sunday afternoon at Washington Park.

Maxton has twirled the Reserves to a number of shut out victories this season but he was never in better form than in Sunday's contest when he held the visiting nine to three hits.

Harshmanville's pitcher was almost as good, limiting the Reserve sluggers to five blows. Actually the final score should have read, 2 to 0, as two of the Reserve runs were unearned, errors paving the way for the extra pair of tallies.

Captain "Jug" Conley circled the bases on one occasion when he doubled and tried to stretch the hit into a triple. He was apparently about to be tossed out at third but Harshman's second sacker pegged wildly to the far corner and Conley completed the circuit of the bases.

Next Sunday the Reserves will play the American Insurance Union nine out of Springfield. This team will be composed of selected players from Sprnigfield and Columbus in the hope of giving the local nine a good drubbing, a feat that has been accomplished only twice this season, both times by the American Railway Express team of Dayton.

PICK SWINDLER FOR STATE RIFLE TEAM; RETURNING TO CAMP

Recording the highest score of his regiment, Lieut. Perry Swindler, member of Company L, 147th Infantry, Ohio National Guard, for the second straight year qualified as a member of the state rifle team while the local guard unit was encamped at Camp Perry, O.

Company L, under its commander, Captain O. H. Cornwell, returned to Xenia Sunday afternoon following a fifteen-day training period during which the local unit qualified four members as sharpshooters, eleven as marksmen with a rifle and four as marksmen with an automatic rifle. Each member will receive a medal.

Lieut. Swindler will return to Camp Perry Monday night for the state matches. Out of a possible 250 points, the Xenian scored 240 in the rifle matches at a distance of 200 yards, firing fifty shots from various positions.

Leading the regiment, Lieut. Swindler was one of four members of the regiment selected for the state rifle team. The state team is composed of sixteen guardsmen selected from the Ohio National Guard and subsequent elimination will reduce this number to ten.

Lieut. Swindler was assigned to the regimental team as was the case last year.

FACES TWO CHARGES AFTER ARREST HERE

Immediately after he had pleaded not guilty Monday morning in Common Pleas Court to a charge of operating an auto while intoxicated and had been placed under $300 bond pending a hearing assigned for Wednesday morning, John W. Caldwell, colored, Dayton, was re-arrested by Sheriff Ohmer Tate and lodged in the County Jail on a second charge of driving a car equipped with improper license plates.

Caldwell was arrested Sunday afternoon on the Dayton-Xenia Pike by L. A. Davis, county road patrolman, who said the motorist was driving in an erratic maner.

Authorities say they discovered Monday that the car he was driving bore license tags issued for another auto.

A DOZEN different things may cause a headache, but there's just one thing you need ever do to get relief. Bayer Aspirin is an absolute antidote for such pain. Keep it at the office. Have it handy in the home. Those subject to frequent or sudden headaches should carry Bayer Aspirin in the pocket-tin. Until you have used it for headaches, colds, neuralgia, etc., you've no idea how Bayer Aspirin can help. It means quick, complete relief to millions of men and women who use it every year. And it does not depress the heart.

BAYER ASPIRIN

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

Angry About Her Flat Raid

Mrs. Jack Kearns, estranged wife of Jack Dempsey's former manager and one time Follies girl, was decidedly vehement when she appeared before a New York justice, seeking warrants for Teddy Hayes and "Two Gun" Murphy, on a charge of making an illegal entry into her New York apartment. "It's a lie," she said to their claim they saw a man "skedaddle out the back door." She admits having entertained Charles Culkin, Jr., sheriff's son, just before the "raid," but claims her sister, Mrs. Charles Schneider, and husband, were there at the same time.

MENACES SURGEONS SETTING WIFE'S LEG

CLEVELAND, O., Aug. 5.—John Ferguson will have a chance to explain to the judge today why he leveled a gun at two Lakeside Hospital physicians Sunday while they were trying to set his wife's broken leg.

After scaring the two physicians out of the operating room, he marshaled two orderlies and a nurse before his revolver, and drove them into the street. The exiles called police who found Ferguson sitting on the operating table in the hospital. He spent the night in jail.

Mrs. Ferguson's leg was broken when she and her husband fell down while dancing at a restaurant here early Sunday morning.

AUTO RECOVERED

An automobile belonging to E. A. Oster, Yellow Springs, stolen from its parking space on N. Limestone St., in Springfield, Saturday night, was recovered for its owner by police of thaht city Sunday. The car was discovered abandoned on Lexington Ave., near Belmont Ave.

FRAMED by Phil

The fair and race meeting on the boards at the Xenia fairgrounds Wednesday, Thursday and Friday this week will be the opening of the famous Southwestern Ohio Shortship Fair Circuit and the Greene County Fair Board never before offered such a rich and attractive racing program.

The 1929 county fair is offering stake and purse events of $400, $500 and $600 value, considered above the average of the ordinary county fair race meeting and the meet this year should attract lovers of harness racing sport from all sections of Southern and Western Ohio.

There are many reasons concurring that should make the three-day meeting unusually brilliant this week. For example there are a number of famous horses straight from grand circuit tracks nominated for the events and then again the local track is exceedingly fast, in fact it is one of the fastest half-mile tracks in this part of the state.

* * *

A field of twelve unusually fast horses is listed for the free-for-all pace, valued at $400, the second of three races that will comprise the closing program Friday of the harness meet at the fair.

Probably the most outstanding horse nominated for this race is Counterpart, so. h., by John A., entered by that noted grand circuit driver H. M. Parshall, Urbana. Recently this pacer entered the spotlight by winning a $25,000 purse at Kalamazoo, Mich. Another star performer eligible for this race is Julia June, entered by Dr. E. P. Clement, Elyria, O., vice-president of the Harness Horse Association. Julia June recently established a mark of something like 2:01 3-4 and has been burning up various tracks.

Considerable local interest is also felt in the fact the famous trotter, Missing Wonder has been named by William Irwin, Lebanon, to start in the 2:14 trot, worth $400, scheduled as the opening event on Thursday's racing card.

* * *

The Reds, just at present, are riding on the crest of a wave of prosperity that has carried the team from the National League dungeon to a tie with the Brooklyn Dodgers for fifth place, all within a space of ten days or less.

Cincinnati has lately been getting high class pitching and just enough hitting to win with increasing frequency.

With Jakie May either walking or fanning Phillie batters, the Reds closed their home stay by trouncing the slugging last-placers 7 to 1 Sunday.

Cincinnati will now be on the road for three weeks, playing Eastern teams and its next appearance at home will be August 25 when the rampaging Chicago Cubs appear for a double-header.

If the old ballyhoo counts for anything, a record-breaking crowd will be on hand to see the fireworks August 25. The Reds and Cubs have a feud all their own this season, dating back a few weeks when Hack Wilson, home run merchant of the Cubs, laid a couple of Red players low, and fans are smacking their lips in anticipation of a return bout on the occasion of Chicago's appearance at Cincinnati.

Probably, however, nothing out of the ordinary will happen. Anyway, a huge crowd will be on hand in order not to miss anything in the way of battling not confined to the playing field.

MAY FACE THIRD LIQUOR CHARGE

A charge of third offense of possessing liquor may be filed against John Mickle, Little St., arrested late Saturday night in a raid on his home in which police reported confiscating two half-pints of liquor.

Police say that Mickle had only completed the payment of $6 balance due on an old fine Saturday night. Later in the evening a complaint was received at Police Headquarters and Mickle's home was raided by Patrolmen Charles Thompson, J. E. Craig and George Robinson.

PAIR ACCUSED

Affidavits charging them with intoxication may be filed against Ed Miller and Russell Fox, 18, arrested by police over the week-end. They were released with orders to appear before Mayor Karl R. Babb Monday night.

EAST END NEWS

Miss Mattie Barnum, 68, died at her home on E. Second St., at 3 o'clock Sunday afternoon after a short illness.

She had been a resident of this city for the last forty years, and was a member of the Zion Baptist Church.

Miss Barnum is survived by one son, Willy Williams, Chicago; one sister, Mrs. Maggie Smith, Springfield, and one brother Stanfort Barnum. She is also survived by several nieces. One niece Mrs. Bertha Jameson has taken care of her for some time.

Funeral services will be held at the Johnson Funeral Home Wednesday afternoon at 2 o'clock with burial in Cherry Grove Cemetery.

RESERVES WHITE WASH VISITORS 4-0 AS MAXTON PITCHES ABLY

Behind the effective pitching of their ace hurler, Maxton, the Reserve nine displayed a sufficient batting punch to score four runs and subdue the crack Harshmanville team, 4 to 0 in a fast and well-played game Sunday afternoon at Washington Park.

Maxton has twirled the Reserves to a number of shut out victories this season but he was never in better form than in Sunday's contest when he held the visiting nine to three hits.

Harshmanville's pitcher was almost as good, limiting the Reserve sluggers to five blows. Actually the final score should have read, 2 to 0, as two of the Reserve runs were unearned, errors paving the way for the extra pair of tallies.

Captain "Jug" Conley circled the bases on one occasion when he doubled and tried to stretch the hit into a triple. He was apparently about to be tossed out at third but Harshman's second sacker pegged wildly to the far corner and Conley completed the circuit of the bases.

Next Sunday the Reserves will play the American Insurance Union nine out of Springfield. This team will be composed of selected players from Sprnigfield and Columbus in the hope of giving the local nine a good drubbing, a feat that has been accomplished only twice this season, both times by the American Railway Express team of Dayton.

PICK SWINDLER FOR STATE RIFLE TEAM; RETURNING TO CAMP

Recording the highest score of his regiment, Lieut. Perry Swindler, member of Company L, 147th Infantry, Ohio National Guard, for the second straight year qualified as a member of the state rifle team while the local guard unit was encamped at Camp Perry, O.

Company L, under its commander, Captain O. H. Cornwell, returned to Xenia Sunday afternoon following a fifteen-day training period during which the local unit qualified four members as sharpshooters, eleven as marksmen with a rifle and four as marksmen with an automatic rifle. Each member will receive a medal.

Lieut. Swindler will return to Camp Perry Monday night for the state matches. Out of a possible 250 points, the Xenian scored 240 in the rifle matches at a distance of 200 yards, firing fifty shots from various positions.

Leading the regiment, Lieut. Swindler was one of four members of the regiment selected for the state rifle team. The state team is composed of sixteen guardsmen selected from the Ohio National Guard and subsequent elimination will reduce this number to ten.

Lieut. Swindler was assigned to the regimental team as was the case last year.

FACES TWO CHARGES AFTER ARREST HERE

Immediately after he had pleaded not guilty Monday morning in Common Pleas Court to a charge of operating an auto while intoxicated and had been placed under $300 bond pending a hearing assigned for Wednesday morning, John W. Caldwell, colored, Dayton, was re-arrested by Sheriff Ohmer Tate and lodged in the County Jail on a second charge of driving a car equipped with improper license plates.

Caldwell was arrested Sunday afternoon on the Dayton-Xenia Pike by L. A. Davis, county road patrolman, who said the motorist was driving in an erratic maner.

Authorities say they discovered Monday that the car he was driving bore license tags issued for another auto.

A DOZEN different things may cause a headache, but there's just one thing you need ever do to get relief. Bayer Aspirin is an absolute antidote for such pain. Keep it at the office. Have it handy in the home. Those subject to frequent or sudden headaches should carry Bayer Aspirin in the pocket-tin. Until you have used it for headaches, colds, neuralgia, etc., you've no idea how Bayer Aspirin can help. It means quick, complete relief to millions of men and women who use it every year. And it does not depress the heart.

BAYER ASPIRIN

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

Angry About Her Flat Raid

Mrs. Jack Kearns, estranged wife of Jack Dempsey's former manager and one time Follies girl, was decidedly vehement when she appeared before a New York justice, seeking warrants for Teddy Hayes and "Two Gun" Murphy, on a charge of making an illegal entry into her New York apartment. "It's a lie," she said to their claim they saw a man "skedaddle out the back door." She admits having entertained Charles Culkin, Jr., sheriff's son, just before the "raid," but claims her sister, Mrs. Charles Schneider, and husband, were there at the same time.

MENACES SURGEONS SETTING WIFE'S LEG

CLEVELAND, O., Aug. 5.—John Ferguson will have a chance to explain to the judge today why he leveled a gun at two Lakeside Hospital physicians Sunday while they were trying to set his wife's broken leg.

After scaring the two physicians out of the operating room, he marshaled two orderlies and a nurse before his revolver, and drove them into the street. The exiles called police who found Ferguson sitting on the operating table in the hospital. He spent the night in jail.

Mrs. Ferguson's leg was broken when she and her husband fell down while dancing at a restaurant here early Sunday morning.

AUTO RECOVERED

An automobile belonging to E. A. Oster, Yellow Springs, stolen from its parking space on N. Limestone St., in Springfield, Saturday night, was recovered for its owner by police of thaht city Sunday. The car was discovered abandoned on Lexington Ave., near Belmont Ave.

OBITUARY

ALBERT WILLIS SHAW son of the late Richard and Mary Shaw was born in Xenia, O., October the 9th, 1877 and departed from this life July the 29th, 1929. Aged 51 years 9 months and 20 days.

He was united in marriage to Miss Mary Everett, March the 17th 1902. Four children were born of this union two died in infancy and two with their mother survive him, Freda and Lloyd Neil.

Jr. Shaw had enjoyed the best of health until two years ago and was a patient sufferer for the last fifteen weeks.

Besides his widow and children he leaves to mourn their loss three sisters and four brothers, Mrs. Nancy Young of Middletown, O.; Mrs. Hanna Mercer and Mrs. Martha Voorhees of West of Xenia; Herbert of Canada, James, John and Rolla of Xenia, O., and a host of friends.

He was a member of the United Brethren Church and his affiliations were the Jr. O. U. A. M. Red Men, D. of P. and the Invisable Empire.

CARD OF THANKS

WE EXTEND our sincere thanks and appreciation to all our relatives, friends and neighbors for their kind expressions of sympathy in the loss of our beloved Husband and Father Albert W. Shaw. Especially do we thank the Good Samaritan Class of the United Brethren Church, the Jr. O. U. A. M. Red Men, D. of P., the Invisable Empire and the employes of the H. and A. Co. and all others for their services and the beautiful floral offerings. Dr. F. M. Chambliss for his untiring efforts, Mrs. Furstenberger, Mrs. Chenoweth and Mrs. Bowers for the music, the pallbearers, the Ministers, Rev. Furstenberger and Rev. Brill for their consoling words, Mrs. John Keller and Mrs. John Acton for their kind assistance and Mr. Ralph M. Neell for the efficient funeral arrangements and services rendered.

Mrs. Mary Shaw and Children.

PUBLIC NOTICE OF APPLICATION OF A MOTOR TRANSPORTATION COMPANY TO SUBSTITUTE EQUIPMENT

Public notice is hereby given that The King Brothers Company, a motor transportation company, has filed with the Public Utilities Commission of Ohio, an application to substitute 2-23 and 1-18 passenger cars for 3-25 passenger cars under certificate No. 22.

The King Brothers Company,
Lebanon, Ohio.

(8-5-12-19.)

NOTICE

Notice is hereby given that C. Edward Marshall, 39 Emmett Street, Dayton, Ohio, has filed an application with The Public Utilities Commission of Ohio, at Columbus, Ohio, for a Certificate of Public Convenience and necessity to operate a motor transportation company; the route proposed to be operated running from Dayton into Greene County, thence into Warren County, thence into Montgomery County, and return to Dayton; the number of vehicles to be used being one (1) motor truck, the number of trips to be made being one (1) daily, the nature of the service to be rendered being the transportation of milk.

Hearing on said application shall be held at the office of The Public Utilities Commission of Ohio, at Columbus, Ohio, on Friday, September 6, 1929 at ten o'clock A. M. Eastern Standard time.

C. Edward Marshall,
39 Emmett Street, Dayton, Ohio.
(8-5-12-19.)

SIMEON A. BLAZER REMOVED BY DEATH

Simeon A. Blazer, 57, died at his residence two miles east of Fairfield on the Dayton-Springfield Pike at 3 o'clock Sunday afternoon.

He is survived by his widow, Elizabeth; four daughters, Mrs. Edith Null and Mrs. Minnie Shupp, of Fairfield, and Nettie and Mary at home; nine sons, James and Alvin, of Springfield; Monroe, of Fairfield; and Clarence, Leslie, Noah, Lewis, Joseph and George at home; and five brothers and one sister.

Funeral services will be conducted at 2 o'clock Wednesday afternoon at the Methodist Church in Fairfield. Burial will be made in the Fairfield Cemetery.

XENIANS HURT IN AUTO COLLISION

Minor injuries were sustained by Mrs. O. S. Ray and Mrs. C. H. Ray, both of Xenia, as a result of a collision between an auto driven by C. H. Ray and another driven by Herbert Collins at Center St. and Euclid Ave., in Springfield at 4:05 p. m. Sunday.

Ray was driving south on Center St. and Collins was preceeding west on Euclid Ave., when the accident occurred, it was learned by police who investigated the mishap. Extent of the injuries to the two women was not learned as they left the accident scene before officers arrived.

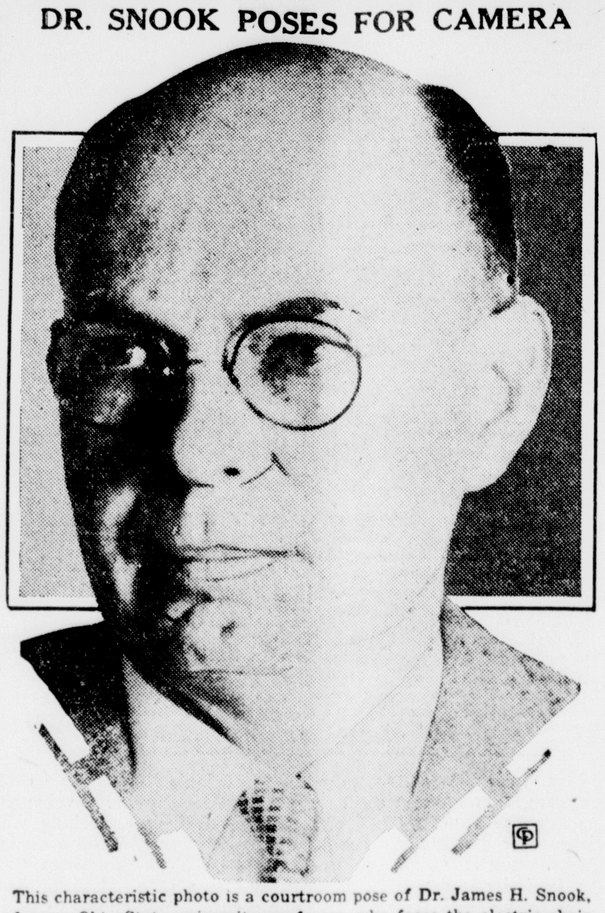

Reported Engaged

DIXIE LEE

When Dixie Lee, who comes from Tennessee via New Orleans and sometimes known as the original varsity drag girl was asked whether she would shortly marry David Rollins, film actor, she didn't say she would, but she certainly didn't say she wouldn't. The "situation" seems to have arisen when Dixie came out to the film colony to do a picture and the two met on the same lot.

DR. SNOOK POSES FOR CAMERA

This characteristic photo is a courtroom pose of Dr. James H. Snook, former Ohio State university professor, who faces the electric chair in his trial at Columbus for the murder of Miss Theora Hix, his co-ed sweetheart.

THE FLAT TIRE

A DRAB LITTLE MOTH FLIES TO HAPPINESS

By Alma Sioux Scarberry, Author of "Make Up" etc.

© 1929 Central Press Assn Inc.

READ THIS FIRST:

Vivian Matthews, shy and unhappy, and called a "flat tire," believing herself to be a doorstep baby, marries Kentworth Hillman Johns III, to help him secure his grandfather's fortune, with the understanding that she is to have one hundred thousand dollars, and a divorce in Paris, at the end of the year. But a cyclone wipes their home and business away, and Wall Street sweeps the fortune. Vivian insists upon Kent staying with her in the little Matthews cottage, and when she learns that she is the rightful Johns heir—the grandaughter of Johns I, and Kent is an orphanage waif, she swears her mother's father, and Judge Potter to secrecy, and establishes Kent in business with part of her inherited half million dollars. She is engaged to marry Mann Barkow, famous artist, who has painted her and taught her to fly, when she is free. Kent is to marry his old fiancee, who jilted him. Bark returns to New York, and Patricia Sullivan receives a wire from him to the effect that he has secured a part in a show for her. Vivian is jealous.

Only a month of the marriage contract remains.

Kent writes Dovie a lengthy letter.

Vivian flies to Salina to see Celeste and buy a new dress for the dinner at the mayor's house.

At the dinner Vivian is no longer a "flat tire," and Kent marvels at her poise and wit.

NOW GO ON WITH THE STORY

* * *

CHAPTER LIII

There was a letter with a New York postmark waiting for Kent when he and Vivian drove home after the Lindbergh dinner. Vivian went up to her room, and Kent sat down in the living room to read it.

He opened it carelessly. But it was a moment he was to remember to the longest day he lived. It was not a letter. It was a page of a newspaper. When he unfolded it, and his eyes took in the pictures that stared up at him and the great Sunday paper headline that stretched entirely across the page, the world reeled around him. Cold sweat broke out on his brow as he grasped its full significance.

"MAD LITTLE 'DOVIE' AND HER BOGUS COUNT"

The page blurred. A moment later, when he could see, he looked more closely at the pictures.

Dovie, in a slip of a bathing suit. Dovie, in a drape. Dovie as a nude statue of an artist model. And there was a subhead that read:

"When the Gayest Little American of the Paris Art Colony and Her Designing Mamma Got Paid Back in Their Own Coin."

There was a picture of Mamma Jansen, too. He brushed his hands across his eyes, and read on, dazed and shaken. It was the true story of Dovie Jansen and her marriage to "Count Von Popper." A deriding, typical Sunday thriller of the yellowest journalism type.

There were pictures of three wealthy men who had been "taken in" by Aurelia Jansen. Three "poor fish" who had been forced to pay huge sums of money to Mamma Jansen to keep out of court when she threatened to expose their relations with her daughter. A picture of a little boy Dovie had struck with her car when driving while intoxicated.

Blackmail! It was there in black and white. A horrid, stark, ugly tale of two women whose one object in life, for four years, seemed to have been to get money in any way possible.

Dovie—a crook! And she had come back to Bender and made him believe her. He, too, had been taken into her net of lies. Only the loss of his money had saved him from being victimized by her.

And the "Count." Dovie's marriage had been a "priceless joke of the art colony." They had hired another crook to pose as royalty and marry her. Mamma Jansen had been so eager that, within twenty-four hours after the party where Dovie met the "count," she had consented—or urged their marriage. It wasn't until a week later that the truth was revealed to the two stunned and furious women.

Kent Johns felt that he was through. That life held no more for him. When he had read every line of the truth about the girl he had thought he loved so long, he felt he must die.

What had he done to deserve the stunning blows of the past few months? There wasn't a thing under the sun that could happen now. His faith in everything was wiped out.

He would be the laughing stock of the whole world. Everyone in Bender knew that he had made up with Dovie. He had even been reckless enough to be seen in public with her. Everyone would know what a fool he had been!

First, he had thrown all his money away like so much dirt. Then he had let a woman make a fool out of him—not only once, but two times. He had believed her. Loved her—and placed her on a pedestal above the whole world, when she had been worse than the dirt under his feet.

The page had fallen by the chair and Kent lay with his head back, ashen and too weak with shock to move. He did not hear Vivian come down the stairs. She came down singing, and stood in the door.

She looked at him a moment, and moved slowly toward him.

"Kent! Kent!" she cried, "are you ill? What has happened?"

He opened his eyes slowly. He would rather die than have her know what a fool he had been. But—she would find it out some time. Why not now? He reached down mechanically. And, without a word, handed the damning page to her.

Vivian sat down weakly and began to read. When she had finished—most of it was not news to her anyway, since Bark had told her a great deal of Dovie's life in Paris—she sat for a moment, looking pathetically at Kent, sitting so broken and spent in the big chair.

She wanted to weep for him then. For his broken dreams and his humiliation and his heartbreak. Again she felt a thousand years older than the boy who had built his house of dreams on the shallow sands of disillusionment.

What could she do? What could she say that would ease his hurt—or help him just a little? Nothing. She had never felt so helpless in her life. But, she was drawn to his chair with the ache in her own heart, and sat down on the arm and put her arm around him.

It was what his mother might have done. She drew his head to her, as she had once before when he had been so hurt, and stroked his hair silently. In a moment he looked up at her and she saw there were tears in his eyes.

Kent crying! She threw herself in his arms and wound her own arms around his neck, pulling him closely to her.

"I know, I know, dear—it hurts."

In a moment he was shaking with sobs. Vivian was relieved. It would help him. Perhaps he had never cried before. But, no wonder. Surely no one had ever had their world tumble about their heads any more completely than poor Kent had in the year since she had talked with him that night at the gate. A man of iron would want to cry. It was not weakness. He was entitled to it.

For several minutes he was just a little boy in his mother's arms. He had never known a mother. She remembered that he didn't even know his name—and breathed a prayer of thanks that she had sworn her grandfather and Judge Potter to secrecy on the day she had learned that she was the rightful Johns heir. At least, she had saved him that last straw of heart break.

She lifted his head up when she felt his sobs subsiding and smiled tenderly into his face. Then she took the little white apron she was wearing and wiped the tears from his eyes.

"There, feel better, darlin'. Don't cry any more—I want to talk to you."

His arms closed around her until the breath almost left her body. She closed her eyes—while he held her as though he could never let her go.

"My God, what am I going to do without you, Viv. There'll be nothing left in the world for me when you go."

She swallowed to keep back her own tears and held him to her heart.

"You'll never lose my—my friendship, dear boy. Surely you don't think I blame you in any way for anything that has happened?"

He looked at her and smiled a twisted ghost of a grin.

"You can even say that now—knowing what a fool I really have been?"

(TO BE CONTINUED)

How Producer in Airplane Lifted Prairie Cinderella from Obscurity

They are telling along Broadway a Cinderella-like tale that, if it came from one of those mimeograph operators known as press representatives, would be shouted down with cries of "wolf." This time, however, it happens to be true, so let's get on with the story.

One day last Spring John Murray Anderson was flying over Nebraska for business reasons, which perhaps, are the best reasons one could have for flying over Nebraska. The plane was forced down in some small Nebraska town, and the producer took advantage of an enforced holiday by going to the local motion picture house.

It was an intimate little theater, with an old-fashioned and time-honored upright piano substituting for an orchestra. Seated at the piano was Ann Pennington, or Mr. Anderson thought it was Ann Pennington. On the other hand, it could not have been Ann, because she does not play the piano, a matter which Anderson recalled in time to restrain himself from greeting the girl like an old friend.

But he greeted her, none the less and learned she was Henrietta Henri, the theater owner's daughter, never had passed Nebraska's borders, but had not abandoned all hope. Of course, or there would not be any story, she was asked if she would like to come to New York to appear in a show. She would, and did, a month ago, and now she is living in the apartment of the same Ann Pennington whom she resembles so much.

Miss Henrie is learning to dance, and will dance, sing, play and celeste and be shot through the heart by Keating, the magician in "Murray Anderson's Almanac," when that show opens. All of which will not be a bad night's start for a nineteen-year-old girl who two months ago did not know she looked like somebody else.

Henrietta Henri could fool anyone easily, but, really, she isn't Ann Pennington, even though she does look like her, lives with her and will try to dance as Ann dances.

HUNDREDS PERISH IN CHINA FLOODS

PEPING, China, Aug. 5.— Hundreds of persons perished in devastating floods which covered great areas of Honan and Hunpeh provinces. Dispatches from the afflicted zone said today. In addition hundreds of others were reported missing. The heavy rains which caused the rivers to overflow continued to descend today.

OBITUARY

ALBERT WILLIS SHAW son of the late Richard and Mary Shaw was born in Xenia, O., October the 9th, 1877 and departed from this life July the 28th, 1929. Aged 51 years 9 months and 20 days.

He was united in marriage to Miss Mary Everett, March the 17th 1903. Four children were born of this union two died in infancy and two with their mother survive him, Freda and Lloyd Neil.

Mr. Shaw had enjoyed the best of health until two years ago and was a patient sufferer for the last fifteen weeks.

Besides his widow and children he leaves to mourn their loss three sisters and four brothers, Mrs. Nancy Young of Middletown, O.; Mrs. Hanna Merder and Mrs. Martha Voorhees of West of Xenia; Herbert of Canada, James, John and Rolla of Xenia, O., and a host of friends.

He was a member of the United Brethren Church and his affiliations were the Jr. O. U. A. M. Red Men, D. of P. and the Invisable Empire.

CARD OF THANKS

WE EXTEND our sincere thanks and appreciation to all our relatives, friends and neighbors for their kind expressions of sympathy in the loss of our beloved Husband and Father Albert W. Shaw. Especially do we thank the Good Samaritan Class of the United Brethren Church, the Jr. O. U. A. M. Red Men, D. of P., the Invisable Empire and the employes of the H. and A. Co. and all others for their services and the beautiful floral offerings. Dr. F. M. Chambliss for his untiring efforts, Mrs. Furstenberger, Mrs. Chenoweth and Mrs. Bowers for the music, the pallbearers, the Ministers, Rev. Furstenberger and Rev. Brill for their consoling words, Mrs. John Kelter and Mrs. John Acton for their kind assistance and Mr. Ralph M. Neeld for the efficient funeral arrangements and services rendered.

Mrs. Mary Shaw and Children.

PUBLIC NOTICE OF APPLICATION OF A MOTOR TRANSPORTATION COMPANY TO SUBSTITUTE EQUIPMENT

Public notice is hereby given that The King Brothers Company, a motor transportation company, has filed with the Public Utilities Commission of Ohio, an application to substitute 2-33 and 1-18 passenger cars for 3-25 passenger cars under certificate No. 23.

The King Brothers Company,
Lebanon, Ohio.
(8-5-12-19.)

NOTICE

Notice is hereby given that C. Edward Marshall, 39 Emmett Street, Dayton, Ohio, has filed an application with The Public Utilities Commission of Ohio, at Columbus, Ohio, for a Certificate of Public Convenience and necessity to operate a motor transportation company; the route proposed to be operated running from Dayton into Greene County, thence into Warren County, thence into Montgomery County, and return to Dayton; the number of vehicles to be used being one (1) motor truck, the number of trips to be made being one (1) daily, the nature of the service to be rendered being the transportation of milk.

Hearing on said application shall be held at the office of The Public Utilities Commission of Ohio, at Columbus, Ohio, on Friday, September 6, 1929 at ten o'clock A. M. Eastern Standard time.

C. Edward Marshall,
39 Emmett Street, Dayton, Ohio.
(8-5-12-19.)

SIMEON A. BLAZER REMOVED BY DEATH

Simeon A. Blazer, 57, died at his residence two miles east of Fairfield on the Dayton-Springfield Pike at 3 o'clock Sunday afternoon.

He is survived by his widow, Elizabeth; four daughters, Mrs. Edith Null and Mrs. Minnie Shupp, of Fairfield, and Nettie and Mary at home; nine sons, James and Alvin, of Springfield; Monroe, of Fairfield; and Clarence, Leslie, Noah, Lewis, Joseph and George at home; and five brothers and one sister.

Funeral services will be conducted at 2 o'clock Wednesday afternoon at the Methodist Church in Fairfield. Burial will be made in the Fairfield Cemetery.

XENIANS HURT IN AUTO COLLISION

Minor injuries were sustained by Mrs. O. S. Ray and Mrs. C. H. Ray, both of Xenia, as a result of a collision between an auto driven by C. H. Ray and another driven by Herbert Collins at Center St. and Euclid Ave., in Springfield at 4:05 p. m. Sunday.

Ray was driving south on Center St. and Collins was preceeding west on Euclid Ave., when the accident occurred, it was learned by police who investigated the mishap. Extent of the injuries to the two women was not learned as they left the accident scene before officers arrived.

Reported Engaged

When Dixie Lee, who comes from Tennessee via New Orleans and sometimes known as the original varsity drag girl was asked whether she would shortly marry David Rollins, film actor, she didn't say she would, but she certainly didn't say she wouldn't. The "situation" seems to have arisen when Dixie came out to the film colony to do a picture and the two met on the same lot.

DIXIE LEE

DR. SNOOK POSES FOR CAMERA

THE FLAT TIRE

A DRAB LITTLE MOTH FLIES TO HAPPINESS

By Alma Sioux Scarberry, Author of "Make Up" etc.

© 1929 Central Press Assn Inc.

READ THIS FIRST:

Vivian Matthews, shy and unhappy, and called a "flat tire," believing herself to be a doorstep baby, marries Kentworth Hillman Johns III, to help him secure his grandfather's fortune, with the understanding that she is to have one hundred thousand dollars, and a divorce in Paris, at the end of the year. But a cyclone wipes their home and business away, and Wall Street sweeps the fortune. Vivian insists upon Kent staying with her in the little Matthews cottage, and when she learns that she is the rightful Johns heir—the grandaughter of Johns I, and Kent is an orphanage waif, she swears her mother's father, and Judge Potter to secrecy, and establishes Kent in business with part of her inherited half million dollars. She is engaged to marry Mann Barkow, famous artist, who has painted her and taught her to fly, when she is free. Kent is to marry his old fiancee, who jilted him. Bark returns to New York, and Patricia Sullivan receives a wire from him to the effect that he has secured a part in a show for her. Vivian is jealous.

Only a month of the marriage contract remains.

Kent writes Dovie a lengthy letter.

Vivian flies to Salina to see Celeste and buy a new dress for the dinner at the mayor's house.

At the dinner Vivian is no longer a "flat tire," and Kent marvels at her poise and wit.

NOW GO ON WITH THE STORY

* * *

CHAPTER LIII

There was a letter with a New York postmark waiting for Kent when he and Vivian drove home after the Lindbergh dinner. Vivian went up to her room, and Kent sat down in the living room to read it.

He opened it carelessly. But it was a moment he was to remember to the longest day he lived. It was not a letter. It was a page of a newspaper. When he unfolded it, and his eyes took in the pictures that stared up at him and the great Sunday paper headline that stretched entirely across the page, the world reeled around him. Cold sweat broke out on his brow as he grasped its full significance.

"MAD LITTLE 'DOVIE' AND HER BOGUS COUNT"

The page blurred. A moment later, when he could see, he looked more closely at the pictures.

Dovie, in a slip of a bathing suit. Dovie, in a drape. Dovie as a nude statue of an artist model. And there was a subhead that read:

"When the Gayest Little American of the Paris Art Colony and Her Designing Mamma Got Paid Back in Their Own Coin."

There was a picture of Mamma Jansen, too. He brushed his hands across his eyes, and read on, dazed and shaken. It was the true story of Dovie Jansen and her marriage to "Count Von Popper." A deriding, typical Sunday thriller of the yellowest journalism type.

There were pictures of three wealthy men who had been "taken in" by Aurelia Jansen. Three "poor fish" who had been forced to pay huge sums of money to Mamma Jansen to keep out of court when she threatened to expose their relations with her daughter. A picture of a little boy Dovie had struck with her car when driving while intoxicated.

Blackmail! It was there in black and white. A horrid, stark, ugly tale of two women whose one object in life, for four years, seemed to have been to get money in any way possible.

Dovie—a crook! And she had come back to Bender and made him believe her. He, too, had been taken into her net of lies. Only the loss of his money had saved him from being victimized by her.

And the "Count." Dovie's marriage had been a "priceless joke of the art colony." They had hired another crook to pose as royalty and marry her. Mamma Jansen had been so eager that, within twenty-four hours after the party where Dovie met the "count," she had consented—or urged their marriage. It wasn't until a week later that the truth was revealed to the two stunned and furious women.

Kent Johns felt that he was through. That life held no more for him. When he had read every line of the truth about the girl he had thought he loved so long, he felt he must die.

What had he done to deserve the stunning blows of the past few months? There wasn't a thing under the sun that could happen now. His faith in everything was wiped out.

He would be the laughing stock of the whole world. Everyone in Bender knew that he had made up with Dovie. He had even been reckless enough to be seen in public with her. Everyone would know what a fool he had been!

First, he had thrown all his money away like so much dirt. Then he had let a woman make a fool out of him—not only once, but two times. He had believed her. Loved her—and placed her on a pedestal above the whole world, when she had been worse than the dirt under his feet.

The page had fallen by the chair and Kent lay with his head back, ashen and too weak with shock to move. He did not hear Vivian come down the stairs. She came down singing, and stood in the door.

She looked at him a moment, and moved slowly toward him.

"Kent! Kent!" she cried, "are you ill? What has happened?"

He opened his eyes slowly. He would rather die than have her know what a fool he had been. But—she would find it out some time. Why not now? He reached down mechanically. And, without a word, handed the damning page to her.

Vivian sat down weakly and began to read. When she had finished—most of it was not news to her anyway, since Bark had told her a great deal of Dovie's life in Paris—she sat for a moment, looking pathetically at Kent, sitting so broken and spent in the big chair.

She wanted to weep for him then. For his broken dreams and his humiliation and his heartbreak. Again she felt a thousand years older than the boy who had built his house of dreams on the shallow sands of disillusionment.

What could she do? What could she say that would ease his hurt—or help him just a little? Nothing. She had never felt so helpless in her life. But, she was drawn to his chair with the ache in her own heart, and sat down on the arm and put her arm around him.

It was what his mother might have done. She drew his head to her, as she had once before when he had been so hurt, and stroked his hair silently. In a moment he looked up at her and she saw there were tears in his eyes.

Kent crying! She threw herself in his arms and wound her own arms around his neck, pulling him closely to her.

"I know, I know, dear—it hurts."

In a moment he was shaking with sobs. Vivian was relieved. It would help him. Perhaps he had never cried before. But, no wonder. Surely no one had ever had their world tumble about their heads any more completely than poor Kent had in the year since she had talked with him that night at the gate. A man of iron would want to cry. It was not weakness. He was entitled to it.

For several minutes he was just a little boy in his mother's arms. He had never known a mother. She remembered that he didn't even know his name—and breathed a prayer of thanks that she had sworn her grandfather and Judge Potter to secrecy on the day she had learned that she was the rightful Johns heir. At least, she had saved him that last straw of heart break.

She lifted his head up when she felt his sobs subsiding and smiled tenderly into his face. Then she took the little white apron she was wearing and wiped the tears from his eyes.

"There, feel better, darlin'. Don't cry any more—I want to talk to you."

His arms closed around her until the breath almost left her body. She closed her eyes—while he held her as though he could never let her go.

"My God, what am I going to do without you, Viv. There'll be nothing left in the world for me when you go."

She swallowed to keep back her own tears and held him to her heart.

"You'll never lose my—my friendship, dear boy. Surely you don't think I blame you in any way for anything that has happened?"

He looked at her and smiled a twisted ghost of a grin.

"You can even say that now—knowing what a fool I really have been?"

(TO BE CONTINUED)

How Producer in Airplane Lifted Prairie Cinderella from Obscurity

They are telling along Broadway a Cinderella-like tale that, if it came from one of those mimeograph operators known as press representatives, would be shouted down with cries of "wolf." This time, however, it happens to be true, so let's get on with the story.

One day last Spring John Murray Anderson was flying over Nebraska for business reasons, which perhaps, are the best reasons one could have for flying over Nebraska. The plane was forced down in some small Nebraska town, and the producer took advantage of an enforced holiday by going to the local motion picture house.

It was an intimate little theater, with an old-fashioned and time-honored upright piano substituting for an orchestra. Seated at the piano was Ann Pennington, or Mr. Anderson thought it was Ann Pennington. On the other hand, it could not have been Ann, because she does not play the piano, a matter which Anderson recalled in time to restrain himself from greeting the girl like an old friend.

But he greeted her, none the less and learned she was Henrietta Henri, the theater owner's daughter, never had passed Nebraska's borders, but had not abandoned all hope. Of course, or there would not be any story, she was asked if she would like to come to New York to appear in a show. She would, and did, a month ago, and now she is living in the apartment of the same Ann Pennington whom she resembles so much.

Miss Henrie is learning to dance, and will dance, sing, play and celeste and be shot through the heart by Keating, the magician in "Murray Anderson's Almanac," when that show opens. All of which will not be a bad night's start for a nineteen-year-old girl who two months ago did not know she looked like somebody else.

Henrietta Henri could fool anyone easily, but, really, she isn't Ann Pennington, even though she does look like her, lives with her and will try to dance as Ann dances.

HUNDREDS PERISH IN CHINA FLOODS

PEPING, China, Aug. 5.— Hundreds of persons perished in devastating floods which covered great areas of Honan and Hunpeh provinces. Dispatches from the afflicted zone said today. In addition hundreds of others were reported missing. The heavy rains which caused the rivers to overflow continued to descend today.

The Theater

Film circles, where rumors start almost before the ones concerned know it themselves, are saying that the wedding bells will soon peal for Ruth Elder, trans-Atlantic aviatrix and Hoot Gibson, cowboy flicker star.

Mrs. Hoot Gibson, divorced wife of the horse opera king, has announced her intention to wed a wealthy Honolulu plantation owner. Ruth has already been divorced by Lyle Womack, who claimed he lost his wife to the public after her sensational trans-Atlantic attempt.

* * *

Miss Elder's experience shows that getting into the public eye does no one harm materially, although it may play havoc with

MRS. AL JOLSON

what we old-fashioned folks are pleased to call domestic harmony and marital bliss.

An unknown, practically, Miss Elder attempted to fly to Europe in a plane piloted by George Halderman. The flight was not successful because they were forced down in the ocean short of their goal, and were rescued by a steamer.

But the daring attempt and its sensational rescue placed both in the public eye and Ruth chose to stay there. Halderman has apparently dropped out of the picture but Miss Elder began to commercialize her publicity immediately. Womack claimed that as the quiet husband in the background, he did not fit into the picture. Ruth vaudevilled a while and drifted into Hollywood, where you could write the story of her screen successes on your thumb nail.

Now, however, she seems to have made her biggest success. Gibson, whose art was on the decline, has benefitted from the new lease on life given the Westerns by the talkies, and has just signed a contract calling for a million dollars. The present announcement indicates Ruth will help him spend it.

* * *

Mrs. Al Jolson, the former Ruby Keeler, who is still known on the stage by that name, is reported on the road to recovery following an operation in New York, unless complications set in. The dancing stone was stricken in her dressing-room at the theater and rushed to a hospital. Dorothy Stone, daughter of Fred Stone, was summoned from California, to fill the vacated role.

* * *

Here's an idea from Dorothy Herzog: Why not allow time on the talkie film for the laughs just like the parenthetical applause on the written speech. Where the gags come on the talkie, the audience laughs and drowns out considerable descriptive matter that may have bearing on the plot. Now, there's an idea for you.

Twenty Years '09- Ago -'29

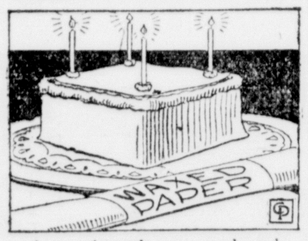

A final test of the D. and X traction street flusher was made Wednesday and it was a failure.

Miss Florence Swan, bookkeeper at Jobe Bros., is enjoying a vacation from her duties.

In every particular the Greene County Fair was bigger and better on Wednesday of this year than in previous years.

Mr. Earl Eavey has purchased a fine horse and carriage.

Wife Preservers

The Theater

Film circles, where rumors start almost before the ones concerned know it themselves, are saying that the wedding bells will soon peal for Ruth Elder, trans-Atlantic aviatrix and Hoot Gibson, cowboy flicker star.

Mrs. Hoot Gibson, divorced wife of the horse opera king, has announced her intention to wed a wealthy Honolulu plantation owner. Ruth has already been divorced by Lyle Womack, who claimed he lost his wife to the public after her sensational trans-Atlantic attempt.

* * *

Miss Elder's experience shows that getting into the public eye does no one harm materially, although it may play havoc with

MRS. AL JOLSON

what we old-fashioned folks are pleased to call domestic harmony and marital bliss.

An unknown, practically, Miss Elder attempted to fly to Europe in a plane piloted by George Halderman. The flight was not successful because they were forced down in the ocean short of their goal, and were rescued by a steamer.

But the daring attempt and its sensational rescue placed both in the public eye and Ruth chose to stay there. Halderman has apparently dropped out of the picture but Miss Elder began to commercialize her publicity immediately. Womack claimed that as the quiet husband in the background, he did not fit into the picture. Ruth vaudevilled a while and drifted into Hollywood, where you could write the story of her screen successes on your thumb nail.

Now, however, she seems to have made her biggest success. Gibson, whose art was on the decline, has benefitted from the new lease on life given the Westerns by the talkies, and has just signed a contract calling for a million dollars. The present announcement indicates Ruth will help him spend it.

* * *

Mrs. Al Jolson, the former Ruby Keeler, who is still known on the stage by that name, is reported on the road to recovery following an operation in New York, unless complications set in. The dancing stone was stricken in her dressing-room at the theater and rushed to a hospital. Dorothy Stone, daughter of Fred Stone, was summoned from California, to fill the vacated role.

* * *

Here's an idea from Dorothy Herzog: Why not allow time on the talkie film for the laughs just like the parenthetical applause on the written speech. Where the gags come on the talkie, the audience laughs and drowns out considerable descriptive matter that may have bearing on the plot. Now, there's an idea for you.

ENDS SUCCESSFUL VOYAGE; PREPARES FOR RETURN CRUISE

(Continued From Page One)

immediate refueling were abandoned, largely because of lack of manpower. The ground crew had been on udty just eighteen hours when relieved shortly after midnight.

Eckener was assigned quarters in the station but most of his crew slept aboard ship. The nineteen passengers hurried away to New York in a special train after passing customs and immigration inspections. Of the tens of thousands of automobiles passing through the station yesterday, only one was in sight when the Zeppelin was made fast under cover early today.

Estimates of the welcoming crowd varied from 20,000 to more than 100,000. Not more than 10,000 automobiles are believed to have been parked here at any one time. It was a patient crowd that did just what marine guards told it to do. Even when the Zeppelin landed there was no real rush against the guard lines which easily held back an impetuous few.

There was no shortage of food such as caused suffering when the craft last was here in October, 1928.

Loud speakers kept the listeners informed of the ship's progress toward Lakehurst, but it was a tiring crowd that was revived by word from the hangar top at 5:55 p. m., E. S. T., the craft then was nosing directly for the hangar and about fifteen miles out over an expanse of scrub pine forest.

She seemed motionless in the wind except for the forward thrust of her motors.

Swinging over the field and to the north, the Graf said goodbye with a roar of her exhaust and went cruising over New York City. Half those present had left the field by the time she returned almost three hours later.

Eckener this time slowed his craft, reversed the motors and laid her dead still directly in front of the landing crew. Admiring naval officers remarked the smartness of his maneuver. Brief passport examinations aboard ship ended with Sir George Hubert Wilkins, Arctic explorer, popping out of the cabin, followed by other passengers.

Searchlights emblazoned the scene. The ground crew walked the ship to the mast and the show was over so far as the crowd was concerned.

It had just begun for the navy. Minds won't be easy here until the Graf is safely on her way around the world by way of Friedrichshafen, Tokio and Los Angeles.

Eckener said in an interview that the voyage proved the Graf Zeppelin could pass through any weather and any storm.

"Our time from coast to coast was sixty-seven hours and thirty minutes. From the time we passed Gibraltar until we passed over the hangar here," he said. "We averaged fifty-five knots during an extremely interesting trip which brought us all kinds of weather.

"This trip again has given clear proof that the Graf can pass through any weather and any storm.

"During the nights enroute we sang and danced and imbided very much wine. It was a good company. Three of them enjoyed it so much they wanted to make the return trip but I could not arrange that because all places had been booked.

"We intend to leave late Wednesday for Europe if we can complete the refueling in time."

An interpreter who attempted to temper the skipper's statement that the passengers sang and consumed much wine during the voyage was howled down by linguists among the listeners. Eckener smiled confirmation at insistence that he had said much wine had been drunk during the trip.

Great Plane His Work

Possibly the greatest contribution to the advancement of aircraft is attributable to Dr. Dornier, above, designer and builder of the giant D. O. X. 100 passenger plane which is making aviation history in tests on Lake Constance, Italy. The fact that the plane is to be tried in a trans-Atlantic flight gives credit to the rumor that the regular cross ocean service may be inaugurated with the air monster.

ORGANIZE BUDGET COMMISSION HERE

Prosecuting Attorney J. Carl Marshall was elected chairman of the Greene County Budget Commission at the annual organization meeting Monday morning.

Paul H. Creswell, as county auditor, automatically becomes secretary of the commission. Miss Helen Dodds, county treasurer, is the third member of the commission.

With organization completed, the commission will give consideration to the 1930 budgets of all taxing districts of the county, which have been filed with Auditor Creswell. Tentative tax rates for each district are expected to be announced soon.

SODIUM CHLORATE KILLS POISON IVY

COLUMBUS, O., Aug. 5.—A way to rid fields and fence rows of poison ivy has been announced by the Ohio Agricultural Experiment Station at Wooster.

"Sodium chlorate is the best means so far discovered for killing poison ivy," writes Dr. J. C. Willard, crops specialist at Wooster and at the Ohio State University in the July-August issue of the Bi-Monthly Bulletin of the station.

Sodium chlorate is a white salt which looks much like crushed rock salt. It has the great advantage over other chemical weed killers, Dr. Willard says he has found, in that it kills the root as well as the top of many of the worst weeds. Sodium chlorate is to some extent poisonous to livestock, Dr. Willard said.

CIVIL WAR VETERAN KEPT FACT SECRET

SCHENECTADY, N. Y., Aug. 5.—George Marco, 80, who concealed the fact that he was a civil war veteran for fifty-eight years, died here recently.

For over forty years Marco worked in a local armory, watched the boys of '98 and '17 leave for the battlefields and return, without revealing even to his family that he could match their tales of war experiences.

Rejected for service here because of his youth when the Civil War broke out, Marco enlisted under the name of Edwards in New Haven, Conn. Five years ago he received $3,178 in back pension through the efforts of Congressman Frank Crowther and Major Jacob S. Clinton, but up to his death very few of his associates knew he was a veteran.

CHEMIST EXAMINED BY DEFENSE LAWYERS ON DRUG TESTIMONY

(Continued from Page 1)

peated his confession in even more detail.

The contest over the confession, both written and verbal, and which constitutes a vital part of the case against the former professor, may last a day and already has required long hours of preparation.

Judge Henry L. Scarlett, anticipating the controversy, on Saturday gave the court librarian a list of thirty-six law books he wanted. He spent the week end in his study with these books ranged around him in a semi-circle while he read authority after authority.

Defense and state counsel also have read widely on the subject and there were prospects that perhaps an entire day might be consumed in arguments.

"Or it may be over in twenty minutes," as one lawyer commented.

To support their contention that the confession was obtained through the third degree, defense lawyers say they can show that Snook was questioned by relays of police and prosecutors continuously for seventeen hours. Then he was given a one-hour rest and questioned for six hours more.

During the questioning they charge that Prosecutor John J. Chester Jr., "assaulted the defendant." Chester says he does not deny that he "slapped" Snook on the face three times and that when the time comes he will admit it in open court, but he also says that after he did it, he begged the prisoner's pardon and everyone shook hands all around.

Much of the state's case must necessarily hinge upon the confession, both the written one and the verbal one to newspapermen, for Dr. Snook himself is the only surviving witness to the murder and to several other important episodes. If the confessions cannot be placed in evidence then the state must rely on cross examination of Snook himself for some vital parts of its case.

This legal contest over evidence may come before the close of today's esssion. The state thus far had examined seventeen of its approximately thirty witnesses and has introduced all of its thirty exhibits. If arguments do not delay the case, the state will rest, it was believed, and the defense will open its case sometime tomorrow.

Face All Broken Out?

Are you, too, one of those who have tried one thing after another for the skin, yet without results? Then try this simple treatment—used by thousands with amazing success. Rub on a little Resinol Ointment at night; wash off with Resinol Soap in the morning. You will be surprised at the QUICKNESS with which it acts. The Soap also to keep the complexion constantly clear and soft. *At all druggists.*

New smart STUDEBAKERS now on display at new prices!

Reductions up to $250

EFFECTIVE AUGUST 5th

Brilliant new body designs—champion performance—and now sweeping reductions in prices! More people have been buying Studebaker eight-cylinder cars than any other European or American eight. Now, with these reduced prices on both sixes and eights—on Presidents as well as on Dictators and Commanders—unprecedented demand may be expected.

Imagine! A President Eight Sedan offered at $1735 (and a seven-passenger President at $1995)! A Commander Eight Sedan only $1475! A Commander Six Sedan as low as $1325! A Dictator Eight Sedan, latest creation of Studebaker engineering genius, $1235! A Dictator Six Sedan (better than those which sold in enormous volume at $1345) now priced at $1095!

This is a price reduction on the finest cars Studebaker knows how to build, made possible by increasing volume and by economies which have resulted from the consolidation of all Studebaker manufacturing operations in South Bend. It is a price reduction upon the cars which are today rolling off the assembly line in Studebaker's great One-Profit plants.

Plebeian Secrets Revealed Of the "Be a Snob" Oracle

Bearing out Prof. Robt. Rogers' advice to college graduates about being a snob to get ahead, Edythe Baker, left above, American pianolagist, at her press agent's suggestion, adopted a formula of snobbery which made her the toast of London society, and, incidentally, won her a blue-blood bridegroom. Below is a caricature of Miss Baker depicting her in the days when she was just a vaudeville performer. Below is the Massachusetts Institute of Technology professor who astonished his pupils with his iconoclastic advice.

Teacher Preaches Snobbery, But Carries His Own Groceries

When Professor Robert E. Rogers of the Massachusetts Institute of Technology shot the advice "Be a Snob!" at the amazed members of the graduating class of 1929, he started something.

For intelligent listeners and readers of the published graduating speech now want to know: What sort of man would publicity defend snobbery? What's his personality like, his habits, his appearance, family, friends? Is he himself a snob? Or was the speech just a genial "ride" for the unwary.

Here the curious ones hit a snag, for aside from his considerable scholastic attainments, little had seeped out from "Tech" about the professor. Even men who had studied under him professed ignorance of the fine points so eagerly sought.

Here are two of Professor Rogers' "musts" in conduct for the ambitious native youth who would get there:

1. Be a snob.

2. Found a family that will be successful. The ambitious, aspiring men are always marrying a little higher in the social scale. It is just as easy to marry the boss' daughter as the stenographer.

An interview with the professor disclosed striking facts about him—all the more striking because the revelations were indirect. Professor Rogers was discovered to be modest, blunt in speech, though courteous. Ithough born in New Jersey, he is an "out-and-out Yankee." Is quite democratic. In the neighborhood of Rockport, where he lives, he is known to everybody from taxi drivers to fishermen.

The iconoclastic professor wears knickerbockers and smokes a plebian-looking pipe and affects brightly-colored shirts. Is utterly unaffected. His speech is "civilized American," with no trace of Oxford drawl or Harvard broad a's.

But perhaps the most revealing fact about his habits is the fact that he carries his own parcels unashamedly in broad daylight and is frequently seen on the street, his arms piled high with groceries. Surely this is no indication of snobbery.

PROGRAM FOR COUNTY FAIR

WEDNESDAY, AUGUST 7

BRAND WILL VISIT XENIANS TUESDAY

Congressman Charles Brand, Urbana, will pay his annual visit to Xenia Tuesday, August 6 for the purpose of giving an opportunity to his constitutents to bring any matter to his attention of interest to them.

The congressman will establish his headquarters at the Regil Hotel all day and pension, compensation and patronage matters may be taken up with him at that time.

Congressman Brand will also be interested in meeting friends who have no particular business to transact with him except a friendly visit.

CHINESE WAITER MENACED BY INDIAN

HELENA, Mont., Aug. 5.—When an Indian wants ham and eggs, don't bring him noodles, even though he asks for noodles.

A Chinese waiter in a cafe here made that mistake and brought Joe Cloud Boy, whose wild ancesters are reputed to have ridden horses all over this part of the country, a platter of the Oriental and elongated vegetable.

The red man produced a shiny knife, put on his nastiest expression and menaced the yellow man. Officer Earl Brown entered the restaurant before violence was committed and escorted Joe Cloud Boy to the city jail where he was booked on a charge of disorderly conduct.

Heads Saskatchewan

Dr. J. T. M. Anderson, conservative leader of Saskatchewan, who led his party to victory in the Canadian province recently. Dr. Anderson will be Saskatchewan's next premier.

Plebeian Secrets Revealed Of the "Be a Snob" Oracle

Bearing out Prof. Robt. Rogers' advice to college graduates about being a snob to get ahead, Edythe Baker, left above, American pianologist, at her press agent's suggestion, adopted a formula of snobbery which made her the toast of London society, and, incidentally, won her a blue-blood bridegroom. Below is a caricature of Miss Baker depicting her in the days when she was just a vaudeville performer. Below is the Massachusetts Institute of Technology professor who astonished his pupils with his iconoclastic advice.

Teacher Preaches Snobbery, But Carries His Own Groceries

When Professor Robert E. Rogers of the Massachusetts Institute of Technology shot the advice "Be a Snob!" at the amazed members of the graduating class of 1929, he started something.

For intelligent listeners and readers of the published graduating speech now want to know: What sort of man would publicity defend snobbery? What's his personality like, his habits, his appearance, family, friends? Is he himself a snob? Or was the speech just a genial "ride" for the unwary.

Here the curious ones hit a snag, for aside from his considerable scholastic attainments, little had seeped out from "Tech" about the professor. Even men who had studied under him professed ignorance of the fine points so eagerly sought.

Here are two of Professor Rogers' "musts" in conduct for the ambitious native youth who would get there:

1. Be a snob.

2. Found a family that will be successful. The ambitious, aspiring men are always marrying a little higher in the social scale. It is just as easy to marry the boss' daughter as the stenographer.

An interview with the professor disclosed striking facts about him—all the more striking because the revelations were indirect. Professor Rogers was discovered to be modest, blunt in speech, though courteous. Ithough born in New Jersey, he is an "out-and-out Yankee." Is quite democratic. In the neighborhood of Rockport, where he lives, he is known to everybody from taxi drivers to fishermen.

The iconoclastic professor wears knickerbockers and smokes a plebian-looking pipe and affects brightly-colored shirts. Is utterly unaffected. His speech is "civilized American," with no trace of Oxford drawl or Harvard broad a's.

But perhaps the most revealing fact about his habits is the fact that he carries his own parcels unashamedly in broad daylight and is frequently seen on the street; his arms piled high with groceries. Surely this is no indication of snobbery.

BRAND WILL VISIT XENIANS TUESDAY

Congressman Charles Brand, Urbana, will pay his annual visit to Xenia Tuesday, August 6 for the purpose of giving an opportunity to his constitutents to bring any matter to his attention of interest to them.

The congressman will establish his headquarters at the Regil Hotel all day and pension, compensation and patronage matters may be taken up with him at that time.

Congressman Brand will also be interested in meeting friends who have no particular business to transact with him except a friendly visit.

NOMINATIONS FOR FAIR RACES BRING FAST HORSES TO XENIA

Nominations for the twelve races on the program for the three-day Southwestern Ohio Shortship circuit meet at the Greene County Fair, Wednesday, Thursday and Friday, aggregate 210, including seventy-seven entries for the four stake races.

The Greene County meet is the first on this fair circuit, which comprises thirteen of the best fairs in Western Ohio.

A few locally owned horses are entered in the various events and considerable local interest will be felt in their performance in fields that will include many fast steppers including grand circuit performers.

N. N. Hunter, Jamestown, has nominated Joan Direct, g. m., by Braden Direct, for the 2:18 pacing stake and also for the 2:22 pace.

Iona Watts, s. f., by Gen. Watts, has been entered by J. W. Faulkner, Xenia, in the three-year-old pacing stake. William J. Baker, Bowersville, has also entered Sarah McKwylo, br. f., by Peter McKwylo, in this stake.

Sis Henley, b. m., by Peter Henley, owned by Orville Bridgman, Xenia, is eligible for the green pace for horses that have won less than $100. Bridgman and Scott have entered Charlot Rose, b. m., by Malcolm Forbes, in the 2:22 pace.

Following is a complete list of nominations for the twelve races:

NOMINATIONS FOR FAIR RACES BRING FAST HORSES TO XENIA

Nominations for the twelve races on the program for the three-day Southwestern Ohio Shortship circuit meet at the Greene County Fair, Wednesday, Thursday and Friday, aggregate 210, including seventy-seven entries for the four stake races.

The Greene County meet is the first on this fair circuit, which comprises thirteen of the best fairs in Western Ohio.

A few locally owned horses are entered in the various events and considerable local interest will be felt in their performance in fields that will include many fast steppers including grand circuit performers.

N. N. Hunter, Jamestown, has nominated Joan Direct, g. m., by Braden Direct, for the 2:18 pacing stake and also for the 2:22 pace.

Iona Watts, s. f., by Gen. Watts, nas been entered by J. W. Faulkner, Xenia, in the three-year-old pacing stake. William J. Baker, Bowersville, has also entered Sarah McKwylo, br. f., by Peter McKwylo, in this stake.

Sis Henley, b. m., by Peter Henley, owned by Orville Bridgman, Xenia, is eligible for the green pace for horses that have won less than $100. Bridgman and Scott have entered Charlot Rose, b. m., by Malcolm Forbes, in the 2:22 pace.

Following is a complete list of nominations for the twelve races:

FARM BUREAU PLANS DISPLAY AT FAIR

PLAN TO EMPHASIZE SERVICE OF BUREAU DURING FAIR WEEK

Headquarters To Be Mecca Of Farmers At Exposition

Every phase of farm bureau activity will be on display at the headquarters at the Greene County Fair.

The service department will have on display samples of feeds, seeds, fertilizers, twine, coal, lime, motor supplies, tires, etc., showing the high grade of the products handled by the organization. Various kinds of open formula feeds are obtainable through the farm bureau organization and information on these and other commodities will be available at the booth.

Although approximately 700 farmers in Greene County are protected by farm bureau auto insurance, many have not taken advantage of this offered protection. Information on this service and travel-accident insurance will be offered at the farm bureau headquarters.

Extension bulletins giving suggestions for eradicating various destructive weeds, insects and other pests as well as information on better farming practices will be distributed upon request. To inform the agriculturist on all phases of farming activities, or to direct him to the source of this information is the chief aim of the extension service department. Bring your problems in to the farm bureau booth where your county agricultural agent will gladly give his assistance.

Meet your friends at the farm bureau headquarters, where comfortable chairs will be available for the public, affording a good place to "rest a bit".

Approximately 400 boys and girls, members of Greene County 4-H Clubs, will be exhibitors at the Greene County Fair. These boys and girls are members of thirty-three clubs under the leadership of local volunteer leaders and County Agent E. A. Drake, and consist of the following clubs: seven food, thirteen clothing, three room arrangement, three pig, three poultry, one beef, one dairy and one potato.

The two clothing projects are summer clothing for girls and gifts girls like to make, and will be on display in the Art Hall. In the first each member must make a summer dress, undergarment and make or buy an accessory. The gifts project is planned to help girls experience the pleasure of making and giving attractive gifts and to teach the fundamentals of sewing and combining colors and materials.

The food exhibits "Fruits for Every Day" may be seen in the Grange Hall, and will consist of posters and fruit dishes. The room arrangement posters, pictures and other articles made may be seen in the Art Hall.

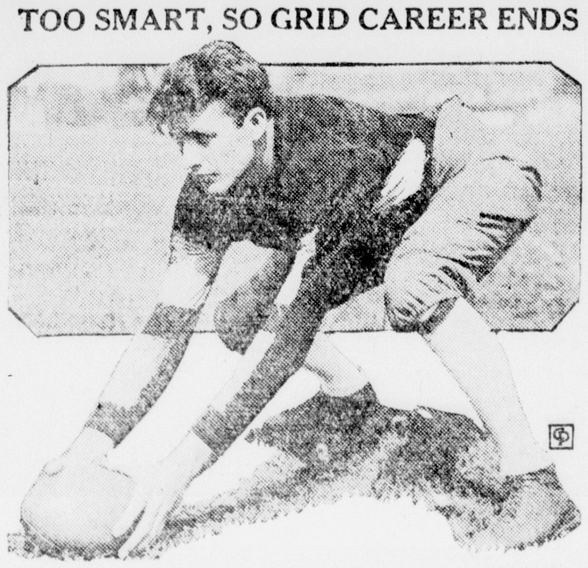

Twenty dairy animals of the three major breeds and ten beef calves will be exhibited by the members.

The market and breeding pigs and sow and litter projects will be in charge of Raymond Smith of the swine building. Approximately twenty each of the potato and poultry projects will be shown.

Besides the exhibits, team and individual demonstrations will be given by the various clubs in an elimination contest Thursday. The winning teams will receive a free trip to the Ohio State Fair.

The fruits of the boys' and girls' labors may be seen in the parade Friday in their clug floats and beef and dairy display.

TOO SMART, SO GRID CAREER ENDS

Scholastic brilliance has cut short the grid career of Cliff Conry, star Wisconsin center of last season. Cliff had another season of football eligibility ahead but school authorities, because of Cliff's unusually good scholastic record, waived a requirement necessary to acquire a diploma and Conry, as result, was graduated.

CLOSE FOR FAIR

Following an annual custom, County Commissioners announced Monday that the Court House will remained closed Wednesday afternoon, all day Thursday and also Friday afternoon this week to permit clerks of county offices an opportunity to attend the annual Greene County Fair.

GARDEN CLUB WILL DISPLAY FLOWERS

The Xenia Garden Club will have a display of flowers at the Greene County Fair this week in the Art Hall. Anyone wishing to donate flowers for the display will please notify Mrs. Charles Kelble, president of the club, and she will arrange to collect them. The flowers must be in place by Wednesday morning.

The flowers will be taken care of while on display and will be properly marked with the owner's name. The club does not compete for prizes.

Club members are interested in knowing of any sick, aged or shut-in persons who would enjoy flowers as the flowers which are in bloom in Shawnee Park are meant to be used for this purpose.

COUNTY SYSTEM OF GOVERNMENT HIT

CLEVELAND, O., Aug. 5.—County governments in the state of Ohio are employing antiquated systems and the cities are "hamstrung" like other principal cities in the United States, according to Mayo Fesler, director of the Citizens' League and a member of the executive council of the National Municipal League.

This alleged lack of progress in the county systems of government restricts the growth of the cities, declared Fesler.

Fesler's comment followed announcement of the National Municipal League of the appointment of a committee of experts to survey existing conditions in county government with a view to developing the best method of handling county business.

The announcement quoted the recent statement of Governor Franklin D. Roosevelt of New York that "the counties are governed under the same form, the same officers and the same business methods as were established by the Duke of York in 1688."

Why the New Dodge Six is eclipsing its entire field

The backbone of Dodge Six dependability, ruggedness, strength and long life is a structure of modern mechanical features that are bigger, stronger, more advanced and more efficient than those found in other cars that are sold at approximately the same price.

Nothing that you hear or read about the new Dodge Six could be more impressive than the facts and figures you will find in a Table of Comparative Specifications. For here is concrete evidence that in real value the new Dodge Brothers Six totally eclipses all others in its field.

FARM BUREAU PLANS DISPLAY AT FAIR

PLAN TO EMPHASIZE SERVICE OF BUREAU DURING FAIR WEEK

Headquarters To Be Mecca Of Farmers At Exposition

Every phase of farm bureau activity will be on display at the headquarters at the Greene County Fair.

The service department will have on display samples of feeds, seeds, fertilizers, twine, coal, lime, motor supplies, tires, etc., showing the high grade of the products handled by the organization. Various kinds of open formula feeds are obtainable through the farm bureau organization and information on these and other commodities will be available at the booth.

Although approximately 700 farmers in Greene County are protected by farm bureau auto insurance, many have not taken advantage of this offered protection. Information on this service and travel-accident insurance will be offered at the farm bureau headquarters.

Extension bulletins giving suggestions for eradicating various destructive weeds, insects and other pests as well as information on better farming practices will be distributed upon request. To inform the agriculturist on all phases of farming activities, or to direct him to the source of this information is the chief aim of the extension service department. Bring your problems in to the farm bureau booth where your county agricultural agent will gladly give his assistance.

Meet your friends at the farm bureau headquarters, where comfortable chairs will be available for the public, affording a good place to "rest a bit".

Approximately 400 boys and girls, members of Greene County 4-H Clubs, will be exhibitors at the Greene County Fair. These boys and girls are members of thirty-three clubs under the leadership of local volunteer leaders and County Agent E. A. Drake, and consist of the following clubs: seven food, thirteen clothing, three room arrangement, three pig, three poultry, one beef, one dairy and one potato.

The two clothing projects are summer clothing for girls and gifts girls like to make, and will be on display in the Art Hall. In the first each member must make a summer dress, undergarment and make or buy an accessory. The gifts project is planned to help girls experience the pleasure of making and giving attractive gifts and to teach the fundamentals of sewing and combining colors and materials.

The food exhibits "Fruits for Every Day" may be seen in the Grange Hall, and will consist of posters and fruit dishes. The room arrangement posters, pictures and other articles made may be seen in the Art Hall.

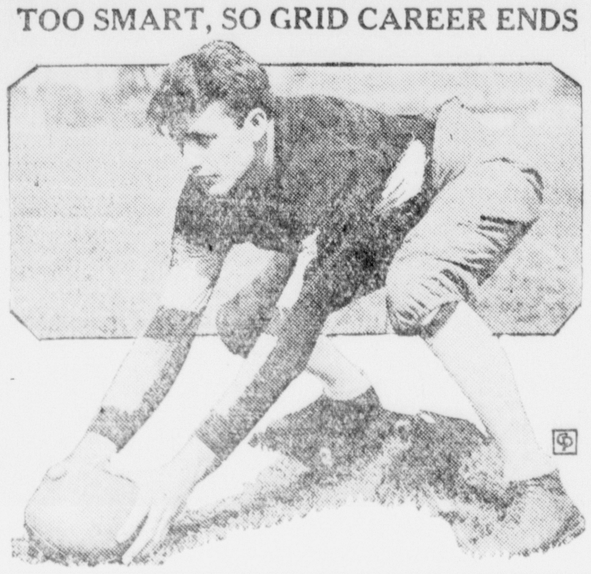

Twenty dairy animals of the three major breeds and ten beef calves will be exhibited by the members.

The market and breeding pigs and sow and litter projects will be in charge of Raymond Smith of the swine building. Approximately twenty each of the potato and poultry projects will be shown.

Besides the exhibits, team and individual demonstrations will be given by the various clubs in an elimination contest Thursday. The winning teams will receive a free trip to the Ohio State Fair.

The fruits of the boys' and girls' labors may be seen in the parade Friday in their clug floats and beef and dairy display.

TOO SMART, SO GRID CAREER ENDS

Scholastic brilliance has cut short the grid career of Cliff Conry, star Wisconsin center of last season. Cliff had another season of football eligibility ahead but school authorities, because of Cliff's unusually good scholastic record, waived a requirement necessary to acquire a diploma and Conry, as result, was graduated.

CLOSE FOR FAIR

Following an annual custom, County Commisisoners announced Monday that the Court House will remained closed Wednesday afternoon, all day Thursday and also Friday afternoon this week to permit clerks of county offices an opportunity to attend the annual Greene County Fair.

GARDEN CLUB WILL DISPLAY FLOWERS

The Xenia Garden Club will have a display of flowers at the Greene County Fair this week in the Art Hall. Anyone wishing to donate flowers for the display will please notify Mrs. Charles Kelble, president of the club, and she will arrange to collect them. The flowers must be in place by Wednesday morning.

The flowers will be taken care of while on display and will be properly marked with the owner's name. The club does not compete for prizes.

Club members are interested in knowing of any sick, aged or shut-in persons who would enjoy flowers as the flowers which are in bloom in Shawnee Park are meant to be used for this purpose.

OREGON EXPERIENCES NEW GOLD STRIKE; PROSPECTORS IN RUSH

GOLD BEACH, Ore., Aug. 5.—Scores of prospectors and adventurers are trooping through this little outfitting town at the mouth of Rogue River, bound for Mule creek, some forty miles up-stream, where a strike of rich ore has started the West's newest gold rush.

Ore, which experienced mining men say will run $5,000 to the ton, has been uncovered by prospectors in a vein of decomposed quartz. This latest find, which followed many other recent ones, has stimulated interest in the region so much that the trek to the diggings amount to a real gold rush.

Until the recent strike, the place was marked only by a tumbled-down flume, rusted saw mill (packed in on burros) and dilapidated hydraulic "giants" used to tear up the alluvial sands.

Operations are hampered by transportation difficulties. It is twenty miles by road and twenty more by a narrow train from Grants Pass down river to the new diggings. Prospectors can go up-stream from Gold Beach by motorboat to a point fifteen miles below Mule creek. From there everything must be packed in over mountain trails.

Possibility of airplane transportation is under consideration, but it is difficult to find a flat piece of ground large enough for a landing field in the vicinity of Mule creek as the country is practically straight up and down.

Seaplanes, although considered, are practically out of the question as the river is narrow and swift and flows through a narrow canyon with high basalt walls at that point.

"BELIEVE IT OR NOT" STORY

RED BLUFF, Cal., Aug. 5.—A rattlesnake here bit its own tail and within three minutes died from the bite. That is, if you believe Wes Holt, alleged eye witness of the reptilian suicide. Wes says he found the snake in a dried water hole and pinned its tail to the ground with a stick.

Disconcerted by such treatment, the rattler sought revenge on the stick with his poisonous fangs, missed the stick and bit his tail.

"And thereby hangs the tale," Wes concluded his adventure. "That's my story and I stick to it."

NATIONAL AIR RACE OPENING LESS THAN TWENTY DAYS AWAY

CLEVELAND, O., August 5.—There is renewed activity at the headquarters of the 1929 National Air Races and Aeronautical Exposition here, with the opening of the air classic less than twenty days away.

Cliff W. Henderson, managing director of the races and exposition, announced that the winner of the women's National Derby Race from Santa Monica, California to Cleveland, would receive a sterling silver desk plaque to become her personal property.

To date the ticket sale for the big air show has surpassed the most optimistic expectations.

Out at Cleveland's 1,100 acre Municipal Airport, where more than $50,000 is being spent on the construction program for the show, and $400,000 on the city's improvement schedule, the race grandstands have sprung up.

Scrapers and tractors are completing the work of smooth finishing of the field landing and take-off surfaces.

Carl Egge, former General Superintendent of the United States Air Mail Service, has laid out his plans for safe anchorage of 1,000 airplanes which are expected to throng the broad expanse of the airport.

JUNIOR ORDER WILL HOLD LARGE RALLY

Harry H. Baker, mayor of Norwood, and Charles Lackman, Cincinnati, past state councillor of the Junior Order, United American Mechanics, will be principal speakers at a rally at Miami Beach Park, Morrow, Wednesday evening. The rally is being sponsored by the Warren County Past Councillors Association.

All members of the order in Greene and surrounding counties have been issued invitations to attend and one thousand members are expected to be present.

In case of bad weather the rally will be held at the large pavilion which is on the island in the Little Miami River. Refreshments will be served following the interesting program.

GALES BATTER NEW YORK HARBOR BOATS

NEW YORK, Aug. 5.—A northwest wind, which at times attained gale velocity, battered harbor shipping over the week-end and kept the temperature down to an average of 67 degrees.

Three boats were damaged as the wind rose to a 40-mile rate. The Albertina, an excursion craft, became unmanageable in the wind and sideswiped a schooner. None of the passengers was injured. The Pocohontas, another excursion boat, struck sunken timber off Governor's Island and was forced to tranfer its 350 passengers.

A third pleasure craft, The Little Silver, was helpless near Bay Ridge Flats when its machinery jammed. She also transferred her passengers.

NEW GERMAN COINS

BERLIN, Aug. 5.—Three and five mark coins bearing the head of President Hindenburg will be issued by the German mint to commemorate the tenth anniversary of the signing of the republican constitution on August 11, 1919.

DEPENDABLE PERFORMANCE

Month after Month

Mile after Mile

FOREMOST among Oldsmobile's thousands of friends are its owners. They know this car because they drive it and depend upon it, month after month and mile after mile—over all kinds of roads, in all kinds of weather.

Ask them what they think of Oldsmobile. They express sincere admiration for its style—enthusiasm for its riding qualities—pride in its performance. And above all, they praise its sterling dependability.

They tell you that, winter or summer, rain or shine, Oldsmobile's big 62-horsepower high-compression engine delivers the same fine, dependable performance—the same swift acceleration, dazzling speed, and mighty power.

They tell you, further, that starting is easy and sure with Oldsmobile's progressive contact starting motor—that steering is accurate and effortless—that braking is smooth, quiet, and reliable with Oldsmobile's quick-acting four-wheel brakes.

THE VIKING

—the new 90-degree V-type Eight at medium price—built in the Olds factories, by Oldsmobile craftsmen, and sold through Oldsmobile dealers. At $1595 for all models, f. o. b. factory, Lansing, Michigan, it is as outstanding in value in its field as the popular Oldsmobile Six, the fine car of low price.

And Oldsmobile gives you much in addition to brilliant, dependable performance. Oldsmobile provides restful riding ease, interior luxury, and smartest style as well. That's why Oldsmobile owners are so enthusiastic about their cars. That's why Oldsmobile continues to win greater and greater public favor everywhere. That's why you can't match Oldsmobile's value at its price.

DURANT

A Good Car With

4

Forward Speeds

The amazing performance advantages of Durant 4-forward speeds are exclusive to these cars, because this transmission, the most important engineering development in years, is available only to Durant owners.

Faster pickup—swifter acceleration on steep hills—minimum gear shifting.

Actually reduces engine wear 40 per cent and saves gasoline.

never before -- this instant acceptance

Never before has any car, however fine, received the cordial and instant acceptance by the motoring public given the Chrysler-built De Soto Six. And this implicit public confidence in the ability of Chrysler Motors has not been misplaced.

The De Soto Six from the start has proved to be a brilliant performer, a motor car with more sparkle, dash and stamina than any other six selling below $1000.

More than that, it has proved to be long-lasting and economical—the best investment in mileage life and mileage thrift offered in its field.

You will do well to join the many thousands of owners who are finding the De Soto Six by far the most satisfactory motor car that a moderate investment can buy. Come in and let us arrange a demonstration to suit your convenience.

DURANT

A Good Car With

4

Forward Speeds

The amazing performance advantages of Durant 4-forward speeds are exclusive to these cars, because this transmission, the most important engineering development in years, is available only to Durant owners.

Faster pickup—swifter acceleration on steep hills—minimum gear shifting.

Actually reduces engine wear 40 per cent and saves gasoline.

never before . . this instant acceptance

Never before has any car, however fine, received the cordial and instant acceptance by the motoring public given the Chrysler-built De Soto Six. And this implicit public confidence in the ability of Chrysler Motors has not been misplaced.

The De Soto Six from the start has proved to be a brilliant performer, a motor car with more sparkle, dash and stamina than any other six selling below $1000.

More than that, it has proved to be long-lasting and economical—the best investment in mileage life and mileage thrift offered in its field.

You will do well to join the many thousands of owners who are finding the De Soto Six by far the most satisfactory motor car that a moderate investment can buy. Come in and let us arrange a demonstration to suit your convenience.

LIVESTOCK LOSS PREVENTION EXHIBIT PLANNED AT FAIR

Ohio's livestock industry lost $235,000 in the process of shipping stock from farm to market during the past year. To help Greene County livestock producers learn how to cut down their share of that loss, County Agent E. A. Drake, has obtained a special exhibit from the Livestock Loss Prevention Association of Ohio for use at the Greene County Fair, August 6 to 9.

This loss of $235,000, according to C. W. Hammans, marketing specialist of Ohio State University, was caused by dead and crippled animals and flesh injuries to the meat.

The approximate loss from dead and crippled animals by species, based upon Ohio shipments arriving at the stockyard markets of Cleveland, Cincinnati, Pittsburgh, and Buffalo, was as follows: cattle, $6,000, calves, $3,000, sheep, $16,000 and hogs, $137,000. An additional loss of $73,000 resulted from unfit meat trimmed from the carcasses by the packers, due to flesh injuries before slaughtering.

These yearly losses in nearly all instances are borne by the producer and shipper of livestock, the agency transporting the livestock, either rail or truck, and the packer.

Livestock producers who study the exhibit at the county fair will see where many of the losses occur and how producers and shippers can aid in their prevention.

This loss has been reduced 20 per cent during the past four years. It can be further reduced by another 50 per cent during the coming four years if the co-operation of the agencies largely responsible for the present reduction continues, in Mr. Hamman's opinion.

The Livestock Loss Prevention Association of Ohio includes representatives of producers, co-operative shipping associations, individual shippers, railroads, packers, stockyard companies, commission companies, and Ohio State University. These interests have been working together for a number of years on ways and means of reducing losses in livestock shipping from farm to market.

Lady Astor Has a Trying Day of It

LADY ASTOR

Lady Nancy Astor was called "a dirty liar" in Parliament during a turbulent session when she was accused of whispering that Jack Jones, Laborite, was drunk. Jack later retracted those words but declared he was a better man drunk than she was sober. The speaker rebuked the "Honorable Lady" for interrupting a serious debate. All in all it was a tough day for her.

BENDER WANTS OHIO TO OWN BIRTH PLACE OF LATE PRESIDENT

CLEVELAND, O., Aug. 5.— The long neglected and forgotten birthplace of President James A. Garfield near here has attracted a champion at last.

State Senator George H. Bender after learning of the allotment men and home builders who threaten to put the site beyond possibility of public use as a museum for Garfieldiana, announced he would bring action promptly to have the state of Ohio buy the four acres.

"I am sure the state will be anxious to preserve the spot for the public," said Bender. "The only memorial to this martyred president we have is his tomb. Reconstruction of the log cabin on his birthplace could be of much greater historical value than the tomb."

The major part of the original farm has already been cut into lots and sold. The four acres left covers the site of the log cabin in which Garfield was born. The cabin was carried away splinter by splinter by souvenir hunters after Garfield was assassinated.

The remains of the apple orchard Garfield planted there still stands, though in such shape that considerable work would be required to put it in any shape at all.

Grape vines and blackberry brambles of the original homestead have gone wild. Only the spring that Garfield's pioneering parents built beside is unchanged.

Rebuilding of the cabin and putting of the grounds into their former shape, is to be advocated as part of the state program.

Persons living a thousand feet from the site did not know where it was until a newspaper article called attention to it. Some persons in Orange Village a few miles north had never heard Garfield was born nearby.

Bender said that if it was necessary he would introduce the proper legislation for purchase of the site at the next session of the state legislature.

EXCAVATIONS IN SOUTHERN BRAZIL

RIO DE JANEIRO, Aug. 5.—Dr. I. A. Padberg, of the National Museum is planning to lead an expedition late this year to Uniao da Victoria, state of Parana in southern Brazil, to undertake excavation work in search for remains of pre-historic animals.

Fossil remains, one of which resembled the vertebra of a gigantic beast, were found recently on a farm at Uniao da Victoria, and were identified by Dr. Padberg as belonging to an American megatherium of the pleistocene or glacial period. The deposit and also some stone utensils believed to be of the paleolithic period, were discovered near the headwaters of Iguassu river at an altitude of 900 meters. Dr. Padberg said the stone instruments probably are the first of their kind to be found in either North or South America.

RECKLESS DRIVING RECALLS OLD TIMES

ANACONDA, Mont., Aug. 5.—Arrested on a charge of reckless driving.

That offense is so common in this day of gasoline vehicles and moonshine whiskey that it rates little attention. But a recent arrest of a man on that charge created plenty of interest.

Joe McIntyre was arrested for recklessly driving a team of horses on the main thoroughfare.

It was the first time in more than a decade that a man was arrested here for reckless driving of horses. Incidentally, Joe was also charged with driving while under the influence of liquor.

INTREPID WOMEN FLYERS COMPETE IN AIR DERBY

By LILIAN CAMPBELL

One of the major events of the national air races to be held at Cleveland, August 24 to September 2, will be a transcontinetal air derby for women flyers from Santa Monica, Cal., to Cleveland. Prizes will be $8,000, some lap prize money and a beautiful trophy.

Tentative schedules call for covering approximately 2,650 miles in nine days, leaving Santa Monica Sunday afternoon, August 18, and passing through the following cities: San Bernardino and Calexico, Cal.; Phoenix, Tucson, and Douglas, Arizona; El Paso Pecos, Abilene and Fort Worth, Tex.; Oklahoma City and Tulsa, Okla.; Wichita, Kas.; Kansas City and St. Louis, Mo.; Terre Haute and Indianapolis, Ind.; Columbus, O., thence to Cleveland on Monday August 26.

The best-known women flyers in the country are expected to enter the race, including Amelia Earhart, Lady Heath, Mrs. Dewey Noyes, Mrs. Louise Thaden, Ruth Elder, Elinor Smith, Mrs. Phoebe Omlie and Bobby Trout.

Amelia Earhart is the only woman to make a successful flight from the United States to Europe, landing at Burry Port, South Wales. Miss Earhrart, however, did not pilot the plane on this occasion, giving all credit for the success of the trip to her pilots, the late Bill Stultz and "Slim" Gordon. She has done much flying since that exploit.

Lady Heath, until recently of England, has a long list of accomplishments in the air. At one time she was the only woman air pilot in England licensed to carry passengers for fares. She gained the women's altitude record for planes under 800 pounds in a Moth plane and flew from London to Africa.

Mrs. Noyes is a Cleveland woman, who has just recently been granted her pilot's license. Her husband is also an aviator. Mrs. Thaden's home is in California. In December, 1928, she made a flight over the Oakland airport in which she claimed to have attained a height of 25,400 feet, nearly five miles in the air.

Ruth Elder came to grief in her plane American Girl, on an attempted flight to Paris in 1927. She and her co-pilot, George Haldeman, were rescued from the ocean by the Dutch tanker, Barendrecht, and taken to the American consulate at Ponta Delgada, the Azores.

Elinor Smith is only 18 years old, but has a record as a stunt flyer. Last year she flew under four suspension bridges over the East River, New York.

Mrs. Phoebe Omlie of Memphis, Tenn., was the first woman to obtain an aerial transport license. She is an officer in an incorporated airway, and holds the altitude record for women flyers.

Said to be the first woman test pilot in the world and the first of the California aviatrices to obtain a transport pilot's license, the highest flying rating bestowed by the government, Miss Bobbie Trout holds the position of chief test pilot with an airplane company. Until recently she held the women's solo endurance flight record, broken by Mrs. Omlie.

A fifty-mile race exclusively for women will be another feature of the exposition, and women will be eligible to compete in other races at the Cleveland airport.

EAST END NEWS

Mr. W. E. Johnson and children, Harold, Kenneth and William were visitors Sunday, of Mrs. Johnson, who underwent a serious operation in the Miami Valley Hospital, Dayton, last Monday. They report her as doing nicely.

Mr. and Mrs. Versie Finch and son and daughter, Cortress Booker and granddaughter of Fairfield, O., and Miss Ida Starling are leaving for Tennessee to be the guest of their parents for two weeks.

Mr. and Mrs. Bernard Lane, of California St., announce the birth of their first born, a son, July 28. He has been named Joseph Alphonzo.

Mrs. Gertrude Wilkerson was a Sunday visitor of friends in Washington C. H.

Mr. and Mrs. Leroy Washington, E. Main St., were visitors of relatives in Jamestown, O., Sunday.

Mr. and Mrs. Joseph Carroll, California St., have had as their guests last week, Mrs. Bernice Waddell, Chicago, and Mrs. Jessie Williamson, of Chicago.

Miss Julia Wilhite, E. Main St., left Sunday afternoon for Columbus where she registered Monday morning in the Baptist Religious School of Education that will hold a two weeks' course at the Baptist headquarters, 106 Lexington Ave. While there she will be in the home of Mr. and Mrs. Wilbur Ellis, 189 N. Nineteenth St.

Miss Mary Tuppins, of Chicago, is visiting her brother-in-law and sister, Mr. and Mrs. L. P. Hilliard, E. Main St.

The Rev. W. C. Allen and wife and daughter, Mary, of Washington C. H., Ohio, were week end visitors of Mrs. Anna Morgan, E. Church St.

The delegates to the Western Union Association that held its session with the Pilgrim Baptist Church, Hamilton, Ohio, last week returned Friday night. They reported a good attendance and also interesting and instructive sessions. The Rev. F. L. Tate, of Dayton, was elected moderator of the association and Mrs. Mary E. Harris, re-elected president of the womans work. The association will hold its annual session with the Calvary Baptist Church, Dayton, O., 1930.

Mr. and Mrs. James Simmons, of Cleveland, in company with their mother-in-law, Mrs. Jennie Waldon and Master Theodore Mason, of Galveston, Texas, were week end visitors of Mr. and Mrs. Theodore Mason, E. Main St.

Mr. and Mrs. Henry Mingo, who have been visiting with relatives here and also in Yellow Springs have returned to their home in New York City.

Miss Rose Murphy, E. Church St., is spending her vacation with her father, Mr. Richard Murphy, of Chicago.

Harry Bass, of E. Main St., spent Sunday in Marysville, O., the guest of Miss Marie Calloway.

One of the major events of the national air races to be held at Cleveland, August 24 to September 2, will be a transcontinetal air derby for women flyers from Santa Monica, Cal., to Cleveland. Prizes will be $8,000, some lap prize money and a beautiful trophy.

Tentative schedules call for covering approximately 2,650 miles in nine days, leaving Santa Monica Sunday afternoon, August 18, and passing through the following cities: San Bernardino and Calexico, Cal.; Phoenix, Tucson, and Douglas, Arizona; El Paso Pecos, Abilene and Fort Worth, Tex.; Oklahoma City and Tulsa, Okla.; Wichita, Kas.; Kansas City and St. Louis, Mo.; Terre Haute and Indianapolis, Ind.; Columbus, O., thence to Cleveland on Monday August 26.

The best-known women flyers in the country are expected to enter the race, including Amelia Earhart, Lady Heath, Mrs. Dewey Noyes, Mrs. Louise Thaden, Ruth Elder, Elinor Smith, Mrs. Phoebe Omlie and Bobby Trout.

Amelia Earhart is the only woman to make a successful flight from the United States to Europe, landing at Burry Port, South Wales. Miss Earhrart, however, did not pilot the plane on this occasion, giving all credit for the success of the trip to her pilots, the late Bill Stultz and "Slim" Gordon. She has done much flying since that exploit.

Lady Heath, until recently of England, has a long list of accomplishments in the air. At one time she was the only woman air pilot in England licensed to carry passengers for fares. She gained the women's altitude record for planes under 800 pounds in a Moth plane and flew from London to Africa.

Mrs. Noyes is a Cleveland woman, who has just recently been granted her pilot's license. Her husband is also an aviator. Mrs. Thaden's home is in California. In December, 1928, she made a flight over the Oakland airport in which she claimed to have attained a height of 25,400 feet, nearly five miles in the air.

Ruth Elder came to grief in her plane American Girl, on an attempted flight to Paris in 1927. She and her co-pilot, George Haldeman, were rescued from the ocean by the Dutch tanker, Barendrecht, and taken to the American consulate at Ponta Delgada, the Azores.

Elinor Smith is only 18 years old, but has a record as a stunt flyer. Last year she flew under four suspension bridges over the East River, New York.

Mrs. Phoebe Omlie of Memphis, Tenn., was the first woman to obtain an aerial transport license. She is an officer in an incorporated airway, and holds the altitude record for women flyers.

Said to be the first woman test pilot in the world and the first of the California aviatrices to obtain a transport pilot's license, the highest flying rating bestowed by the government, Miss Bobbie Trout holds the position of chief test pilot with an airplane company. Until recently she held the women's solo endurance flight record, broken by Mrs. Omlie.

A fifty-mile race exclusively for women will be another feature of the exposition, and women will be eligible to compete in other races at the Cleveland airport.

EAST END NEWS

Mr. W. E. Johnson and children, Harold, Kenneth and William were visitors Sunday, of Mrs. Johnson, who underwent a serious operation in the Miami Valley Hospital, Dayton, last Monday. They report her as doing nicely.

Mr. and Mrs. Versie Finch and son and daughter, Cortress Booker and granddaughter of Fairfield, O., and Miss Ida Starling are leaving for Tennessee to be the guest of their parents for two weeks.

Mr. and Mrs. Bernard Lane, of California St., announce the birth of their first born, a son, July 28. He has been named Joseph Alphonzo.

Mrs. Gertrude Wilkerson was a Sunday visitor of friends in Washington C. H.

Mr. and Mrs. Leroy Washington, E. Main St., were visitors of relatives in Jamestown, O., Sunday.

Mr. and Mrs. Joseph Carroll, California St., have had as their guests last week, Mrs. Bernice Waddell, Chicago, and Mrs. Jessie Williamson, of Chicago.

Miss Julia Wilhite, E. Main St., left Sunday afternoon for Columbus where she registered Monday morning in the Baptist Religious School of Education that will hold a two weeks' course at the Baptist headquarters, 106 Lexington Ave. While there she will be in the home of Mr. and Mrs. Wilbur Ellis, 189 N. Nineteenth St.

Miss Mary Tuppins, of Chicago, is visiting her brother-in-law and sister, Mr. and Mrs. L. P. Hilliard, E. Main St.

The Rev. W. C. Allen and wife and daughter, Mary, of Washington C. H., Ohio, were week end visitors of Mrs. Anna Morgan, E. Church St.

The delegates to the Western Union Association that held its session with the Pilgrim Baptist Church, Hamilton, Ohio, last week returned Friday night. They reported a good attendance and also interesting and instructive sessions. The Rev. F. L. Tate, of Dayton, was elected moderator of the association and Mrs. Mary E. Harris, re-elected president of the womans work. The association will hold its annual session with the Calvary Baptist Church, Dayton, O., 1930.

Mr. and Mrs. James Simmons, of Cleveland, in company with their mother-in-law, Mrs. Jennie Waldon and Master Theodore Mason, of Galveston, Texas, were week end visitors of Mr. and Mrs. Theodore Mason, E. Main St.

Mr. and Mrs. Henry Mingo, who have been visiting with relatives here and also in Yellow Springs have returned to their home in New York City.

Miss Rose Murphy, E. Church St., is spending her vacation with her father, Mr. Richard Murphy, of Chicago.

Harry Bass, of E. Main St., spent Sunday in Marysville, O., the guest of Miss Marie Calloway.

100% PURE PENNSYLVANIA OIL

ELDRED MOTOR OIL

To the untrained eye, oil is oil. Every year thousands of good cars find their way to the scrap heap just because the owner didn't know that there is good oil and just oil.

Eldred Oils are made of 100 Per Cent Pure Pennsylvania Oil. This has become the standard of oil experts who call it "the highest grade oil in the world."

PARADE TO FEATURE FAIR PROGRAM HERE ON FRIDAY MORNING

Hundreds Expected To Take Part In Livestock Show.

Everyone likes to see a parade and the parade at the Greene County Fair will be unusually attractive with 400 boys and girls marching, leading their livestock or riding on organization floats. Other livestock will be paraded by the respective exhibitors in the various departments.

The time of the livestock parade has been changed from the noon hour to 10:30 o'clock Friday morning, August 9. The parade will assemble at the gate leading on to the track and will pass the grandstand and counter march back to the track gate and disband.

F. B. Turnbull, N. N. Hunter and W. C. Smith will have charge of all arrangements relative to this event. All livestock awarded prizes will be required to enter this parade.

The following prizes are designed to stimulate this show and make it a feature attraction of the fair.

Prizes

Beef Breed Display

First Prize	$10.00
Second Prize	5.00

Dairy Breed Display

First Prize	$10.00
Second Prize	5.00

Organization Floats

First Prize	$10.00
Second Prize	5.00
Third Prize	5.00
Fourth Prize	5.00

Joins Commission

Dr. Herman M. Adler, noted Chicago psychologist, has been named by the Hoover law enforcement commission as its consultant. He will conduct the commission's psychiatric study of the causes of crime and treatment of criminals.

TO DEFEND ACCUSED AT GASTONIA

Thomas P. Jimison, left, of Charlotte, N. C., is chief of the defense counsel for 15 textile strikers, including three women, going on trial July 29 at Gastonia, N. C., charged with the murder of Police Chief O. F. Aderholt. John Randolph Neal, right, also is of defense counsel.

TEAM PULLING TEST WILL FEATURE FAIR PROGRAM THIS YEAR

A dynamometer from Ohio State University will be used to measure and test the pull of the various teams that enter the team pulling contest that will be a feature of the Greene County Fair.

A dynamometer is a registering machine placed on a chassis and the team is hitched to this chassis. Three trials will be given to each team.

The contest is divided into classes, one for teams weighing more than 3,000 pounds and the other class for those under 3,000 pounds. Mule teams may enter this contest as well as the draft horses.

Arrangements have been made with The Farmer's Exchange, Xenia, to weigh all contesting teams at which time the owner of the team will receive a weigh ticket which will admit him and his team to the fairgrounds on the day his team is to pull. This ticket must be kept and checked by the clerk of the pulling contest. The following prizes will be contested for.

Class A

For teams weighing over 3000 lbs. Pulling contest to take place in front of grand stand Thursday, August 8th, 10:30 a. m.

First Prize	$25.00
Second Prize	20.00
Third Prize	15.00
Fourth Prize	10.00

Class B

For teams weighing under 3000 lbs. Pulling contest to take place in front of grand stand Friday, August 9th, 9:30 a. m.

First Prize	$25.00
Second Prize	20.00
Third Prize	15.00
Fourth Prize	10.00

Those wishing to enter their teams should notify either Grant Miller or F. B. Turnbull, members in charge.

An all-electric Musical Instrument

EVEREADY engineers worked for years and developed the finest radio sets we have ever heard. Rich, full, throbbing bass notes, and the essential treble too. Doubled sensitivity, for unusual distance when you want it. Dynamic speaker in each console, and there is a table model, too, with separate speaker. Built on a heavy steel frame and armored against time, weather and temperature, the new Eveready Sets will give you a lifetime of true musical enjoyment.

Dynamic speaker—all-electric—table and console models—$115 to $225, less tubes.

EVEREADY RADIO RECEIVERS

ALL MECHANISM ON TOP ...where it belongs!

THERE are many reasons why all the mechanism of the General Electric Refrigerator is placed *on top* of the cabinet. Here are 3 vital reasons:

1. Refrigerating-mechanisms develop heat in the process of cooling the interior of the refrigerator. This heat escapes and *rises*. Therefore, General Electric has placed the refrigerating mechanism *on top* so that the escaping heat travels *away from the cabinet*.

2. Placing all the mechanism on top of the cabinet achieves maximum food storage space *within* the cabinet.

3. With the mechanism on top, the inside of the cabinet is free from obstructions and easier to keep clean.

There are now more than 300,000 users and not one has ever spent a dollar for repairs.

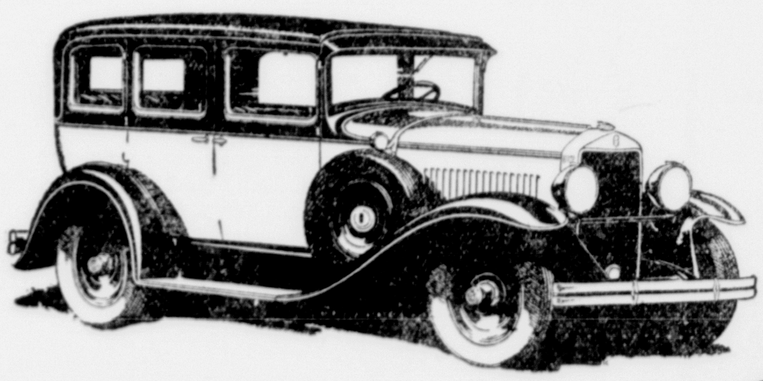

Visit our display rooms and see the new all-steel models.
